Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From the Republic of Turkey: Final Results of Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On December 10, 2021, the Department of Commerce (Commerce) published its notice of initiation and preliminary results of changed circumstances review (CCR) of the antidumping duty (AD) order on heavy walled rectangular welded carbon steel pipes and tubes (HWR pipes and tubes) from the Republic of Turkey (Turkey). Commerce preliminarily determined that Ozdemir Boru Profil Sanayi ve Ticaret Sirketi (A.S.) (Ozdemir AS) is the successor-in-interest to Ozdemir Boru Profil Sanayi ve Ticaret Limited Sirketi (Ozdemir Ltd. Sti.), and, as a result, should be accorded the same treatment previously accorded to that company. We invited interested parties to comment on the preliminary results. As no parties submitted comments, and there is no other information or evidence on the record calling into question our preliminary results, Commerce is making no changes to the preliminary results. For these final results, Commerce continues to find that

Ozdemir AS is the successor-in-interest to Ozdemir Ltd. Sti.

DATES: Applicable January 25, 2022.

FOR FURTHER INFORMATION CONTACT: Samantha Kinney at (202) 482–2285, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On September 13, 2016, Commerce published the AD order on imports of HWR pipes and tubes from Turkey.¹ On November 2, 2021, Ozdemir AS requested that Commerce conduct an expedited CCR of the *Order* to determine that Ozdemir AS is the successor-in-interest to Ozdemir Ltd. Sti.² In its request, Ozdemir AS addressed the factors Commerce analyzes with respect to successor-in-interest determinations, and provided documentation in support.³ Commerce received no comments from interested parties on Ozdemir AS's CCR request. On December 10, 2021, Commerce initiated a CCR and made preliminary findings that Ozdemir AS is the successor-in-interest to Ozdemir Ltd. Sti., and is entitled to Ozdemir Ltd. Sti.'s AD cash deposit rate with respect to entries of subject merchandise.⁴ We provided interested parties 14 days from the date of publication of the *Preliminary Results* to submit case briefs and to request a public hearing. No interested parties submitted case briefs or requested a hearing.

Scope of the Order

The merchandise covered by the *Order* is certain heavy walled rectangular welded steel pipes and tubes of rectangular (including square) cross section, having a nominal wall thickness of not less than 4 mm. The

⁴ See *Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes from Turkey: Notice of Initiation and Preliminary Results of Changed Circumstances Review*, 86 FR 70443 (December 10, 2021) (*Preliminary Results*). As stated in the *Preliminary Results*, entries of subject merchandise that are not both produced and exported by Ozdemir Ltd. Sti. have an applicable AD cash deposit rate. Entries that are both produced and exported by Ozdemir Ltd. Sti. are excluded from the *Order*. In the *Preliminary Results*, we determined that Ozdemir AS is the successor-in-interest to Ozdemir Ltd. Sti.

merchandise includes, but is not limited to, the American Society for Testing and Materials (ASTM) A–500, grade B specifications, or comparable domestic or foreign specifications.

Included products are those in which: (1) Iron predominates, by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) none of the elements below exceeds the quantity, by weight, respectively indicated:

- 2.50 percent of manganese, or
- 3.30 percent of silicon, or
- 1.50 percent of copper, or
- 1.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 2.0 percent of nickel, or
- 0.30 percent of tungsten, or
- 0.80 percent of molybdenum, or
- 0.10 percent of niobium (also called columbium), or
- 0.30 percent of vanadium, or
- 0.30 percent of zirconium.

The subject merchandise is currently provided for in item 7306.61.1000 of the Harmonized Tariff Schedule of the United States (HTSUS). Subject merchandise may also enter under HTSUS 7306.61.3000. While the HTSUS subheadings and ASTM specification are provided for convenience and customs purposes, the written description of the scope of this *Order* is dispositive.

Final Results of Changed Circumstances Review

Because the record contains no information or evidence that calls into question the *Preliminary Results*, and because we received no comments from interested parties to the contrary, for the reasons stated in the *Preliminary Results*, Commerce continues to find that Ozdemir AS is the successor-in-interest to Ozdemir Ltd. Sti.

Instructions to U.S. Customs and Border Protection

Based on these final results, we will instruct U.S. Customs and Border Protection (CBP) not to collect estimated AD duties for shipments of subject merchandise that is both produced and exported by Ozdemir AS because this merchandise is excluded from the *Order*. For shipments of subject merchandise that is not both produced and exported by Ozdemir AS and is entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register**, we will instruct CBP to collect estimated AD duties at the current AD cash deposit rate for merchandise not both produced and

exported by Ozdemir Ltd. Sti. (*i.e.*, 35.66 percent). These cash deposit requirements shall remain in effect until further notice.

Notification to Interested Parties

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results in accordance with sections 751(b) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.216 and 351.221(c)(3).

Dated: January 19, 2022.

Granular Polytetrafluoroethylene Resin From the Russian Federation: Final Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of granular polytetrafluoroethylene (PTFE) resin from the Russian Federation (Russia).

DATES: Applicable January 25, 2022.

FOR FURTHER INFORMATION CONTACT: George Ayache or William Horn, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2623 or (202) 482–4868, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 6, 2021, Commerce published its *Preliminary Determination*.¹ On October 14, 2021, Commerce released its Post-Preliminary Analysis.² For a complete description of the events that followed the *Preliminary Determination* and Post-Preliminary Analysis, see the Issues and Decision Memorandum.³ The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Period of Investigation

The period of investigation is January 1, 2020, through December 31, 2020.

Scope of the Investigation

The product covered by this investigation is granular PTFE resin from Russia. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

No interested party commented on the scope of the investigation as it appeared in the *Preliminary Determination*. Therefore, no changes were made to the scope of the investigation.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation and the issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties and addressed in the Issues and Decision Memorandum, see Appendix II to this notice.

¹ See *Granular Polytetrafluoroethylene Resin from the Russian Federation: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination with Final Antidumping Duty Determination*, 86 FR 35476 (July 6, 2021) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Post-Preliminary Analysis of Countervailing Duty Investigation,” dated October 14, 2021 (Post-Preliminary Analysis).

³ See Memorandum, “Issues and Decision Memorandum for the Final Affirmative Determination of the Countervailing Duty Investigation of Granular Polytetrafluoroethylene Resin from the Russian Federation,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, Commerce determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

In making this final determination, Commerce relied, in part, on the facts otherwise available on the record pursuant to section 776(a) of the Act. Additionally, as discussed in the Issues and Decision Memorandum, because a respondent did not act to the best of its ability in responding to our requests for information, we drew adverse inferences, where appropriate, in selecting from among the facts otherwise available, pursuant to section 776(b) of the Act. For further information, see the section “Use of Facts Otherwise Available and Adverse Inferences” in the accompanying Issues and Decision Memorandum.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Act.⁵

Changes Since the Preliminary Determination and Post-Preliminary Analysis

Based on our review and analysis of the comments received from parties, we made certain changes to Joint Stock Company “HaloPolymer” (HaloPolymer)’s preliminary subsidy rate calculations. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

We continue to determine the all-others rate using the individual estimated subsidy rate determined for HaloPolymer, the only individually
