

agreement by the NAFTA countries. In consultations regarding such a change, the NAFTA countries are to consider issues of availability of supply of fibers, yarns, or fabrics in the free trade area and whether domestic producers are capable of supplying commercial quantities of the good in a timely manner. The Statement of Administrative Action (SAA) that accompanied the NAFTA Implementation Act stated that any interested person may submit to CITA a request for a modification to a particular rule of origin based on a change in the availability in North America of a particular fiber, yarn or fabric and that the requesting party would bear the burden of demonstrating that a change is warranted. The SAA provides that CITA may make a recommendation to the President regarding a change to a rule of origin for a textile or apparel good. The NAFTA Implementation Act provides the President with the authority to proclaim modifications to the NAFTA rules of origin as are necessary to implement an agreement with one or more NAFTA country on such a modification.

On February 28, 2001 the Chairman of CITA received a petition from Amicale Industries, Inc. alleging that yarn of cashmere and yarn of camel hair, classified in HTSUS heading 5108.10.60, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting that the President proclaim a modification of the NAFTA rules of origin. Amicale Industries requests that the NAFTA rules of origin for fabrics of HTSUS heading 5111 and for woven apparel of Chapter 62 be modified to permit the use of non-North American yarns of camel hair or yarns of cashmere classified in HTS heading 5108.10.60.

CITA is soliciting public comments regarding this request, particularly with respect to whether yarn of cashmere and yarn of camel hair, classified in HTSUS heading 5108.10.60, can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant are whether there has been a change in availability and whether other products that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the yarn for purposes of the intended use. Comments must be received no later than April 11, 2001. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and

Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that yarn of cashmere or yarn of camel hair can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the yarn stating that it produces the yarn that is in the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged, to include a non-confidential version and a non-confidential summary.

Office of the Secretary

Defense Science Board; Meeting

ACTION: Notice of advisory committee meetings.

SUMMARY: The Defense Science Board (DSB) Task Force on Intelligence Needs for Homeland Defense Bio Panel will meet in closed session on March 12, 2001; April 23-24, 2001; May 29-30, 2001; June 25-26, 2001; July 23-24, 2001; and August 27-28, 2001, at Strategic Analysis, Inc., 3601 Wilson Boulevard, Arlington, VA 22201. This Task Force will explore the intelligence ramifications posed by a changing spectrum of threat regimes, including biological, chemical, information, nuclear, and radiological weapons.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. The Task Force's Bio Panel will: Consider the broad spectrum of intelligence

issues as they relate to biological warfare issues, from early threat detection to deterrence, through response including attribution; evaluate the collection and analysis of target-related information and weapon unique information; examine the role of HUMINT against these missions as well as the technology that the HUMINT collectors need to be equipped with; consider strategic indications and warning and tactical warning dissemination and how the two need to be merged; analyze methodology to correlate large data flows spatially temporally and functionally; and assess the robustness of today's intelligence apparatus for coping with these challenges.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board meetings, concern matters listed in 5 U.S.C. 552b(c)(1), and that accordingly these meetings will be closed to the public.

Due to critical mission requirements and scheduling conflicts, there is insufficient time to provide timely notice required by section 10(a)(2) of the Federal Advisory Committee Act and Subsection 101-6.1015(b) of the GSA Final Rule on Federal Advisory Committee Management, 41 CFR part 106-6, which further requires publication at least 15 calendar days prior to the meeting of the Task Force.

Dated: March 5, 2001.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
