

longer is the average of the 20 year rates published in the Bond Buyer in the four weeks specified in § 1714.5(d). The rate for terms of less than 20 years is the average of the rates published in the Bond Buyer for the same four weeks in the table of "Municipal Market Data—General Obligation Yields" or the successor to this table. No interest rate may exceed the interest rate for Water and Waste Disposal loans.

The table of Municipal Market Data includes only rates for securities maturing in 2001 and at 5 year intervals thereafter. The rates published by RUS reflect the average rates for the years shown in the Municipal Market Data table. Rates for interest rate terms ending in intervening years are a linear interpolation based on the average of the rates published in the Bond Buyer. All rates are adjusted to the nearest one eighth of one percent (0.125 percent) as required under § 1714.5(a). The market interest rate on Water and Waste Disposal loans for this quarter is 5.000 percent.

In accordance with § 1714.5, the interest rates are established as shown in the following table for all interest rate terms that begin at any time during the fourth calendar quarter of 2001.

National Medal of Technology Nomination Evaluation Committee; Notice of Determination for Closure of Meeting

The National Medal of Technology Nomination Evaluation Committee has scheduled a meeting for November 7, 2001.

The Committee was established to assist the Department in executing its responsibilities under 15 U.S.C. 3711. Under this provision, the Secretary is responsible for recommending to the President prospective recipients of the National Medal of Technology. The committee's recommendations are made after reviewing all nominations received in response to a public solicitation. The Committee is chartered to have twelve members.

Time and Place: The meeting will begin at 10 a.m. and end at 4 p.m. on November 7, 2001. The meeting will be held in Room 4813 at the U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230. For further information contact: Mildred S. Porter, Director National Medal of Technology, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Herbert C. Hoover Building, Room 4226,

Washington, DC 20230, Phone: (202-482-1424).

If a member of the public would like to submit written comments concerning the committee's affairs at any time before and after the meeting, written comments should be addressed to the Director of the National Medal of Technology as indicated above.

SUPPLEMENTARY INFORMATION: The meeting will be closed to discuss the relative merits of persons and companies nominated for the Medal. Public disclosure of this information would be likely to significantly frustrate implementation of the National Medal of Technology program because premature publicity about candidates under consideration for the Medal, who may or may not ultimately receive the award, would be likely to discourage nominations for the Medal.

Accordingly, I find and determine, pursuant to Section 10(d) of the Federal Advisory Committee Act, 5 U.S.C. app. 2, as amended, that the November 7, 2001, meeting may be closed to the public in accordance with Section 552b (c)(9)(B) of Title 5, United States Code because revealing information about Medal candidates would be likely to significantly frustrate implementation of a proposed agency action.

Due to closure of the meeting, copies of the minutes of the meeting will not be available, however a copy of the Notice of determination will be available for public inspection and copying in the office of Mildred Porter, Director, National Medal of Technology, 1401 Constitution Avenue, NW., Herbert Hoover Building, Room 4226, Washington, DC 20230, (Phone: 202-482-1424).

Dated: August 10, 2001.
