

subsequently determined to be significantly inaccurate, a correction must be made on a statement made under Section 19(a) or in the first report to shareholders following the discovery of the inaccuracy. The purpose of Rule 19a-1 is to afford fund shareholders adequate disclosure of the sources from which dividend payments are made.

The Commission staff estimates that approximately 8,400 portfolios of management companies may be subject to Rule 19a-1 each year.<sup>3</sup> The total average annual burden for Rule 19a-1 per portfolio is estimated to be approximately 30 minutes.<sup>4</sup> The total annual burden for all portfolios is therefore estimated to be approximately 4,200 burden hours.

Rule 22d-1 [17 CFR 270.22d-1] under the Act provides registered investment companies that issue redeemable securities an exemption from Section 22(d) of the Investment Company Act to the extent necessary to permit scheduled variations in or elimination of the sales load on fund securities for particular classes of investors or transactions, provided certain conditions are met. The rule imposes an annual burden per series of a fund of approximately 15 minutes, so that the total annual burden for the approximately 6,100 series of funds that might rely on the rule is estimated to be 1,525 hours.

Rule 30b2-1 [17 CFR 30b2-1] under the Investment Company Act requires the filing of four copies of every periodic or interim report transmitted by or on behalf of any registered investment company to its stockholders.<sup>5</sup> This requirement ensures that the Commission has information in its files to perform its regulatory functions and to apprise investors of the operational and financial condition of registered investment companies.<sup>6</sup>

<sup>3</sup> The Commission staff estimates that there are approximately 3,800 registered investment companies that are "management companies" as defined by the Act, and each may have one or more separate portfolios that report dividends to shareholders. The Commission's records indicate that those 3,800 management companies have approximately 8,400 portfolios that report paying dividends, and so may be subject to Rule 19a-1.

<sup>4</sup> According to respondents, no more than approximately 15 minutes is needed to make the determinations required by the rule and include the required information in the shareholders' dividend statements. The Commission staff estimates that, on average, each portfolio mails two notices per year to meet the requirements of the rule, for an average total annual burden of approximately 30 minutes.

<sup>5</sup> Most filings are made via the Commission's electronic filing system; therefore, paper filings under Rule 30b2-1 occur only in exceptional circumstances. Electronic filing eliminates the need for multiple copies of filings.

<sup>6</sup> Annual and periodic reports to the Commission become part of its public files and, therefore, are

It is estimated that approximately 3,700 registered management investment companies are required to send reports to stockholders at least twice annually. In addition, under recently proposed amendments to Rule 30b2-1, if adopted, each registered investment company would be required to file with the Commission new form N-CSR, certifying the financial statements. The annual burden of filing the reports is included in the burden estimate of form N-CSR.

Form ADV-E [17 CFR 279.8] is the cover sheet for accountant examination certificates filed pursuant to Rule 206(4)-2 under the Investment Advisers Act by investment advisers retaining custody of client securities or funds. Registrants each spend approximately three minutes, annually, complying with the requirements of the form.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act. The estimate is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms.

The Commission plans to submit these existing collections of information to the Office of Management and Budget for extension and approval.

- Rule 15g-3 Broker or Dealer Disclosure of Quotations and other Information Relating to the Penny Stock Market.

Rule 15g-3 under the Securities Exchange Act of 1934 (the "Exchange Act") requires that brokers and dealers disclose to customers current quotation prices or similar market information in connection with transactions in penny stocks. It is estimated that approximately 270 respondents incur an average burden of 100 hours annually to comply with the rule.

- Rule 15g-4 Disclosure of compensation to brokers or dealers.

Rule 15g-4 under the Exchange Act requires brokers and dealers effecting transactions in penny stocks for or with customers to disclose the amount of compensation received by the broker-dealer in connection with the transaction. It is estimated that approximately 270 respondents incur an average of 100 hours annually to comply with the rule.

- Rule 15g-5 Disclosure of compensation of associated persons in connection with penny stock transactions.

Rule 15g-5 under the Exchange Act requires brokers and dealers to disclose to customers the amount of compensation to be received by their sales agents in connection with penny stock transactions. This rule was adopted by the Commission to increase the level of disclosure to investors concerning penny stocks generally and

specific penny stock transactions. It is estimated that approximately 270 respondents incur an average burden of 100 hours annually to comply with the rule. The total annual reporting and recordkeeping burden will be 27,000 burden hours.

- Rules 17Ad-6 and 17Ad-7

Recordkeeping requirements for transfer agents

Rule 17Ad-6 under the Exchange Act requires every registered transfer agent to make and keep current records about a variety of information, such as: (1) Specific operational data regarding the time taken to perform transfer agent activities (to ensure compliance with the minimum performance standards in Rule 17Ad-2 (17 CFR 240.17Ad-2)); (2) written inquiries and requests by shareholders and broker-dealers and response time thereto; (3) resolutions, contracts or other supporting documents concerning the appointment or termination of the transfer agent; (4) stop orders or notices of adverse claims to the securities; and (5) all canceled registered securities certificates.

Rule 17Ad-7 under the Exchange Act requires each registered transfer agent to retain the records specified in Rule 17Ad-6 in an easily accessible place for a period of six months to six years, depending on the type of record or document. Rule 17Ad-7 also specifies the manner in which records may be maintained using electronic, microfilm, and microfiche storage methods.

These recordkeeping requirements ensure that all registered transfer agents are maintaining the records necessary to monitor and keep control over their own performance and for the Commission to adequately examine registered transfer agents on an historical basis for compliance with applicable rules.

We estimate that approximately 1,000 registered transfer agents will spend a total of 500,000 hours per year complying with Rules 17Ad-6 and 17Ad-7. Based on average cost per hour of \$50, the total cost of compliance with Rule 17Ad-6 is \$25,000,000.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
