

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern Time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Magalie R. Salas,
Secretary.

[Project No. 11588-011, Alaska]

Alaska Power and Telephone Company; Notice of Availability of Environment Assessment

January 17, 2006.

An environmental assessment (EA) is available for public review. The EA was prepared for an application filed by the Alaska Power and Telephone Company (licensee) on October 17, 2005, requesting Commission approval to make certain design and site location changes to project facilities as licensed. The changes include: (1) Constructing a 675-foot-long, 9 foot horseshoe tunnel to provide a route for the upper section of the penstock and access to the diversion structure, (2) altering the penstock composition and alignment and the alignment and width of the access road for a length of 2,860 feet, (3) moving the powerhouse 80 feet south of the original location and increase the tailrace length from 75 feet to 163 feet, (4) moving the marine access about 600 feet north of the original location and construct a 250-foot-long jetty with a quay and boat ramp; and (5) constructing a 33,000 square-foot rockfill staging area onshore.

The EA evaluates the environmental impacts that would result from approving the licensee's proposed changes to certain project facilities and locations. Some additional ground disturbance would occur but impacts to the terrestrial and marine environments are expected to be minor and short term. The EA finds that approval of the amendment application would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is attached to a Commission order titled "Order Amending License", issued January 12, 2006, and is available in the Commission's Public Reference Room. A copy of the EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-11588) in the docket field to access the document. For assistance, call (202) 502-8222 or (202) 502-8659 (for TTY).

Magalie R. Salas,
Secretary.

Notice of Application for Non-Project Use of Project Lands and Waters and Soliciting Comments, Motions To Intervene, and Protests

January 17, 2006.

Take notice that the following application has been filed with the Commission and is available for public inspection:

- a. *Application Type:* Non-Project Use of Project Lands and Waters.
- b. *Project No.:* 2503-092.
- c. *Date Filed:* December 21, 2005.
- d. *Applicant:* Duke Power, a division of Duke Energy Corporation.
- e. *Name of Project:* Keowee-Toxaway Project.
- f. *Location:* Lake Keowee is located in Pickens and Oconee County, South Carolina. This project does not occupy any tribal or federal lands.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r) and 799 and 801.
- h. *Applicant Contact:* Mr. Joe Hall, Lake Management Representative; Duke Energy Corporation; P.O. Box 1006; Charlotte, NC 28201-1006; 704-382-8576.
- i. *FERC Contact:* Any questions on this notice should be addressed to Brian Romanek at (202) 502-6175 or by e-mail: Brian.Romanek@ferc.gov.
- j. *Deadline for filing comments and or motions:* February 17, 2006.

All documents (original and eight copies) should be filed with: Ms. Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington DC 20426. Please include the project number (P-2503-092) on any comments or motions filed. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages e-filings.

k. *Description of Request:* Duke Power, licensee for the Keowee-Toxaway Hydroelectric Project, has requested Commission authorization to lease project lands to Outerbanks, Inc. for the purpose of reconfiguring a marina previously approved by the Commission. The reconfiguration would reduce the existing marina footprint from 1.62 acres to 1.56 acres and the number of boat slips from 56 to 54. The marina would accommodate residents of the Outerbanks Subdivision on Lake
