

Written comments will be accepted as described under **ADDRESSES**, above.

#### Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that the entire comment, including your personal identifying information, may be made available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22), and NEPA (42 U.S.C. 4371 *et seq.*) and its implementing regulations (40 CFR 1506.6; 43 CFR part 46).

Dated: March 4, 2013.

**Lynn Lewis,**

*Assistant Regional Director, Ecological Services, Midwest Region.*

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-350 and 731-TA-616 and 618 (Third Review)]

### Determinations: Corrosion-Resistant Carbon Steel Flat Products From Germany and Korea

On the basis of the record<sup>1</sup> developed in the subject five-year reviews, the United States International Trade Commission (Commission) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), that revocation of the countervailing duty order on corrosion-resistant carbon steel flat products from Korea and the antidumping duty orders on corrosion-resistant carbon steel flat products from Germany and Korea would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

#### Background

The Commission instituted these reviews on January 3, 2012 (77 FR 301, January 4, 2012) and determined on

April 9, 2012 that it would conduct full reviews (77 FR 24221, April 23, 2012). Notice of the scheduling of the Commission's reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on May 30, 2012 (77 FR 31877) (schedule revised effective November 2, 2012 (77 FR 67395, November 9, 2012)). The hearing was held in Washington, DC, on January 9, 2013, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these reviews to the Secretary of Commerce on March 5, 2013. The views of the Commission are contained in USITC Publication 4388 (March 2013), entitled *Corrosion-Resistant Carbon Steel Flat Products from Germany and Korea: Investigation Nos. 701-TA-350 and 731-TA-616 and 618 (Third Review)*.

Issued: March 5, 2013.

By order of the Commission.

**Lisa R. Barton,**

*Acting Secretary to the Commission.*

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Amendment Under the Clean Air Act; the Clean Water Act; the Resource Conservation and Recovery Act; the Emergency Planning and Community Right-To-Know Act; and the Comprehensive Environmental Response, Compensation and Liability Act

On March 4, 2013, the Department of Justice lodged with the United States District Court for the Eastern District of Missouri a proposed First Amendment to the Consent Decree in the lawsuit entitled *United States v. The Doe Run Resources Corporation, et al.*, Civil Action No. 4:10-cv-1895-JCH.

The Consent Decree, entered by the Court on December 21, 2011 (Dkt. Item No. 116), resolved a joint multimedia action by the United States and the State of Missouri against The Doe Run Resources Corporation, The Doe Run Resources Corporation d/b/a The Doe Run Company, and The Buick Resource Recycling Facility, LLC, (collectively "Doe Run") for violations of the Clean Air Act, the Resource Conservation and Recovery Act, the Clean Water Act, the

Emergency Planning and Community Right-to-Know Act, the Comprehensive Environmental Response, Compensation, and Liability Act, and Missouri law at several mining, milling and smelting operations located in Missouri. The Consent Decree required Doe Run to perform injunctive relief and mitigation projects and to pay a \$7 million civil penalty. The Consent Decree also required Doe Run to cease certain operations at the Herculanum Lead Smelter Facility by December 31, 2013. In the interim, the Consent Decree imposed certain limits on the smelter's operation. The proposed Amendment would temporarily increase the Herculanum Lead Smelter Facility 12-month rolling average limit for SO<sub>2</sub> emissions and the 12-month rolling average limit for lead production for three months in 2013. To offset this temporary increase, the proposed Amendment requires Doe Run to lower the 12-month rolling SO<sub>2</sub> emission limit for five months in 2013 to ensure an overall net reduction in SO<sub>2</sub> emissions for 2013. The Amendment does not allow Doe Run to produce more lead at the Herculanum Lead Smelter Facility for calendar year 2013 than it otherwise would under the original Consent Decree. In addition, the Amendment does not change the short-term lead production limit or the short-term SO<sub>2</sub> emission limits for the Herculanum Lead Smelter Facility set forth in the Consent Decree.

The publication of this notice opens a period for public comment on the First Amendment to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. The Doe Run Resources Corporation, et al.*, Civil Action No. 4:10-cv-1895, D.J. Ref. No. 90-5-2-1-07390/1. All comments must be submitted no later than fifteen (15) days after the publication date of this notice. Comments may be submitted either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
