Foreign Agricultural Service

Title: Export Sales (Reporting Program) of U.S. Agricultural Commodities.

OMB Control Number: 0551–0007.

Summary of Collection: The export sales reporting system provides commodity market participants with information about commodity export commitments, and is one means by which USDA seeks to insure fairness and soundness in commodity marketing. U.S. exports are required to report to the Foreign Agricultural Service (FAS) information on: (1) The quantity of a reportable commodity to be sold to a foreign buyer; (2) the country of destination; and (3) the marketing year of shipment. The authority to collect this information is found at 7 CFR Part 20 and the Agricultural Trade Act of 1978 (7 U.S.C. 5712).

Need and Use of the Information: The collected information is needed because it provides up-to-date market data for making rational export policy decisions to prevent market disruptions. FAS reports the information to the public so that all market participants can be aware of such sales and can evaluate the effects of exports on supply and demand estimates of production, prices, and sales. If the information is not collected, the Department would not be in compliance with the statutes and not fulfilling the objectives of the export sales reporting program.

Description of Respondents: Business or other for-profit.

Number of Respondents: 380.

Frequency of Responses: Reporting: Quarterly; weekly.

Total Burden Hours: 47,907.

Ruth Brown,

Departmental Information Collection Clearance Officer.
