Special Local Regulations for Marine Events; Severn River, College Creek, and Weems Creek, Annapolis, MD

AGENCY: Coast Guard, DHS.

ACTION: Notice of implementation of regulation.

SUMMARY: The Coast Guard is implementing the special local regulations for the 25th Annual Safety at Sea Seminar, a marine event to be held March 27, 2004, on the waters of the Severn River at Annapolis, Maryland. These special local regulations are necessary to control vessel traffic due to the confined nature of the waterway and expected vessel congestion during the event. The effect will be to restrict general navigation in the regulated area for the safety of spectators and vessels transiting the event area.

DATES: 33 CFR 100.518 will be enforced from 11:30 a.m. to 2 p.m. on March 27, 2004.

FOR FURTHER INFORMATION CONTACT: R.L. Houck, Marine Information Specialist, Commander, Coast Guard Activities Baltimore, 2401 Hawkins Point Road,

Baltimore, MD 21226–1971, (410) 576–2674.

SUPPLEMENTARY INFORMATION: The U.S. Naval Academy Sailing Squadron will sponsor the 25th Annual Safety at Sea Seminar on the waters of the Severn River, near the entrance to College Creek at Annapolis, Maryland. Waterborne activities will include exposure suit and life raft demonstrations, a pyrotechnics live-fire exercise, and a helicopter rescue. In order to ensure the safety of participants, spectators and transiting vessels, 33 CFR 100.518 will be in enforced for the duration of the event. Under provisions of 33 CFR 100.518, vessels may not enter the regulated area without permission from the Coast Guard Patrol Commander. Spectator vessels may anchor outside the regulated area but may not block a navigable channel. Because these restrictions will only be enforced for a limited period, they should not result in

a significant disruption of maritime traffic.

Dated: March 4, 2004.

Drawbridge Operation Regulations; Delaware River, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation

from regulations.

SUMMARY: The Commander, Fifth Coast Guard District, has approved a temporary deviation from the regulations governing the operation of the Tacony-Palmyra Bridge across the Delaware River mile 107.2, in Burlington County, New Jersey. This deviation allows the drawbridge to remain in the closed-to-navigation position from 9 p.m. on March 29, 2004, to 9 p.m. on April 5, 2004. This closure is necessary to facilitate structural repairs.

DATES: This deviation is effective from 9 p.m. on March 29, 2004, through 9 p.m. on April 5, 2004.

FOR FURTHER INFORMATION CONTACT: Bill Brazier, Bridge Management Specialist, Fifth Coast Guard District, at (757) 398–6422.

SUPPLEMENTARY INFORMATION: The Tacony-Palmyra Bridge, a double-leaf drawbridge, is owned and operated by the Burlington County Bridge Commission (Burlington County). Cornell & Company, Inc., on behalf of Burlington County, has requested a temporary deviation from the operating regulation to facilitate needed structural repairs to the bridge.

The work involves the machining and repairing of the track girders that support the drawbridge. There are four girders to be repaired and all four will be worked on simultaneously. To facilitate the repairs, the work requires completely immobilizing the draw spans in the closed-to-navigation position from 9 p.m. on March 29, 2004, through 9 p.m. on April 5, 2004. The Coast Guard has informed the known

users of the waterway of the closure periods for the bridge caused by the temporary deviation.

The District Commander has granted temporary deviation from the operating requirements listed in 33 CFR 117.5 for the purpose of repair completion of the drawbridge. This deviation allows the Tacony-Palmyra Bridge, across the Delaware River mile 107.2, in Burlington County, NJ, to remain closed to navigation from 9 p.m. March 29, 2004, to 9 p.m. on April 5, 2004.

Dated: March 5, 2004.

Chief, Bridge Branch, Fifth Coast Guard District.

SUPPLEMENTARY INFORMATION:

I. Background

On July 1, 2003, the Virginia Department of Environmental Quality (DEO) submitted formal revisions to the Commonwealth's State Implementation Plan (SIP). On December 16, 2003, the DEQ submitted a minor technical correction to the July 1, 2003 submittal. The SIP revisions consist of amendments to existing regulations that implement general compliance and source surveillance activities such as emission testing, emission monitoring, recordkeeping, reporting activities. In general, these revisions update requirements to be consistent with Federal requirements and allow for electronic submittal of information where appropriate.

II. Summary of the SIP Revisions

These SIP revisions amend definitions and regulations covering special provisions for existing and new and modified air pollutant sources. With the exception of the definition of the term "Initial performance test" these amendments to Virginia's regulations were effective in the Commonwealth on August 1, 2002. The definition of "Initial performance test" as adopted on August 1, 2002 had a minor technical error. The correction to the definition was adopted on November 5, 2003 and became effective January 1, 2004 in the Commonwealth.
