

Act of 1969, the National Park Service announces their intent to prepare a General Management Plan and Environmental Impact Statement (GMP/EIS) for Governors Island National Monument, New York. The 21.69-acre Monument contains historic Fort Jay and Castle Williams and other properties located on 172-acre Governors Island, which lies about ½ mile south of Manhattan. The Monument's GMP/EIS will propose a long-term approach to managing the Governors Island National Monument, and will be prepared in cooperation with redevelopment plans being prepared by the Governors Island Preservation and Education Corporation. Consistent with the monument's mission, NPS policy, and other laws and regulations, alternatives will be developed to guide the management of the Monument over the next 15 to 20 years. The alternatives will incorporate various zoning and management prescriptions to ensure resource preservation and public enjoyment of the Monument. The environmental consequences that could result from implementing the various alternatives will be evaluated in the plan. Impact topics will include cultural and natural resources, visitor experience, park operations, the socioeconomic environment, impairment, and sustainability. The public will be invited to express concerns about the management of the Monument early in the process through public meetings and other media; and will have an opportunity to review and comment on a draft GMP/EIS. Following public review processes outlined under NEPA, the final plan will become official, authorizing implementation of a preferred alternative. The target date for the Record of Decision is February 7, 2006, 3 years from the date the Monument was established.

FOR FURTHER INFORMATION CONTACT: Superintendent, Governors Island National Monument, c/o 200 Chestnut Street, Philadelphia, PA 19106, (215) 597-1587.

Dated: April 1, 2003.

Linda Neal,
Superintendent, Governors Island National Monument.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR**National Park Service**

Notice of Intent to Repatriate Cultural Items: Peabody Essex Museum, Salem, MA

AGENCY: National Park Service, Interior.
ACTION: Notice.

Notice is hereby given under the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C.

3005, of the intent to repatriate cultural items in the possession of the Peabody Essex Museum, Salem, MA, that meet the definition of “unassociated funerary objects” under 25 U.S.C. 3001.

This notice is published as part of the National Park Service’s administrative responsibilities under NAGPRA, 25 U.S.C. 3003 (d)(3). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the cultural items. The National Park Service is not responsible for the determinations within this notice.

The cultural items were collected by J.S. Emerson sometime between the 1880s and the early 1900s and purchased for the Peabody Essex Museum by Dr. C.G. Weld on June 12, 1907. In documentation accompanying the collection, Mr. Emerson indicated that he had found the items in ancient burial caves in Kohala and Kau, HI. He referred to the eight unassociated funerary objects as “a runner of a holua sled,” “a small hue,” an “ipu le’i, a very deep bowl with a calabash cover,” an “ipukai waiho i’a, a very old wooden fish bowl,” a “pa inamona, wooden bowl,” “two pieces of an old umeke (wooden poi bowl),” all from Kanupa Cave in Kohala, and a “kioe i’a, a cocoanut shell spoon or ladle” from a burial cave in Kau. Kohala and Kau are both on the Island of Hawaii.

During consultation, representatives of Hui Malama I Na Kupuna O Hawai’i Nei, Ka Lahui Hawai’i, and the Office of Hawaiian Affairs indicated their desire to repatriate the cultural items. Officials of the Peabody Essex Museum have determined that, pursuant to 25 U.S.C. 3001 (3)(B), the cultural items are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual. Officials of the Peabody Essex Museum also have determined following consultation with Bernice P. Bishop Museum professional staff that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity that can be reasonably traced between the cultural items and Hui Malama I Na Kupuna O Hawai’i Nei, Ka Lahui Hawai’i, and the Office of Hawaiian Affairs.

Representatives of any other Native Hawaiian organization that believes itself to be culturally affiliated with the cultural items should contact Christina Hellmich, Director of Collections Management, Peabody Essex Museum,
