

data on the full range of required activities to inform Congressionally mandated reports for the SOR program.

CSAT anticipates that the time required to collect and report the

program-level information is approximately 18 minutes per response. Since the submission of the original OMB package, there has been a reduction in the number of respondents.

The estimated burden associated with the program-level instrument includes an adjustment to reflect the current number of grantees.

TABLE 1—ESTIMATE OF ANNUALIZED HOUR BURDEN FOR SOR/TOR GRANTEES

SAMHSA data collection	Number of respondents	Responses per respondent	Total number of responses	Burden hours per response	Total burden hours	Hourly wage ¹	Total wage cost
Grantee-Level Instrument	159	4	636	.30	190.80	\$24.78	\$4,728.02
CSAT Total	159	4	636	.30	190.80	24.78	4,728.02

¹ The hourly wage estimate is \$24.78 based on the Occupational Employment and Wages, Mean Hourly Wage Rate for 21–1018 Substance Abuse, Behavioral Disorder, and Mental Health Counselors = \$24.78/hr. as of May 2020 (<https://www.bls.gov/oes/current/oes211018.htm> Accessed on May 4, 2021.).

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–0361.

Project: Opioid Drugs in Maintenance and Detoxification Treatment of Opioid Dependence—42 CFR Part 8 (OMB No. 0930–0206) and Opioid Treatment Programs (OTPs)—Extension

42 CFR part 8 establishes a certification program managed by SAMHSA’s Center for Substance Abuse Treatment (CSAT). The regulation requires that Opioid Treatment Programs (OTPs) be certified. “Certification” is the process by which SAMHSA determines that an OTP is qualified to provide opioid treatment under the Federal opioid treatment standards established by the Secretary of Health and Human Services. To become certified, an OTP must be accredited by a SAMHSA-approved accreditation body. The regulation also provides standards for such services as individualized treatment planning, increased medical supervision, and assessment of patient outcomes. This submission seeks continued approval of the information collection requirements in the regulation and of the forms used in implementing the regulation.

SAMHSA currently has approval for the Application for Certification to Use Opioid Drugs in a Treatment Program Under 42 CFR 8.11 (Form SMA–162); the Application for Approval as Accreditation Body Under 42 CFR 8.3(b) (Form SMA–163); and the Exception Request and Record of Justification Under 42 CFR 8.12 (Form SMA–168),

which may be used on a voluntary basis by physicians when there is a patient care situation in which the physician must make a treatment decision that differs from the treatment regimen required by the regulation. Form SMA–168 is a simplified, standardized form to facilitate the documentation, request, and approval process for exceptions.

SAMHSA believes that the recordkeeping requirements in the regulation are customary and usual practices within the medical and rehabilitative communities and has not calculated a response burden for them. The recordkeeping requirements set forth in 42 CFR 8.4, 8.11 and 8.12 include maintenance of the following: 5-year retention by accreditation bodies of certain records pertaining to accreditation; documentation by an OTP of the following: A patient’s medical examination when admitted to treatment, a patient’s history, a treatment plan, any prenatal support provided the patient, justification of unusually large initial doses, changes in a patient’s dosage schedule, justification of unusually large daily doses, the rationale for decreasing a patient’s clinic attendance, and documentation of physiologic dependence.

The table that follows summarizes the annual reporting burden associated with the regulation, including burden associated with the forms. There are no changes being made to the forms.

Form	Number of respondents	Responses/ respondent	Total responses	Hours/ response	Total hours
Estimated Annual Reporting Requirement Burden for Accreditation Bodies					
SMA–163	54	26.055	1,407	0.28	394

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Extension of Time and Required Disclosures for Notification of Nonpayment of Rent Information Collection Request

OMB Approval Numbers:
2577–0006 Public Housing Agency (PHA) Lease Requirements, Recordkeeping Requirements.

2502–0178 Management Reviews of Multifamily Housing Programs.

Type of Request: Revisions of existing collection 2577–0006, and 2502–0178.

Form Number(s): N/A

Description of the need for the information and proposed use: The change to the existing information collection requests (ICRs) will provide for the burden on public housing agencies and multifamily owners of properties that receive project-based rental assistance to provide information to their tenants about Federal funding available related to a national emergency. Elsewhere in this issue of the **Federal Register**, HUD is publishing an interim final rule entitled “Extension of Time and Required Disclosures for

Notification of Nonpayment of Rent” (FR–6286–F–01), which provides the Secretary, upon making the requisite findings and providing the requisite notice, may require housing providers participating in public housing and properties with project-based rental assistance (PBRA) to provide tenants facing eviction for non-payment of rent with notification of and information about the opportunity to secure emergency funding and additional time to secure such funding prior to eviction. This Paperwork Reduction Act (PRA) amends the existing collections covering notifications for tenants for failure to pay rent in both the public housing collection, OMB No. 2577–0006, and the PBRA collection, OMB No. 2502–0178, to account for the additional burden of providing the additional notice to tenants in advance of an eviction with information about the opportunity to secure emergency funding and additional time to secure such funding prior to eviction.

HUD estimates a total of 217,000 households will be helped from receiving this eviction notification. HUD distributes that number amongst the programs’ collections and number of PHAs and multifamily owners. HUD anticipates the burden on the PHA and owners to be updating their standard lease termination notice with the new information, either by incorporating it into the notice, where applicable, or by providing it as a separate addendum. Providing the notice would not create additional burdens, as PHA and owners are already required to provide a notification when a household fails to pay rent. Thus, HUD anticipates minimal additional costs for this notice requirement. Finally, for the public housing program only, the rule requires PHAs to inform all public housing tenants that the extended timeframe for notification of lease termination due to nonpayment of rent is in effect, and that families will be provided information on available funding in that 30-day notification.+
