FOR FURTHER INFORMATION CONTACT: Jason Hitchcock, jhitchcock@csrees.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: CSREES Application Review Process.

OMB Number: 0524-0041.

Expiration Date of Current Approval: 01/31/2009.

Type of Request: Intent to seek approval for the revision of a currently

approved information collection for three years.

Abstract: CSREES is responsible for performing a review of applications submitted to CSREES competitive award programs in accordance with section 103(a) of the Agricultural Research, Extension, and Education Reform Act of 1998, 7 U.S.C. 7613(a). Reviews are undertaken to ensure that projects supported by CSREES are of high quality and are consistent with the goals and requirements of the funding program.

Applications submitted to CSREES undergo a programmatic evaluation to determine worthiness of Federal support. The evaluations consist of a peer panel review and may also entail an assessment by Federal employees and ad hoc reviews.

Need and Use of the Information: The CSREES Application Review Process is accomplished through the use of the CSREES Peer Review System (PRS), a Web-based system which allows reviewers and potential reviewers to update personal information and to complete and submit reviews electronically to CSREES.

Given the highly technical nature of many of these applications, the quality of the peer review greatly depends on the appropriate matching of the subject matter of an application with the technical expertise of a potential reviewer.

Information about potential panel and ad hoc reviewers is collected via an electronic questionnaire. New reviewers are prompted via an e-mail message to complete the questionnaire. The information from the completed questionnaire is loaded into a CSREES database system. The questionnaire collects basic biographical information including address, contact information, and professional expertise. If a reviewer's information is already included in the database, then the questionnaire serves as a request for the potential reviewer to update her/his information. Information in the database system is then used to match applications with the most appropriate (potential) reviewers.

When a reviewer is selected by CSREES and the reviewer agrees to perform a review, the application and associated materials are then made available to her/him. With respect to the application, a reviewer must assure

s/he: (1) Will comply with the CSREES Confidentiality Guidelines and (2) does not have a conflict of interest. Upon completion of a review, the reviewer completes various worksheets in PRS evaluating an application against established criterion providing comments as necessary. If appropriate, a peer panel is convened to review and discuss proposals and make funding recommendations.

Information collected from the reviews and/or peer panel is used to determine whether an application is to be recommended for award. When CSREES has rendered a decision, copies of reviews (excluding the names of the reviewers) and summaries of review panel deliberations, if any, are provided to the submitting Project Director.

The CSREES review process is recognized by the grantee and grantor community for its quality.

Estimate of Burden: CSREES estimates that six hours are required to review an application on average. Applications receive an average of four written reviews. CSREES estimates that the potential reviewer questionnaire takes 10 minutes to complete. This estimate was based on feedback from a small sample of reviewers that participated in the completion of the reviewer questionnaire and the completion and submission of application reviews for the CSREES.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request to OMB for approval. All comments will become a matter of public record.

Done at Washington, DC, this 17th day of July, 2008.

Gale Buchanan,

Under Secretary, Research, Education, and Economics.

Forest Service

Modification of Hoosier National Forest Boundary

AGENCY: Forest Service, USDA.

ACTION: Notice of Modification of Hoosier National Forest Boundary.

SUMMARY: Pursuant to authority vested in me by section 11 of the Act of March 1, 1911 (36 Stat. 961), as amended, and section 17(a) of the National Forest Management Act of 1976 (90 Stat. 2961), the exterior boundary of the Hoosier National Forest is modified as described below, and all lands within these National Forest boundaries, as adjusted, that have been or hereafter are acquired by the United States for National Forest purposes, are hereby designated for administration as part of the Hoosier National Forest. This change in the exterior boundary of the Hoosier National Forest would allow for the acquisition and management of unique limestone karst features located in the Lost River karst system. The land area to be retracted from the Hoosier National Forest is near French Lick, in an area with no National Forest System lands and where future acquisition is not contemplated.

DATES: This notice is effective August 4, 2008.

International Trade Administration Mission Statement

AGENCY: Department of Commerce.

ACTION: Notice.

Application Deadline Extended

Secretarial Business Development Mission to Central America and the Dominican Republic

September 28–October 4, 2008.

SUMMARY: Secretary of Commerce Carlos M. Gutierrez will lead a senior-level business development trade mission to the Dominican Republic, Nicaragua and

Costa Rica, September 28–October 4, 2008. The overall focus of the trip will be commercial opportunities for U.S. companies, including joint ventures and export opportunities. In each city (Santo Domingo, Dominican Republic, Managua, Nicaragua and San Jose, Costa Rica) the participants will have a market briefing followed by two days of one-on-one appointments with potential buyers/partners and meetings with high-level government officials.

DATES: The application deadline has been extended. Applications should be submitted to the Office of Business Liaison by August 7, 2008. Applications received after that date will be considered only if space and scheduling constraints permit.

Contact: Office of Business Liaison; Room 5062; Department of Commerce; Washington, DC 20230; Tel: (202) 482-1360; Fax: (202) 482-4054.

SUPPLEMENTARY INFORMATION: *Mission*

Description: Secretary of Commerce Carlos M. Gutierrez will lead a senior-level U.S. business delegation to Costa Rica, the Dominican Republic, and Nicaragua, during September 28–October 4, 2008, to promote U.S. exports and investment in the leading industry sectors in Central America and the Dominican Republic and highlight regional opportunities for U.S. businesses that have resulted from the Central America-Dominican Republic-United States Free Trade Agreement (CAFTA–DR).

The mission will focus on assisting U.S. companies doing business in Central America and the Dominican Republic to increase their current level of exports and business interests as well as help U.S. companies that are experienced exporters enter the Central American and Dominican Republic markets for the first time. The mission will help participating firms gain market information, make business and government contacts, solidify business strategies, and advance specific projects, towards the goal of helping U.S. firms increase their exports and business interests in Central America and the Dominican Republic. The mission will include business-to-business matchmaking appointments with local companies, as well as meetings with key government officials, industry and trade associations, and American and local chambers of commerce. The mission will additionally provide a platform to address policy and commercial issues—including transparency, rule of law, financial reform and intellectual property rights protection and enforcement—that U.S. companies face
