

producers and pertaining to inspection of timber products produced in accordance with RUS specifications. In order to ensure the security of loan funds, adequate quality control of timber products is vital to loan security on electric power systems where hundreds of thousands of wood poles and cross-arms are used. Since RUS and its borrowers do not have the expertise or manpower to quickly determine imperfections in the wood products or their preservatives treatments, they must obtain service of an inspection agency to ensure that the specifications for week poles and cross-arms are being met.

Estimate of Burden: This collection of information is estimated to average 1 hour per response.

Respondents: Not-for-profit institutions; Business or other for profit.

Estimated Number of Respondents: 700.

Estimated Number of Responses per Respondent: 58.

Estimated Total Annual Burden on Respondents: 40,763 hours.

Copies of this information collection can be obtained from MaryPat Daskal, Program Development and Regulatory Analysis, at (202) 720-7853. FAX: (202) 720-8435. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: March 27, 2009.

James R. Newby,

Acting Administrator, Rural Utilities Service.

BILLING CODE 3410-15-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Implementation of Vessel Speed Restrictions to Reduce the Threat of Ship Collisions with North Atlantic Right Whales.

OMB Approval Number: 0648-0580.

Form Number(s): None.

Type of Request: Regular submission.

Burden Hours: 254.

Number of Respondents: 3,047.

Average Hours per Response: 5 minutes.

Needs and Uses: Under the authority of the Marine Mammal Protection Act and the Endangered Species Act, National Marine Fisheries Service (NMFS) established vessel speed restrictions to reduce the threat of collisions with highly endangered North Atlantic right whales. The restrictions apply at specific times and in specific locations along the U.S. eastern seaboard. NMFS is proposing to renew an exception to the restrictions in poor weather or sea conditions. Ships' captains are required to make an entry into the ship's Official Logbook when an exception is necessary.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: March 30, 2009.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

U.S. DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 12-2009]

Foreign-Trade Zone 29 – Louisville, KY

Application for Subzone Status

Reynolds Packaging LLC

(Aluminum Foil Liner Stock)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Louisville and Jefferson County Riverport Authority, grantee of FTZ 29, requesting special-purpose subzone status for the aluminum foil liner stock manufacturing plant and warehouse of Reynolds Packaging LLC (Reynolds), located in Louisville,

Kentucky. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 25, 2009.

The proposed subzone would include Reynolds' facilities (637 employees) at two sites in the city of Louisville: *Site 1* (manufacturing plant/3.63 acres/165,758 sq.ft.) – 1225 West Burnett Avenue; and, *Site 2* (warehouse distribution/9.51 acres/614,215 sq.ft.) – 2827 Hale Avenue, located one mile south of Site 1. The manufacturing plant is used to produce aluminum foil liner stock (up to 70 million pounds annually) used in flexible packaging applications for the U.S. market and export. The manufacturing process involves laminating, oven curing, slitting, and packaging. The foreign-origin input used in the activity is aluminum converter foil (7607.11.3000, duty rate: 5.8%), which represents about 25 percent of the value of the finished aluminum foil liner stock. The application indicates that Reynolds would also admit foreign-origin bulk aluminum foil to the proposed subzone to be repackaged and distributed for consumer retail sale in the U.S. market.

FTZ procedures could exempt Reynolds from customs duty payments on the foreign aluminum converter foil used in export production (about 15% of annual shipments). On domestic shipments, the company would be able to elect the duty rate that applies to finished aluminum foil liner stock (duty free) for the foreign aluminum converter foil. Reynolds would also be exempt from duty payments on any aluminum foil for consumer use that becomes scrap or waste during the repackaging activity. The application indicates that the savings from FTZ procedures would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002. The closing period for receipt of comments is June 1, 2009. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to [insert 75 days from date of publication].
