

Bureau of Reclamation's Pinto dam, on Billy Clapp Lake near the city of Moses Lake in Grant County, Washington. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would use the existing Pinto dam, and would consist of the following new facilities: (1) A 72-inch-diameter penstock connecting the existing Pinto dam outlet tunnel to a powerhouse located immediately downstream of the dam; (2) a powerhouse containing a 3.4-megawatt Francis turbine/generator unit; (3) a tailrace discharging flows into the existing feed route between Billy Clapp Lake and Brook Lake; (4) a 7,000-foot-long, 34.5-kilovolt (kV) transmission line extending from the project to a 34.5-kV transmission line owned by the Public Utility District No. 1 of Grant County, Washington; and (5) appurtenant facilities. The estimated annual generation of the Pinto Dam Project would be 8.1 gigawatt-hours.

EPA Activities To Promote Environmental Justice in the Permit Application Process

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Availability of Proposed Regional Actions to Promote Public Participation in the Permitting Process and Draft Best Practices for Permit Applicants Seeking EPA-Issued Permits; Request for Comments.

SUMMARY: As part of its ongoing efforts under Plan EJ 2014 to integrate environmental justice into all of its programs, the Environmental Protection Agency (EPA) is soliciting public comment on ways that EPA and permit applicants can meaningfully engage communities in the permitting process. This notice describes and seeks comment on actions that EPA regional offices can take when issuing EPA permits to promote greater participation in the permitting process by communities that have historically been underrepresented in that process. This notice also announces the availability of
