

COMMUNITY LEVEL BURDEN ESTIMATE—Continued

Community-level instrument section/domain	Number of respondents	Responses per respondent	Burden per response	Total burden
Total Year 2 Burden—Community-level	390			7,683
Year 3				
Part I, 27–33 Cultural Competence, Sustainability, and Framework Progress	390	2	0.17	132.60
Part I, 67–159 Capacity Building Activities	390	2	0.50	390.00
Part I, 179–184 Intervention Implementation	390	2	0.17	132.60
Part I, 185–197 Monitoring and Evaluation	390	2	0.33	257.40
Part I, 198–216 Systems and Contextual Factors and Closing Questions ..	390	2	1.00	780.00
Part II 1–40; 45 Intervention Specific Information and Adaptations	390	3	1.00	1,170.00
Part II 41–44 Intervention Outcomes	390	6	0.17	397.80
Part II subforms Intervention Component Information	390	6	1.00	2,340.00
Review of past responses	390	2	0.50	390.00
Preparation and gathering of supporting materials	390	2	2.00	1,560.00
State Review of Community Responses	26	2	1.00	52.00
Total Year 3 Burden—State-level	26			52.00
Total Year 3 Burden—Community-level	390			7,550.00
Total Average Annual Burden—State-level	26			53.00
Total Average Annual Burden—Community-level	390			6,855.00

Written comments and recommendations concerning the proposed information collection should be sent by May 31, 2006 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Dated: April 24, 2006.

Anna Marsh,

Director, Office of Program Services.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more

information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Opioid Treatment Data Systems for Disaster Planning Project (Pilot)—New

The Substance Abuse and Mental Health Services Administration's (SAMHSA), Center for Substance Abuse Treatment (CSAT), has identified a critical need for Opioid Treatment Programs (OTPs, also commonly known as Methadone Clinics) to be able to access limited but specific patient dosage data for patients displaced due to service disruptions affecting the OTP from which they regularly receive treatment (the patient's 'Home OTP'). Service disruptions in home OTPs have ranged in cause from events such as the

September 11th terrorist attacks or more recently, Hurricanes Katrina and Rita, to more common events such as snow storms or electrical black-outs.

The proposed system will ensure that, in such circumstances, patients displaced from their home OTPs will still be able to obtain safe and effective treatment at an alternative OTP (referred to in this project as a 'Guest OTP'). In reviewing past events involving OTP service disruptions and their impact on patients, SAMHSA, in tandem with numerous stakeholders, established four basic principles that would guide creation of a deliberately simple, centralized Web-based system to house patient data. Such a system would facilitate guest OTPs in providing safe and effective continuity of treatment for patients temporarily unable to obtain treatment from their Home OTPs due to any form of service disruption. The proposed centralized data system is known as the Opioid Treatment Data Systems for Disaster. Subsequently, in a small sample study of five (5) OTPs, SAMHSA tested a protocol and data collection instrument for use in determining functional requirements for the proposed system. In Fall 2005, SAMHSA provided funding for the current project, to support creation of the necessary infrastructure for a pilot system, to be followed by testing on a regional basis. This pilot project will focus on creating the means by which vital dosage data for OTP patients can be made accessible to guest OTPs called

upon to treat patients of other programs in the event of service disruptions, most specifically, in disaster scenarios, so that patients are not forced during such circumstances to forgo or discontinue treatment. Ultimately, the pilot system will be reviewed to determine its effectiveness and ability to support a national implementation, should funding for such a system become available.

This notice is being provided for a survey to be distributed to OTPs in the region(s) selected by SAMHSA to gather information regarding their present data collection and reporting capabilities and practices. Technical information from the surveys will be used exclusively for development of the overall system and to help inform selection of sites best suited for participation as pilot sites for testing of the Opioid Treatment Data

Systems for Disaster Planning. OTP respondents will have the option of completing an on-line or paper version of the survey. The survey consists of approximately 25 questions predominantly formatted as yes/no responses with one to two words fill in the blank responses. The estimated maximum annual response burden to collect this information is as follows:

Number of facilities (OTPs)	Responses per facility	Burden/response (hours)	Annual burden (hours)
200	1	1.0	200

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 7-1044, One Choke Cherry Road, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: April 25, 2006.

Anna Marsh,

Director, Office of Program Services.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[CGD08-06-012]

Implementation of Sector Upper Mississippi River

AGENCY: Coast Guard, DHS.

ACTION: Notice of organizational change.

SUMMARY: The Coast Guard announces the stand-up of Sector Upper Mississippi River. Sector Upper Mississippi River is an internal reorganization that combines Group Upper Mississippi River and Marine Safety Office St. Louis into a single command. The Coast Guard has established a continuity of operations order whereby all previous practices and procedures will remain in effect until superseded by an authorized Coast Guard official or document.

DATES: This notice is effective April 27, 2006.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD08-06-012 and are available for inspection or copying at Commander (dmpl), Eighth Coast Guard District, 500 Poydras Street, New Orleans, Louisiana 70130-3310 between 7:30 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Michael Roschel, Eighth District Planning Office at 504-589-6293.

SUPPLEMENTARY INFORMATION:

Discussion of Notice

The single command center for Sector Upper Mississippi River is located at 1222 Spruce Street, Ste. 8.104E, St. Louis, MO 63103-2825. Sector Upper Mississippi River is composed of a Response Department, Prevention Department, and Logistics Department. Effective April 27, 2006, all existing missions and functions performed by Group Upper Mississippi River and Marine Safety Office St. Louis will be performed by Sector Upper Mississippi River. Group Upper Mississippi River and Marine Safety Office St. Louis will no longer exist as organizational entities.

Sector Upper Mississippi River will be responsible for all Coast Guard Missions in the Sector Upper Mississippi River Marine Inspection zone and Captain of the Port zone. This area of responsibility includes all of Wyoming except for Sweetwater County; Colorado; North Dakota; South Dakota; Kansas; Nebraska; Iowa; all of Missouri with the exception of Perry, Cape Girardeau, Scott, Mississippi, New Madrid, Dunklin, and Pemiscot Counties; that part of Minnesota south of latitude 46°20' N; that part of Wisconsin south of latitude 46°20' N, and west of longitude 90°00' W; that part of Illinois west of longitude 90°00' W and north of latitude 41°00' N; and that part of Illinois south of latitude 41°00' N, except for Jackson, Williamson, Saline, Gellatin, Union, Johnson, Pope, Hardin, Alexander, Pulaski, and Massac Counties; that part of the Upper Mississippi River above mile 109.9, including both banks, and that part of the Illinois River below latitude 41°00' N.

The boundary changes associated with the implementation of Sector Upper Mississippi River will not affect any of the rights, responsibilities, duties, and authorities of the commanders over the units described in this notice and all previous practices and procedures will remain in effect.

The Sector Upper Mississippi River Commander is vested with all the rights, responsibilities, duties, and authority of a Group Commander and Commanding Officer Marine Safety Office, as provided for in Coast Guard regulations, and is the successor in command to the Commanding Officers of Group Upper Mississippi River and Marine Safety Office St. Louis. The Sector Upper Mississippi River Commander is designated: (a) Captain of the Port (COTP) for the Upper Mississippi River COTP zone; (b) Federal Maritime Security Coordinator (FMSC); (c) Federal On Scene Coordinator (FOSC) for the Upper Mississippi River COTP zone, consistent with the National Contingency Plan; (d) Officer in Charge of Marine Inspection (OCMI) for the Upper Mississippi River Marine Inspection Zone; and (e) Search and Rescue Mission Coordinator (SMC). The Deputy Sector Commander is designated alternate COTP, FMSC, FOSC, SMC, and Acting OCMI.

A continuity of operations order has been issued ensuring that all previous Group Upper Mississippi River and Marine Safety Office St. Louis practices and procedures remain in effect until superseded by Commander, Sector Upper Mississippi River. This continuity of operations order addresses existing COTP regulations, orders, directives, and policies.

Following is a list of updated command titles, addresses and points of contact to facilitate requests from the public and assist with entry into security or safety zones:

Name: Sector Upper Mississippi River.
