Certain Crystalline Silicon Photovoltaic Products From Taiwan: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 5, 2021, the Department of Commerce (Commerce) published the preliminary results of the administrative review of the antidumping duty order on certain crystalline silicon photovoltaic products (solar products) from Taiwan during the period of review (POR), February 1, 2020, to January 31, 2021. We received no comments or requests for a hearing. We continue to find that 16 of the companies under review made no shipments of solar products from Taiwan during the POR. Moreover, with respect to the companies that did not submit no-shipment certifications and were not selected as mandatory respondents, we have determined to apply a rate of 7.89 percent, *i.e.*, the non-selected rate from the prior (fifth) administrative review under this antidumping duty order.

DATES: Applicable March 10, 2022.

FOR FURTHER INFORMATION CONTACT: Thomas Martin or Zachary Shaykin, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3936 or (202) 482-2638, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 5, 2021, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ We received no comments on the *Preliminary Results* from any interested parties. Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by the *Order* is solar products from Taiwan.² Imports of subject merchandise are classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 8501.71.0000, 8501.72.1000, 8501.72.2000, 8501.72.3000, 8501.72.9000, 8501.80.1000, 8501.80.2000, 8501.80.3000, 8501.80.9000, 8507.20.8010, 8507.20.8031, 8507.20.8041, 8507.20.8061, 8507.20.8091, 8541.42.0010, 8541.43.0010. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of the *Order* is dispositive.³

Final Determination of No Shipments

As noted in the *Preliminary Results*, we received claims of no shipments from 16 producers and/or exporters under review, and we preliminarily determined that these 16 companies had no shipments of subject merchandise during the POR.⁴ We received no comments from interested parties with respect to these claims. Therefore, because we have not received any information to contradict our

preliminary no-shipment determination, nor any comment in opposition to our preliminary finding or to record evidence indicating that these 16 companies had no entries of subject merchandise to the United States during the POR, we continue to find that these 16 companies had no shipments during the POR.⁵ We will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on our final results.

Final Rate for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value (LTFV) investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted-average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}." However, in this administrative review, there are no individually investigated companies receiving calculated dumping margins. Accordingly, because we have no companies in the instant review for which we are calculating a rate that can be applied to the non-selected companies,⁶ for the final results of review, we have determined to apply a rate of 7.89 percent to the non-selected respondents, which is the weighted-average dumping margin determined and assigned to the non-selected respondents in the previous (fifth) administrative review of the *Order*.⁷

⁵ See *Preliminary Results*, 86 FR at 61131–32.

⁶ In the *Preliminary Results*, Commerce rescinded the review with respect to eleven companies that had reviewable entries of subject merchandise during the POR, including the mandatory respondents, in response to timely withdrawn review requests from all parties that requested a review of these eleven companies. See *Preliminary Results*, 86 FR at 61131.
