

regulations at 43 CFR 1610.3–2(e), the BLM submitted the Proposed RMPA/Final SEIS for the Miles City Field Office planning effort to the Governor of Montana for a 60-day Governor’s Consistency Review in order for the Governor to review the Proposed RMPA and identify any inconsistencies with State plans, policies, or programs. On July 16, 2024, the Governor of Montana submitted a response for the Miles City Field Office RMPA/Final SEIS to the BLM Montana/Dakotas State Director. The State Director reviewed the Governor’s response and the alleged consistency issues and did not accept the Governor’s recommendations. The BLM sent a written response to the Governor on August 12, 2024.

On September 18, 2024, the Governor of Montana appealed the State Director’s decision to the BLM Director. In reviewing these appeals, the regulations at 43 CFR 1610.3–2(e) state that “[t]he Director shall accept the (consistency) recommendations of the Governor(s) if he/she determines they provide for a reasonable balance between the state’s interest and the national interest.” On November 6, 2024, the BLM Director issued a response to the Governor detailing the reasons that the recommendations did not meet this standard. Pursuant to 43 CFR 1610.3–2(e), the basis for the BLM’s determination on the Governor’s appeal is presented below. The appeal response is being published verbatim.

“I am in receipt of your letter dated September 18, 2024, which contains the State of Montana’s appeal to the Bureau of Land Management (BLM) Montana/Dakotas State Director’s response to the Governor’s consistency review of the Miles City Field Office Proposed Resource Management Plan Amendment (RMPA) and Final Supplemental Environmental Impact Statement (SEIS). The Governor’s consistency review is an important part of the BLM land use planning process, and we appreciate the significant time and attention that you and your staff have committed to this effort.

The applicable regulations at 43 CFR 1610.3–2(e) provide you with the opportunity to appeal the State Director’s decision to not accept the recommendations you made in your consistency review letter. These regulations also guide my review of the appeal, in which I must consider whether you have raised inconsistencies with State or local plans, policies, and or programs. If inconsistencies are raised, I consider whether your recommendations address the inconsistencies and provide for a reasonable balance between the national

interest and the State of Montana’s interest.

I have completed my review of your appeal and determined that the recommendation you have provided does not meet this standard for the reasons detailed in the following paragraphs.

In your appeal, you allege the three consistency issues below:

- “Alternative D is inconsistent with Montana’s Constitutional Mandate to utilize State Trust Lands to fund schools and other public institutions.”
- “Alternative D is inconsistent with Montana’s ‘All-Of-The-Above’ Energy Strategy, and the SEIS fails to consider critical local energy plan.”
- “Alternative D conflicts with Montana’s Coal Revenue Trust Fund Policy.”

It is your recommendation that ‘the BLM withdraw the Miles City Field Office RMPA/SEIS and work collaboratively with the State to form alternatives that honor State plans, policies, and programs.’

Upon review, I find that your recommendation does not present a reasonable balance between the national and the State’s interest. The Proposed RMPA/Final SEIS is a land use level review specific to the Miles City Field Office and is in response to the Federal district court’s order in *Western Organization of Resource Councils, et al. v. Bureau of Land Management, Civil Action No. CV–00076–GF–BMM (D. Mont. 2022)*. The BLM developed a range of alternatives to meet the purpose and need of the Proposed RMPA/Final SEIS and the court’s order, such as to complete new coal screens in accordance with 43 CFR 3420.1–4; provide additional land use planning level analysis that considers no-leasing and limited coal leasing alternatives; and disclose the public health impacts, both climate and non-climate, of burning fossil fuels (coal, oil, and gas) from the planning area.

While there are State and Federal policies that may encourage coal mining and facilitate the orderly development of coal resources, they do not mandate that coal mining would be authorized wherever coal reserves may be present. The Proposed RMPA/Final SEIS also only applies to federally administered coal in the Miles City Field Office planning area and does not make decisions on State lands or privately owned coal resources. Similarly, the BLM’s regulatory process does not apply to State lands and does not preclude the State from making management decisions for State trust lands, nor preclude the State’s authority to manage[, permit, and bill other uses of

State lands accordingly to meet the State’s fiduciary responsibility.

Additionally, under Alternative D, the State’s mineral estate was determined to not have development potential or not expected to be leased or mined within the life of the plan. This is due to: (1) no new mines projected, (2) the Rosebud Mine having sufficient coal reserves from existing leases, and (3) the Spring Creek Mine projecting needs from pending Federal leases and subsequent 1,300 acres of Federal coal leases. The BLM also carefully considered current and future coal demand with national and international trends as they relate to coal development in the Miles City planning area. The BLM recognizes a potential future decrease, but that is expected as the national coal market is in decline and trending to continue that decline throughout the life of the plan.

Finally, the BLM has prepared the Miles City Proposed RMPA/Final SEIS in accordance with all applicable Federal laws, regulations, and policies. The BLM did carefully review and consider applicable State, local, and other Federal agency plans, policies, and programs in the development of the Miles City Proposed RMPA/Final SEIS. The BLM is consistent, to the extent practicable, with these plans as per the provisions of the Federal Land Policy and Management Act and the planning regulations at 43 CFR 1610–3–2.”

(Authority: 43 CFR 1610.3–2(e))

**Nada Wolff Culver,**  
*Principal Deputy Director.*

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[NVDV106695370]

#### Withdrawal Application and Public Meeting for the Ruby Mountains; Nevada

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of withdrawal application.

**SUMMARY:** The United States Forest Service (USFS) has filed an application requesting that the Secretary of the Interior withdraw approximately 264,441.79 acres of Federal lands in the Ruby Mountains from leasing under the mineral and geothermal laws, for 20 years, subject to valid existing rights. The application also includes approximately 44,670.87 acres of non-

Federal lands that would be subject to the withdrawal if they are subsequently acquired by the United States. The purpose of the withdrawal would be to preserve the scenic values, recreational opportunities, outdoor economy, rare wildlife and plant habitat, and cultural resources that the Ruby Mountains and neighboring spaces support. The lands would remain open to location and entry under the U.S. mining laws, and subject to mineral material disposal under the Materials Act of 1947. Publication of this notice temporarily segregates the lands for up to 2 years, initiates a 90-day public comment period, and announces to the public an opportunity to comment and participate in a virtual public meeting on the USFS' withdrawal application.

**DATES:** All comments must be received by March 31, 2025. In addition, the USFS and the Bureau of Land Management (BLM) will host a virtual public meeting addressing the USFS withdrawal application and associated environmental review process on February 14, 2025 at 2 p.m. PST. The BLM will publish the instructions for access to the online public meeting in the *Elko Daily Free Press* newspaper a minimum of 30 days prior to the meeting.

**ADDRESSES:** All comments should be sent to the Bureau of Land Management, Nevada State Office, Attn: Edison Garcia/Ruby Mountain Withdrawal, 1340 Financial Blvd., Reno, NV 89502; or sent by email to [edisongarcia@blm.gov](mailto:edisongarcia@blm.gov). The BLM will not consider comments via telephone calls.

**FOR FURTHER INFORMATION CONTACT:** Edison Garcia, Land Law Examiner, Nevada State Office at (775) 861-6530; or you may contact the BLM office at the address noted above. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The purpose of the withdrawal would be to preserve the scenic values, recreational opportunities, outdoor economy, rare wildlife and plant habitat, and cultural resources that the Ruby Mountains and neighboring spaces support, by removing these lands from leasing under the Mineral Leasing Act of 1920 (30 U.S.C. 181 *et seq.*, as amended), the

Mineral Leasing Act for Acquired Lands of 1947 (30 U.S.C. 351 *et seq.*, as amended), the Geothermal Steam Act of 1970 (30 U.S.C. 1001 *et seq.*, as amended), and section 402 of the President's Reorganization Plan No. 3 of 1946 (16 U.S.C. 520 and 16 U.S.C. 508b). Subject to overlapping withdrawals or segregations of record, the lands would remain open to location and entry under the U.S. mining laws, and subject to mineral material disposal under the Materials Act of 1947 (30 U.S.C. 601 *et seq.*). The application requests the Secretary of the Interior to withdraw the following Federal lands and interests in lands. In addition, the application requests that any non-Federal lands or interests in lands within the withdrawal application area acquired by the United States in the future also be subject to the withdrawal upon acquisition by the United States:

#### National Forest System Lands

#### Federal Surface/Federal Subsurface

#### Mount Diablo Meridian, Nevada

 Sec. 35, W $\frac{1}{2}$ .

The areas described aggregate 44,670.87  
 acres, more or less, according to the official  
 plats of the surveys of the said lands on file  
 with the BLM, combined with areas derived  
 from Forest Service GIS Wilderness data.  
 Non-Federal lands or interests in lands  
 would be subject to the withdrawal if they  
 are subsequently acquired by the United  
 States.

The total areas described, including both  
 Federal and non-Federal lands, aggregate  
 309,112.66 acres, more or less.

No additional water rights will be  
 needed to fulfill the purpose of this new  
 withdrawal.

Before including your address, phone  
 number, email address, or other  
 personal identifying information in your  
 comment, you should be aware that  
 your entire comment, including your  
 personal identifying information, may  
 be made publicly available at any time.

While you can ask us in your comment  
 to withhold your personal identifying  
 information from public review, we  
 cannot guarantee that we will be able to  
 do so.

For a 90-day period from the date of  
 publication of this notice in the **Federal  
 Register**, all persons who wish to  
 submit comments, suggestions, or  
 objections in connection with the  
 withdrawal application may present  
 their views in writing to the address  
 above. Information regarding the  
 withdrawal application will be available  
 for public review at the BLM's Nevada  
 State Office, during regular business  
 hours, 8 a.m. to 4:30 p.m. Monday  
 through Friday, except Federal holidays.

For a period until December 31, 2026  
 the Federal land described above will be  
 segregated from all forms of leasing  
 under the mineral and geothermal  
 leasing laws, subject to valid existing  
 rights, unless the application is denied  
 or canceled, or the withdrawal is  
 approved prior to that date. Licenses,  
 permits, cooperative agreements, or  
 discretionary land use authorizations of  
 a temporary nature may be allowed with  
 the approval of the authorized officer,  
 during the temporary segregation  
 period, if they would comply with the  
 applicable USFS land use plans for the  
 described Federal lands located within  
 the withdrawal application boundary.

This application will be processed in  
 accordance with the regulations set  
 forth in 43 CFR part 2300.

(Authority: 43 U.S.C. 1714)

**Christopher Bush,**  
*Acting State Director.*

### Minor Boundary Revision at Golden Gate National Recreation Area

**AGENCY:** National Park Service, Interior.

**ACTION:** Notification of boundary  
 revision.

**SUMMARY:** The boundary of Golden Gate  
 National Recreation Area (Park) is  
 modified to include 211.7 acres of land  
 located in in San Mateo County,  
 California, immediately adjoining the  
 Park boundary. The National Park  
 Service intends to purchase the  
 properties in fee from the Peninsula  
 Open Space Trust, a non-profit land  
 trust.
