SUPPLEMENTARY INFORMATION:

Background

The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Italy of stainless steel bar, and that such products are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b) from France, Germany, Italy, Korea, and the United Kingdom.² The investigations were requested in a petition filed on December 28, 2000, by Carpenter Technology Corp., Wyomissing, PA; Crucible Specialty Metals, Syracuse, NY; Electralloy Corp., Oil City, PA; Empire Specialty Steel, Inc., Dunkirk, NY; Slater Steels Corp., Specialty Alloys Division, Fort Wayne, IN; and the United Steelworkers of America, AFL-CIO/CLC, Pittsburgh, PA.

stainless steel sheet, strip or plate, wire (i.e., cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections."

² Commerce's preliminary determination for Taiwan was negative.
