

elect to use GAAP accounting for all purposes other than those associated with pole attachment rates and continue to use the Part 32 accounts and procedures applicable to pole attachment rates for up to 12 years. A price cap carrier may be required to submit pole attachment accounting data to the Commission for three years following the effective date of the rule permitting a price cap carrier to elect GAAP accounting. If a pole attacher informs the Commission of a suspected problem with pole attachment rates, the Commission will require the price cap carrier to file its pole attachment data for the state in question. This requirement may be extended for an additional three years, if necessary.

The Commission reduced the accounting requirements for telephone companies with a continuing obligation to comply with Part 32 in a number of areas. Telephone companies may: (1) Carry an asset at its purchase price when it was acquired, even if its value has increased or declined when it goes into regulated service; (2) reprice an asset at market value after a merger or acquisition consistent with GAAP; (3) use GAAP principles to determine Allowance-for-Funds-Used-During Construction; and (4) employ the GAAP standard of materiality. Rate-of-return carriers receiving cost-based support must determine materiality consistent with the general materiality guidelines promulgated by the Auditing Standards Board. Price cap carriers with a continuing Part 32 accounting obligation must maintain continuing property records necessary to track substantial assets and investments in an accurate, auditable manner. The carriers must make such property information available to the Commission upon request. Carriers subject to Part 32 must continue to comply with the USOA's depreciation procedures and its rules for cost of removal-and-salvage accounting.

Pursuant to the October 24, 2018 *Rate-of-Return Business Data Services Report and Order*, WC Docket No. 17–144, FCC 18–146, rate-of-return carriers currently receiving model-based or other fixed high-cost support may voluntarily elect to transition their business services offerings from rate-of-return to incentive regulation. Thus, electing carriers that choose to use GAAP instead of the Uniform System of Accounts are relieved of virtually all of the filing and recordkeeping requirements of the Uniform System of Accounts, with the sole exception of the same data provisioning requirements for the calculation of pole attachment rates as price cap carriers.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–XXXX; FRS 16938]

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before August 21, 2020.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the

“Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060–XXXX.

Title: 3.7 GHz Band Relocation Coordinator and Relocation Payment Clearinghouse Real-Time Disclosure of Communications Required by Sections 27.1413(c)(6) and 27.1414(b)(4)(i).

Form Number: N/A.

Type of Review: New information collection.

Respondents: Business or other for profit entities.

Number of Respondents: 2 respondents; 12 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Required to Obtain or retain benefits. Statutory authority for this information collection is contained in sections 1, 2, 4(i), 4(j), 5(c), 201, 302, 303, 304, 307(e), and 309 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(j), 155(c), 201, 302, 303, 304, 307(e), 309.

Total Annual Burden: 12 hours.

Total Annual Costs: No cost.

Nature and Extent of Confidentiality: The information collected under this collection will be made publicly available.

Privacy Act Impact Assessment: No impact(s).

Needs and Uses: On February 28, 2020, in furtherance of the goal of releasing more mid-band spectrum into the market to support and enable next-generation wireless networks, the Commission adopted a Report and Order, FCC 20–22, (3.7 GHz Report and Order) in which it reformed the use of the 3.7–4.2 GHz band, also known as the C-Band. The 3.7–4.2 GHz band currently is allocated in the United States exclusively for non-Federal use on a primary basis for Fixed Satellite Service (FSS) and Fixed Service. Domestically, space station operators use the 3.7–4.2 GHz band to provide downlink signals of various bandwidths to licensed transmit-receive, registered receive-only, and unregistered receive-only earth stations throughout the United States. The 3.7 GHz Report and Order calls for the relocation of existing FSS operations in the band into the upper 200 megahertz of the band (4.0–4.2 GHz) and making the lower 280 megahertz (3.7–3.98 GHz) available for flexible-use throughout the contiguous United States through a Commission-administered public auction of overlay licenses in the 3.7 GHz Service that is scheduled to occur later this year, with the 20 megahertz from 3.98–4.0 GHz reserved as a guard band. The Commission adopted a robust transition schedule to achieve an expeditious relocation of FSS operations and ensure that a significant amount of spectrum is made available quickly for next-generation wireless deployments, while also ensuring effective accommodation of relocated incumbent users. The 3.7 GHz Report and Order establishes a deadline of December 5, 2025, for full relocation to ensure that all FSS operations are cleared in a timely manner, but provides an opportunity for accelerated clearing of the band by allowing incumbent space station operators, as defined in the 3.7 GHz Report and Order, to commit to voluntarily relocate on a two-phased accelerated schedule (with additional obligations and incentives for

such operators), with a Phase I deadline of December 5, 2021, and a Phase II deadline of December 5, 2023.

The Commission concluded in the 3.7 GHz Report and Order that a neutral, independent third-party Relocation Payment Clearinghouse (RPC) should be established to administer the cost-related aspects of the transition in a fair, transparent manner, mitigate financial disputes among stakeholders, and collect and distribute payments in a timely manner to transition incumbent space station operators out of the 3.7–3.98 GHz band. The Commission also concluded that a Relocation Coordinator (RC) should be appointed to ensure that all incumbent space station operators are relocating in a timely manner, and to be responsible for receiving notice from earth station operators or other satellite customers of any disputes related to comparability of facilities, workmanship, or preservation of service during the transition and notify the Commission of disputes and recommendations for resolution.

To protect the fair and level playing field for applicants to participate in the Commission's auction for overlay licenses in the 3.7 GHz Service, the RPC and the RC are each required to make real-time, public disclosures of the content and timing of and the parties to communications, if any, from or to such applicants, as applicants are defined by the Commission's rule prohibiting certain auction-related communications, 47 CFR 1.2105(c)(5)(i), whenever the prohibition in 47 CFR 1.2105(c) applies to competitive bidding for licenses in the 3.7 GHz Service. See 47 CFR 27.1413(c)(6), 27.1414(b)(4)(i) (as adopted in the 3.7 GHz Report and Order). The Commission is seeking approval for a new information collection to permit the RPC and the RC to make the required real-time, public disclosure of any such communications, as necessary.
