

TABLE 2.—TECHNICAL PRODUCT SUBJECT TO CANCELLATION

Company Name	Product Name	Product Number
BASF Corporation	Perfekthion Manufacturers' Concentrate	7969–32

BASF is continuing to support their dimethoate end-use products.

B. Comments Received on Basis for this Action

In the notice of receipt of requests for voluntary cancellation (68 FR 53371, September 10, 2003) (FRL–7321–2), the Agency stated that the dimethoate uses subject to the requests for cancellation contributed significantly to dietary risk, and that cancellation was necessary in order to address dietary risk from dimethoate. The Agency would like to clarify that these statements are the Agency's, and that the registrants' state that their requests for voluntary cancellation were made as business decisions and did not acknowledge any dietary risks for dimethoate.

III. Cancellation Order

Pursuant to section 6(f) of FIFRA, EPA hereby approves the requested cancellations of the dimethoate uses on apples, grapes, spinach, head lettuce, chard, broccoli raab, fennel, tomatillo, lespedeza and trefoil for the product registrations identified in Table 1 of Unit II.A. In addition, also pursuant to section 6(f), EPA approves the requested cancellation of the dimethoate manufacturing-use product registration identified in Table 2 of Unit II.A. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 and 2 in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth below in Unit V. will be considered a violation of FIFRA.

EPA is not at this time proposing to revoke existing tolerances issued pursuant to the Federal Food, Drug, and Cosmetic Act for residues of dimethoate in or on apples, grapes, spinach, head lettuce, chard, broccoli raab, fennel, tomatillo, lespedeza, and trefoil. This is because registrations authorizing such uses are still in effect for certain end use products containing dimethoate.

IV. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. The

Administrator may approve such a request after a public comment period. Notice of receipt of the cancellation requests was published on September 10, 2003 (68 FR 53371). The registrants have waived the 180-day comment period, and the 30-day comment period provided in section 6(f)(1)(B) has ended.

V. Provisions for Disposition of Existing Stocks

For purposes of this cancellation order, the term "existing stocks" is defined, pursuant to EPA's existing stocks policy (56 FR 29362, June 26, 1991), as those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. See 56 FR 29362 (June 26, 1991). The existing stocks provisions of this cancellation order are as follows:

1. *Distribution or sale.* It is unlawful for any person to distribute or sell existing stocks of any product identified in Table 1 that is labeled for use on apples, grapes, spinach, head lettuce, chard, broccoli raab, fennel, tomatillo, lespedeza and trefoil, or any product identified in Table 2, except:

i. Registrants identified in Tables 1 and 2 may sell and distribute existing stocks of their own products until January 28, 2005.

ii. Any person may ship such existing stocks for the purpose of export consistent with FIFRA section 17 or for proper disposal in accordance with applicable law.

2. *Use for producing other products.* It is unlawful for any person to use existing stocks of any product identified in Table 1 or 2 to produce any product labeled for use on apples, grapes, spinach, head lettuce, chard, broccoli raab, fennel, tomatillo, lespedeza or trefoil. Existing stocks of products identified in Tables 1 and 2 may be used to produce products that are not labeled for use on apples, grapes, spinach, head lettuce, chard, broccoli raab, fennel, tomatillo, lespedeza or trefoil.

Sodium Acifluorfen RED; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This document announces availability of and starts a 30-day public comment period for the Reregistration Eligibility Decision (RED) for the pesticide active ingredient sodium acifluorfen.

DATES: Comments, identified by docket ID number OPP–2003–293, must be received on or before February 27, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Christina Scheltema, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (703) 308–2201; fax number: (703) 308–8005 e-mail address: scheltema.christina@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general but may be of interest to a wide range of stakeholders, including environmental, human health, and agricultural advocates; the agrochemical industry; pesticide users; and members of the public interested in pesticide use on food. This list is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also

be affected. If you have any questions regarding the applicability of this action to you or a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2003-293. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in

EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact

information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPP-2003-293. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID Number OPP-2003-293. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID Number OPP-2003-293.

3. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1921 Jefferson Davis Hwy., Arlington, VA, Attention: Docket ID Number OPP-2003-293. Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit I.B.1.

D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at your estimate.
5. Provide specific examples to illustrate your concerns.
6. Offer alternatives.
7. Make sure to submit your comments by the comment period deadline identified.

8. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your response. It would also be helpful if you provided the name, date, and **Federal Register** citation related to your comments.

II. What Action is the Agency Taking?

For the herbicide sodium acifluorfen, the Agency is announcing the availability of the reregistration eligibility decision (RED) document and supporting technical documents. EPA has assessed the risks associated with the use of sodium acifluorfen, reassessed the tolerances for sodium acifluorfen, and reached a reregistration eligibility decision. The Agency has determined that all currently registered uses of sodium acifluorfen are eligible for reregistration, provided that all the conditions identified in the RED document are satisfied, including the implementation of risk mitigation measures through label amendments. The RED document also describes the tolerance reassessment decision for sodium acifluorfen.

The sodium acifluorfen RED and supporting technical documents were developed using a public participation process designed to increase transparency and maximize stakeholder involvement and to provide numerous opportunities for public comment. The Agency is therefore issuing this RED for sodium acifluorfen as a final document with a 30-day public comment period, which is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to the RED. Unless substantive information is received during the comment period, which indicates that the Agency's assessments must be refined and that additional risk mitigation is warranted, this RED will be considered to be a final decision.

List of Subjects

Environmental protection, Pesticides, Sodium acifluorfen.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS 111)
- Animal production (NAICS 112)
- Food manufacturing (NAICS 311)
- Pesticide manufacturing (NAICS 32532)

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.
