

In accordance with the R&PP Act, the Calvary Chapel Green Valley Church filed an application for the above-described 20 acres of public land to be developed as a church (multipurpose building), school, day care center and related facilities. The multipurpose building will include a worship center, offices, classrooms, nursery, kitchen, restrooms, utility/storage rooms, and a lobby. The related facilities include sidewalks, landscaped areas, paved parking areas, youth athletic fields, and off site improvements. Additional detailed information pertaining to this application, plan of development, and site plans is in case file N-80468 located in the BLM Las Vegas Field Office at the above address.

Churches are a common applicant under the "public purposes" provision of the R&PP Act. The Calvary Chapel Green Valley Church is an Internal Revenue Service registered non-profit organization and is, therefore, a qualified applicant under the R&PP Act.

The land is not needed for any Federal purpose. The lease/conveyance is consistent with the Las Vegas Resource Management Plan dated October 5, 1998, and would be in the public interest. The lease/patent, when issued, will be subject to the provisions of the R&PP Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945); and

2. All minerals, together with the right to prospect for, mine, and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe. The lease/patent will also be subject to:

1. An easement in favor of Clark County for roads, public utilities, and flood control purposes; and

2. All valid existing rights documented on the official public land records at the time of lease/patent issuance.

On October 4, 2007, the land described above will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the R&PP Act, leasing under the mineral leasing laws, and disposals under the mineral material disposal laws.

Interested parties may submit comments involving the suitability of the land for a church, school, day care center and related facilities. Comments on the classification are restricted to whether the land is physically suited for

the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision to lease/convey under the R&PP Act, or any other factor not directly related to the suitability of the land for R&PP use.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Only written comments submitted by postal service or overnight mail to the Field Manager, BLM Las Vegas Field Office, will be considered properly filed. Electronic mail, facsimile or telephone comments will not be considered properly filed.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land described in this notice will become effective December 3, 2007. The lands will not be available for lease/conveyance until after the classification becomes effective.

Authority: 43 CFR part 2740.

Mark R. Chatterton,

Assistant Field Manager, Non-Renewable Resources Las Vegas, NV.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree in *United States and Commonwealth of Kentucky Environmental and Public Protection Cabinet v. East Kentucky Power Cooperative, Inc.* Under the Clean Air Act

Under 28 CFR 50.7, notice is hereby given that on September 20, 2007, a proposed consent decree ("Consent Decree") was lodged in *United States and Commonwealth of Kentucky Environmental and Public Protection Cabinet v. East Kentucky Power Cooperative, Inc.*, Civil Action No. 06-cv-00211-JMH, pending in the United States District Court for the Eastern District of Kentucky.

The Consent Decree would resolve claims asserted by the United States against EKPC pursuant to sections 113(b) and 414 of the Clean Air Act (the "Act"), 42 U.S.C. 7413(b) and 77651m, seeking injunctive relief and assessment of civil penalties for EKPC's violation of:

(a) The Acid Rain provisions of the Act, 42 U.S.C. 7651 through 7651o;

(b) Title V of the Act, 42 U.S.C. 7661 *et seq.*; and

(c) The federally-enforceable State Implementation Plan ("SIP") developed by the Commonwealth of Kentucky.

EKPC operates three coal-fired power plants in Kentucky. The complaint filed by the United States alleges that EKPC modified Units 1 and 2 at its Dale facility without complying with federal

and state requirements for participation in emissions allowance trading programs, and without installing nitrogen oxide emissions controls required under the Acid Rain provisions of the Act.

The complaint also alleges that EKPC violated Title V of the Act by operating without a permit that included Acid Rain requirements for Dale Units 1 and 2, and that EKPC violated Kentucky's SIP by failing to purchase and retire nitrogen oxide ozone season emissions allowances for Dale Units 1 and 2.

The proposed Consent Decree would require EKPC to install and operate nitrogen oxide emissions controls on Dale Units 1 and 2, to continuously operate pollution monitoring equipment for those units, and to apply for appropriate permits. The proposed Consent Decree would also require EKPC to pay a fixed penalty of \$11,400,000 over six years, with the possibility of additional penalty payments if EKPC meets certain thresholds of financial performance.

The Department of Justice will receive comments relating to the Consent Decree for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. East Kentucky Power Cooperative*, D.J. Ref. No. 90-5-2-1-08835.

The Consent Decree may be examined at the Office of the United States Attorney, Eastern District of Kentucky, 260 West Vine Street, Suite 300, Lexington, Kentucky 40507-1612, and at U.S. EPA Region IV, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960.
