

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting an hour per day that will prohibit entry within the .2 mile by .1

mile portion of the air show site. It is categorically excluded under section 2.B.2, figure 2–1, paragraph 34(g) of the Instruction. A Record of Environmental Consideration (REC) supporting this determination is available in the docket where indicated in the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900-AP06

Ensuring a Safe Environment for Community Residential Care Residents

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) adopts as final, with changes, a proposed rule governing the approval of a community residential care facility (CRC). The final rule prohibits a CRC from employing an individual who has been convicted in a court of law of certain listed crimes within 7 years of conviction, or has had a finding within 6 months entered into an applicable State registry or with the applicable licensing authority concerning abuse, neglect, mistreatment of individuals or misappropriation of property. The CRC is required to conduct an individual assessment of suitability for employment for any conviction or finding outside either the 7 year or 6 month parameters. The CRCs is also required to develop and implement written policies and procedures that prohibit mistreatment, neglect, and abuse of residents and misappropriation of resident property. The CRC must report and investigate any allegations of abuse or mistreatment. The CRC must also screen individuals who are not CRC residents, but have direct access to a veteran living in a CRC. In addition, we are amending the rule regarding the maximum number of beds allowed in a resident's bedroom. VA published the proposed rule on November 12, 2015, and we received four public comments. We also received correspondence from a federal agency with recommendations. This final rule responds to public comments and feedback from that federal agency.

DATES: This rule is effective on August 24, 2017.

FOR FURTHER INFORMATION CONTACT: Dr. Richard Allman, Chief Consultant, Geriatrics and Extended Care Services (10P4G), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Ave. NW., Washington, DC 20420, (202) 461-6750. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: VA is authorized under 38 U.S.C. 1730 to assist veterans by referring them for placement, and aiding veterans in obtaining placement, in a community residential care facility (CRC). A CRC is a form of enriched housing that

provides health care supervision to eligible veterans who do not need hospital or nursing home care, but who, because of medical, psychiatric and/or psychosocial limitations as determined through a statement of needed care, are unable to live independently and have no suitable family or significant others to provide the needed supervision and supportive care. VA maintains a list of approved CRCs. The cost of community residential care is financed by the veteran's own resources. A veteran may elect to reside in any CRC he or she wants; however, VA will only recommend CRCs that apply for approval and meet VA's standards. Once approved, the CRC is placed on VA's referral list and VA refers veterans for whom CRC care is an option to the VA-approved CRCs when those veterans are determining where they would like to live. VA published regulations governing CRCs at title 38 Code of Federal Regulations (CFR), §§ 17.61-17.72. Standards for approval of CRCs are found at § 17.63. On November 12, 2015, VA published a proposed rule that would amend these standards. 80 FR 69909. Under the proposed rule, a CRC would be prohibited from employing an individual who has been convicted in a court of law of certain listed crimes, or has had a finding entered into an applicable State registry or with the applicable licensing authority concerning abuse, neglect, mistreatment of individuals or misappropriation of property. VA also proposed to require CRCs to develop and implement written policies and procedures that prohibit mistreatment, neglect, and abuse of residents and misappropriation of resident property. The proposed rule would have also required CRCs to report and investigate any allegations of mistreatment, neglect, or abuse, including injuries of unknown source, and misappropriation of resident property. In addition, the proposed rule would require the CRC to screen individuals who are not CRC residents, but have direct access to a veteran living in a CRC. The proposed revisions would improve the safety and help prevent the neglect or abuse of veteran residents in CRCs. In addition, we proposed to amend the rule regarding the maximum number of beds allowed in a resident's bedroom.

The comment period for this proposed rule closed on January 11, 2016. We received four public comments which generally supported the proposed rule, but recommended several changes. In addition, we received a letter from the U.S. Equal Employment Opportunity Commission
