

information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120-0725.

Title: Mitsubishi MU-2B Series Airplane Special Training Requirements.

Form Numbers: There are no FAA forms associated with this collection.

Type of Review: Renewal.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on November 21, 2022 (87 FR 70888). In response to the increasing number of accidents and incidents involving the Mitsubishi MU-2B series airplane, the Federal Aviation Administration (FAA) began a safety evaluation of the MU-2B in July of 2005. As a result of this safety evaluation, on February 6, 2008 the FAA issued Special Federal Aviation Regulation No. 108—Mitsubishi MU-2B Series Special Training, Experience, and Operating Requirements. This Special Federal Aviation Regulation (SFAR) established a standardized pilot training program. The collection of information is necessary to document participation in, completion of, and compliance with the pilot training program for the MU-2B under subpart N of part 91, issued on September 7, 2016, which superseded SFAR No. 108.

Respondents: Approximately 15 part 91 training providers, and approximately 250 active MU-2 pilots.

Frequency: Every year (pilots); every two years (training providers).

Estimated Average Burden per Response: Pilots: Logbook endorsement and training course final phase check = 10 minutes. Training providers: Submission of training program = 4 hours.

Estimated Total Annual Burden: Pilots: 42 hours. Training providers: 32 hours. Total: 74 hours.

Issued in Washington, DC, on March 6, 2023.

D.C. Morris,

Project Manager, Flight Standards Service, General Aviation and Commercial Division.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2023-0071]

Parts and Accessories Necessary for Safe Operation; Exemption Application From Waymo LLC, and Aurora Operations, Inc.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; clarification of scope, and extension of comment period.

SUMMARY: FMCSA clarifies its March 3, 2023, notice announcing an application from Waymo LLC (Waymo) and Aurora Operations, Inc. (Aurora) for a 5-year exemption from the required placement of warning devices around stopped commercial motor vehicles (CMVs); the requirement that lamps for warning devices be steady-burning; and to allow use of a warning device for stopped vehicles not currently allowed by Agency rules. FMCSA clarifies that the application was filed by Waymo and Aurora on behalf of a class of motor carriers operating autonomous driving systems (ADS) equipped CMVs and is not limited to Waymo or Aurora. The Agency also extends the public comment period on the request for an exemption.

DATES: Comments must be received on or before April 10, 2023.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Number FMCSA-2023-0071 by any of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. See the Public Participation and Request for Comments section below for further information.
- *Mail:* Dockets Operations, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001.
- *Hand Delivery or Courier:* West Building, Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, between 9 a.m. and 5 p.m. E.T., Monday through Friday, except Federal holidays.
- *Fax:* (202) 493-2251.

Each submission must include the Agency name and the docket number (FMCSA-2023-0071) for this notice. Note that DOT posts all comments received without change to www.regulations.gov, including any personal information included in a comment. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments, go to www.regulations.gov at any time or visit Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366-9317 or (202) 366-9826 before visiting Dockets Operations.

Privacy Act: In accordance with 49 U.S.C. 31315(b), DOT solicits comments from the public to better inform its exemption process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov. As described in the system of records notice DOT/ALL 14-FDMS, which can be reviewed at <https://www.transportation.gov/privacy>, the comments are searchable by the name of the submitter.

FOR FURTHER INFORMATION CONTACT: Mr. Luke Loy, Vehicle and Roadside Operations Division; Office of Carrier, Driver and Vehicle Safety Standards, FMCSA, at (202) 366-0676 or mcpvsv@dot.gov. If you have questions on viewing or submitting material to the docket, contact Dockets Operations at (202) 366-9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA-2023-0071), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to www.regulations.gov and put the docket number "FMCSA-2023-0071" in the keyword box, and click "Search." Next, sort the results by "Posted (Newer-Older)," choose the first notice listed, click the "Comment" button, and type your comment into the text box on the following screen. Choose whether you

are submitting your comment as an individual or on behalf of a third party and then submit. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption and the regulatory provision from which the exemption is granted. The notice must specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Applicant's Request

Waymo and Aurora seek an exemption from the regulations that require specific placement of warning devices around a stopped CMV. Waymo and Aurora believe it is possible to achieve the safety purpose of the warning device in an alternative way by using forward- and rearward-facing amber flashing lights mounted on the cab at a height above the upper edge of the sideview mirrors. Waymo and Aurora each separately tested variants of such devices and have concluded that the use of the cab-mounted warning devices was equally or more effective in enabling road users to recognize and react to the potential hazard presented by the stopped CMV.

Waymo and Aurora therefore request an exemption from the warning device

placement requirements of 49 CFR 392.22(b), the utilization of a warning device that does not meet the steady-burning lamp requirement of 49 CFR 393.25(e), and the utilization of a warning device for stopped vehicles that is not currently identified in 49 CFR 393.95(f).

The exemption sought would allow all motor carriers operating ADS-equipped CMVs without a human on board (or with a human on board), when stopped upon the traveled portion or the shoulder of a highway for any cause other than necessary traffic stops, to use a warning system consisting of forward- and rearward-facing cab mounted flashing amber lamps mounted at a height above the upper edge of the sideview mirrors instead of the currently required warning devices placed around the CMV, as described in 49 CFR 392.22(b).

A copy of Waymo/Aurora's application for exemption and supporting documentation is available for review in the docket for this notice.

IV. Request for Comments

In accordance with 49 U.S.C. 31315(b), FMCSA requests public comment from all interested persons on the application. All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the Addresses section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

Larry W. Minor,

Associate Administrator for Policy.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2022-0098]

Brightline Trains Florida, LLC's Positive Train Control Safety Plan and Request for Positive Train Control System Certification

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of availability and request for comments.

SUMMARY: This document provides the public with notice that, on February 28, 2023, Brightline Trains Florida, LLC (BLF) submitted its Positive Train Control Safety Plan (PTCSP), Version 1.0, dated January 30, 2023, to FRA's Secure Information Repository. BLF asks FRA to approve its PTCSP and certify BLF's Interoperable Electronic Train Management System (I-ETMS) as a mixed PTC system.

DATES: FRA will consider comments received by May 8, 2023 before taking final action on the PTCSP. FRA may consider comments received after that date to the extent practicable and without delaying implementation of a PTC system.

ADDRESSES:

Comments: Comments may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and the applicable docket number. The relevant PTC docket number for this railroad is Docket No. FRA-2022-0098. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information.

FOR FURTHER INFORMATION CONTACT:

Gabe Neal, Staff Director, Signal, Train Control, and Crossings Division, telephone: 816-516-7168, email: Gabe.Neal@dot.gov.

SUPPLEMENTARY INFORMATION: In its PTCSP, BLF asserts that the I-ETMS PTC system is a mixed PTC system as defined in title 49 Code of Federal Regulations (CFR) 236.1015(e)(4). The PTCSP describes BLF's I-ETMS and the associated I-ETMS safety processes, safety analyses, and test, validation, and verification processes used during the development of I-ETMS. The PTCSP also contains I-ETMS's operational and support requirements and procedures.

BLF's PTCSP is available for review online at <https://www.regulations.gov>
