The FAA published this direct final rule with a request for comments in the **Federal Register** on February 21, 2008 (73 FR 9447), Docket No. FAA-2008-0065; Airspace Docket No. 08-ANE-96. The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on June 5, 2008. **Standard Instrument Approach
Procedures, and Takeoff Minimums
and Obstacle Departure Procedures;
Miscellaneous Amendments**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule establishes, amends,
suspends, or revokes Standard
Instrument Approach Procedures
(SIAPs) and associated Takeoff
Minimums and Obstacle Departure
Procedures for operations at certain
airports. These regulatory actions are
needed because of the adoption of new
or revised criteria, or because of changes
occurring in the National Airspace
System, such as the commissioning of
new navigational facilities, adding new
obstacles, or changing air traffic
requirements. These changes are
designed to provide safe and efficient
use of the navigable airspace and to
promote safe flight operations under
instrument flight rules at the affected
airports.

DATES: This rule is effective April 30,
2008. The compliance date for each
SIAP, associated Takeoff Minimums,
and ODP is specified in the amendatory
provisions.

The incorporation by reference of
certain publications listed in the
regulations is approved by the Director
of the Federal Register as of April 30,
2008.

SUPPLEMENTARY INFORMATION: This rule amends Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), and is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of Title 14 of the Code of Federal Regulations.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAP and the corresponding effective dates. This amendment also identifies the airport and its location, the procedure and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment

incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these changes to SIAPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under DOT Regulatory Order 12866; (2) is not a “significant rule” under DOT regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this

amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Disclosure of Divestment by Registered Investment Companies in Accordance With Sudan Accountability and Divestment Act of 2007

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Securities and Exchange Commission is adopting amendments to its forms under the Securities Exchange Act of 1934 and the Investment Company Act of 1940 that will require disclosure by a registered investment company that divests, in accordance with the Sudan Accountability and Divestment Act of 2007, from securities of issuers that the investment company determines, using credible information that is available to the public, conduct or have direct investments in certain business operations in Sudan. The Sudan Accountability and Divestment Act limits civil, criminal, and administrative actions that may be brought against a registered investment company that divests itself from such securities, provided that the investment company makes disclosures in accordance with regulations prescribed by the Commission.

DATES: April 30, 2008.

FOR FURTHER INFORMATION CONTACT: Devin F. Sullivan, Attorney, Office of Disclosure Regulation, Division of Investment Management, at (202) 551-6784, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-5720.

SUPPLEMENTARY INFORMATION: The Securities and Exchange Commission ("Commission") is adopting amendments to Form N-CSR¹ and Form N-SAR² under the Securities Exchange Act of 1934 ("Exchange Act")³ and the Investment Company Act of 1940 ("Investment Company Act").⁴

I. Discussion

On December 31, 2007, the President signed the Sudan Accountability and

Divestment Act of 2007 ("Sudan Divestment Act") into law.⁵ Among other things, the Sudan Divestment Act provides that no person may bring any civil, criminal, or administrative action against any registered investment company, or any employee, officer, director, or investment adviser of the investment company, based solely upon the investment company divesting from, or avoiding investing in, securities issued by persons that the investment company determines, using credible information that is available to the public, conduct or have direct investments in certain business operations in Sudan.⁶ This limitation on actions does not apply to a registered investment company, or any of its employees, officers, directors, or investment advisers, unless the investment company makes disclosures about the divestments in accordance with regulations prescribed by the Commission.⁷ To that end, the Sudan Divestment Act requires us to prescribe regulations not later than 120 days after enactment that require disclosure by each registered investment company that divests itself of securities in accordance with the Act. The Sudan Divestment Act states that these rules shall require this disclosure to be included in the next periodic report filed under Section 30 of the Investment Company Act following the divestment.⁸

To implement the Sudan Divestment Act, we proposed amendments to Form N-CSR and Form N-SAR that would require disclosure by a registered investment company that divests, in accordance with the Sudan Divestment Act, from securities of issuers that the investment company determines conduct or directly invest in certain business operations in Sudan.⁹ We received two comment letters in response to our proposals.¹⁰ The commenters generally supported the proposals, while recommending several changes. We are adopting the proposed amendments with certain modifications suggested by the commenters.

A. Amendments

To implement the Sudan Divestment Act, we are requiring each registered

investment company that divests securities in accordance with the Sudan Divestment Act to disclose the divestment on the next Form N-CSR or Form N-SAR that it files following the divestment. Management investment companies will provide the disclosure on Form N-CSR, and unit investment trusts will provide the disclosure on Form N-SAR.¹¹ We are requiring disclosure of information that will identify the securities divested and the magnitude of the divestment. This includes the issuer's name; exchange ticker symbol; Committee on Uniform Securities Identification Procedures ("CUSIP") number; total number of shares or, for debt securities, principal amount divested; and dates that the securities were divested.¹² In addition, if the registered investment company continues to hold any securities of the divested issuer, it will be required to disclose the exchange ticker symbol; CUSIP number; and total number of shares or, for debt securities, principal amount of such securities, held on the date of filing.¹³ We believe that this disclosure is in the public interest and protects investors.

One commenter suggested that the Commission require disclosure of divestments in accordance with the Sudan Divestment Act in shareholder reports, as well as in Form N-CSR and Form N-SAR, in order to bring more prominence to the issue and make the information more easily accessible by shareholders.¹⁴ Consistent with the Sudan Divestment Act, which directs the Commission to prescribe regulations that "require the disclosure to be included in the next periodic report filed with the Commission," (emphasis added)¹⁵ we are not making the requested change. We have concluded that disclosure of divestments under the Sudan Divestment Act in Form N-CSR and Form N-SAR, coupled with existing requirements for complete quarterly portfolio holdings disclosure in semi-annual shareholder reports and on Form N-Q filed with the Commission, will provide shareholders with ready access to information about such divestments.

We also received comment recommending that, rather than requiring disclosure of divestment of
