SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to certain producers/exporters of organic soybean meal from India. The period of review (POR) is January 1, 2023, through December 31, 2023. Interested parties are invited to comment on these preliminary results.

DATES: Applicable June 18, 2025.

FOR FURTHER INFORMATION CONTACT: Isaiah Kahn or Jose Rivera, AD/CVD Operations, Office OVII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-8328 or (202) 482-0842, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 5, 2024, Commerce published in the **Federal Register** the notice of

initiation of an administrative review of the *Order*.¹ On September 30, 2024, Commerce selected Bergwerff Organic India Pvt. Ltd. (Bergwerff) and Ecopure Specialties Ltd. (Ecopure) as the mandatory respondents.² Subsequently, on October 8, 2024, after Bergwerff timely withdrew its review request, Commerce selected Tejawat Organic Foods (Tejawat), as a mandatory respondent.³ On July 22, 2024, Commerce tolled certain deadlines in this administrative review by seven days.⁴ On December 9, 2024, Commerce tolled the deadline to issue the preliminary results in this administrative review by 90 days.⁵ Additionally, on May 2, 2025, we extended the deadline for these preliminary results by 36 days, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act).⁶ The deadline for the preliminary results of this administrative review is now June 13, 2025.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁷ A list of topics discussed in the Preliminary Decision Memorandum is included in Appendix I. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The merchandise covered by this *Order* is organic soybean meal from India. For a complete description of the

scope of the *Order*, see the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of the notice of initiation. A list of the 108 companies for which Commerce received timely-filed withdrawal requests is provided in Appendix II. Because the withdrawal requests were timely filed and no other parties requested a review of these companies, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review of the *Order* with respect to these 108 companies.

Rate for Non-Selected Companies Under Review

The Act and Commerce's regulations do not address the establishment of a rate to apply to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected companies in reviews in a manner that is consistent with section 705(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation. Section 777A(e)(2) of the Act provides that "the individual countervailable subsidy rates determined under subparagraph (A) shall be used to determine the all-others rate under section 705(c)(5) {of the Act}." Section 705(c)(5)(A) of the Act states that for companies not investigated, in general, we will determine an all-others rate by weight averaging the countervailable subsidy rates established for each of the companies individually investigated, excluding zero and *de minimis* rates or any rates based entirely on facts available. Accordingly, to determine the rate for companies not selected for individual examination, Commerce's practice is to weight average the net subsidy rates for the selected mandatory respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available.⁸

In this review, Commerce preliminarily assigned a rate based entirely on facts available to Ecopure. Therefore, the only rate that is not zero, *de minimis*, or based entirely on facts
