

k. *Description of Request:* The applicant requests a temporary variance to maintain the water elevation at the Blewett Falls Lake below the current license limits in order to allow for spillway modifications to take place at the Blewett Falls Dam. The current license generally allows the water level to fluctuate up to 6 feet below full pond, between an elevation of 172.1 and 178.1 feet National Geodetic Vertical Datum of 1929 (NGVD 29). When the flashboards on the spillway need to be replaced, an additional drawdown of 2 feet, to an elevation of 170.1 feet NGVD 29 is allowed. To complete the work on the spillway, the applicant is proposing to lower the Blewett Falls lake level up to an additional 1 foot below this maximum allowance, or 9 feet below full pond, to an elevation of 168.1 feet NGVD 29. The applicant proposes to maintain this lowered water elevation for a period beginning in October 2020 and lasting for 24 months, and states that maintaining the elevation at this level is needed to provide its contractor safe access to the spillway crest for the duration of the work associated with the spillway. During this time, the applicant states that the boat ramp at the Pee Dee Access area will remain usable, but the boat ramp at the Grassy Island Access area will be closed.

l. *Locations of the Applications:* The Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's website at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. Agencies may obtain copies of the application directly from the applicant. At this time, the Commission has suspended access to the Commission's Public Reference Room due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll free, (866) 208-3676 or TTY, (202) 502-8659.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Motions To Intervene, or Protests:* Anyone may submit comments, a motion to intervene, or a protest in accordance with the

requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, motions to intervene, or protests must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "MOTION TO INTERVENE", or "PROTEST" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

Dated: September 17, 2020.

Kimberly D. Bose,
Secretary.

Combined Notice of Filings

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

Docket Numbers: RP20-1194-000.

Applicants: Texas Eastern Transmission, LP.

Description: Compliance filing [PRO FORMA] TETLP ASA Settlement Compliance Filing—RP19-343-006 to be effective 12/31/9998.

Filed Date: 9/16/20.

Accession Number: 20200916-5000.

Comments Due: 5 p.m. ET 9/28/20.

Docket Numbers: RP20-1196-000.

Applicants: Transcontinental Gas Pipe Line Company.

Description: Compliance filing Annual Cash-Out Report Period Ending July, 31, 2020 to be effective N/A.

Filed Date: 9/16/20.

Accession Number: 20200916-5032.

Comments Due: 5 p.m. ET 9/28/20.

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercgensearch.asp>) by querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: September 17, 2020.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

[Docket No. CP20-460-000]

Northern Natural Gas Company; Notice of Availability of the Environmental Assessment for the Proposed Clifton to Palmyra A-Line Abandonment Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Clifton to Palmyra A-Line Abandonment Project, proposed by Northern Natural Gas Company (Northern) in the above-referenced docket. Northern requests authorization to abandon in-place a segment of its A-Line pipeline from Clifton, Kansas to Palmyra, Nebraska and increase compression capacity at its existing Beatrice Compressor Station near Beatrice, Nebraska.

The EA assesses the potential environmental effects of the construction and operation of the Clifton to Palmyra A-Line Abandonment Project in accordance with the requirements of the National Environmental Policy Act. The FERC staff concludes that approval of the proposed project, with appropriate
