

line/phone line to learn about possible modifications before coming to the meeting.

Agenda: On December 8, 2009, the committee will discuss safety considerations related to FDA-approved gadolinium-based contrast agents used with magnetic resonance imaging (MRI) scans. An MRI is a medical imaging technique that does not require x-rays. These scans outline the internal body structures such as organs and other soft tissues. Contrast agents are substances injected into the body before MRI scans, helping doctors to better see and interpret MRI findings. FDA approved gadolinium-based contrast agents include: gadobenate dimeglumine (MULTIHANCE), gadodiamide (OMNISCAN), gadopentetate dimeglumine (MAGNEVIST), gadoteridol (PROHANCE), gadoversetamide (OPTIMARK), gadoxetate disodium (EOVIST), and gadofosveset (ABLAVAR, previously known as VASOVIST).

FDA intends to make background material available to the public no later than 2 business days before the meeting. If FDA is unable to post the background material on its Web site prior to the meeting, the background material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on FDA's Web site after the meeting. Background material is available at <http://www.fda.gov/AdvisoryCommittees/Calendar/default.htm>. Scroll down to the appropriate advisory committee link.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person on or before November 23, 2009. Oral presentations from the public will be scheduled between approximately 1 p.m. to 2 p.m. Those desiring to make formal oral presentations should notify the contact person and submit a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation on or before November 13, 2009. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons

regarding their request to speak by November 16, 2009.

Persons attending FDA's advisory committee meetings are advised that the agency is not responsible for providing access to electrical outlets.

FDA welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Elaine Ferguson at least 7 days in advance of the meeting.

FDA is committed to the orderly conduct of its advisory committee meetings. Please visit our Web site at <http://www.fda.gov/AdvisoryCommittees/AboutAdvisoryCommittees/ucm111462.htm> for procedures on public conduct during advisory committee meetings.

Notice of this meeting is given under the Federal Advisory Committee Act (5 U.S.C. app. 2).

Dated: October 1, 2009.

David Horowitz,

Assistant Commissioner for Policy.
