

unless authorized by the Patrol Commander (PATCOM).

DATES: This rule will be enforced from 8 a.m. until 10:15 p.m. on July 4, 2013.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call or email Lieutenant Junior Grade Joshua Dykman, Sector San Francisco Waterways Safety Division, U.S. Coast Guard; telephone 415-399-3585, email D11-PF-MarineEvents@uscg.mil.

SUPPLEMENTARY INFORMATION: The regulations in 33 CFR 165.1191, Table 1, Item number 14, will be enforced from 8 a.m. until 10:15 p.m. on July 4, 2013. The Coast Guard will enforce this safety zone in navigable waters around and under the fireworks barge within a radius of 100 feet during the loading, transit, and arrival of the fireworks barge to the display location and until the start of the fireworks display. From 8 a.m. until 8 p.m. on July 4, 2013, the fireworks barge will be loaded off of Fulton Shipyard Pier in Antioch, CA at position 38°01'03" N, 121°48'10" W (NAD 83). From 8 p.m. to 8:50 p.m. on July 4, 2013, the loaded barge will transit from Fulton Shipyard Pier to the launch site off the City of Antioch, CA near position 38°01'06" N, 121°48'32" W (NAD 83) where it will remain until the commencement of the fireworks display. Upon the commencement of the 30 minute fireworks display, scheduled to take place from 9:30 p.m. to 10 p.m. on July 4, 2013, the safety zone will increase in size to encompass the navigable waters around and under the fireworks barge within a radius 1,000 feet near position 38°01'06" N, 121°48'32" W (NAD 83) for the City of Antioch Fourth of July Fireworks display in 33 CFR 165.1191, Table 1, Item number 14.

Under the provisions of 33 CFR 165.1191, unauthorized persons or vessels are prohibited from entering into, transiting through, or anchoring in the safety zone during all applicable effective dates and times, unless authorized to do so by the PATCOM. Additionally, each person who receives notice of a lawful order or direction issued by an official patrol vessel shall obey the order or direction. The PATCOM is empowered to forbid entry into and control the regulated area. The PATCOM shall be designated by the Commander, Coast Guard Sector San Francisco. The PATCOM may, upon request, allow the transit of commercial vessels through regulated areas when it is safe to do so. This notice is issued under authority of 33 CFR 165.1191 and 5 U.S.C. 552 (a). In addition to this notice in the **Federal Register**, the Coast Guard will provide the maritime

community with extensive advance notification of the safety zone and its enforcement period via the Local Notice to Mariners.

If the Captain of the Port determines that the regulated area need not be enforced for the full duration stated in this notice, a Broadcast Notice to Mariners may be used to grant general permission to enter the regulated area.

Dated: March 11, 2013.

Cynthia L. Stowe,

Captain, U.S. Coast Guard, Captain of the Port San Francisco.

[Docket No. USCG-2012-1084]

RIN 1625-AA00

Safety Zones; Annual Fireworks Events in the Captain of the Port Buffalo Zone

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending and establishing regulations requiring safety zones for firework events that take place annually within the Captain of the Port Zone Buffalo. This final rule is intended to amend and establish restrictions on vessel access to designated areas on U.S. navigable waterways during certain fireworks displays. The safety zones amended and established by this final rule are necessary to protect spectators, participants, and vessels from the hazards associated with fireworks displays.

DATES: This rule is effective May 23, 2013.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On June 18, 2008, the Coast Guard put 33 CFR 165.939 into effect, which established several permanent safety zones within U.S. navigable waters under the jurisdiction of the Captain of the Port Buffalo (73 FR 28704). Specifically, twenty-six permanent safety zones were established then. These safety zones were put in place to protect the boating public from hazards associated with annually recurring fireworks displays that take place over U.S. navigable waterways. Since those twenty-six safety zones were established in June of 2008, the Coast Guard has not amended 33 CFR 165.939. On February 20, 2013, we published a NPRM entitled Safety Zones; Annual Fireworks Events in the Captain of the Port Buffalo Zone in the **Federal Register** (78 FR 11798). We received 0 comments on the proposed rule.

B. Basis and Purpose

As stated above, 33 CFR 165.939 currently lists twenty-six permanent safety zones within the Captain of the Port Zone Buffalo. Each of these twenty-six safety zones corresponds to an annually recurring fireworks display. During a recent review of 33 CFR 165.939, it was determined that event details for seventeen recurring fireworks displays have changed, seven additional recurring fireworks displays now require that permanent safety zones be implemented, and four permanent safety zones require disestablishment because the corresponding fireworks displays have not occurred for an extended time. In addition, it was noted that the coordinates for the safety zones corresponding with the Browns Football Half time Fireworks and the Lorain Port Fest Fireworks are formatted differently than the other safety zones. Finally, it was noted that the radius of the safety zone associated with the Lorain Port Fest Fireworks is in yards as opposed to

feet. With the above findings in mind, the Coast Guard is amending 33 CFR 165.939 to disestablish four safety zones; to revise the enforcement period, the size, and the location of seventeen other safety zones; and to establish seven new safety zones. Likewise, this rule will amend the Browns Football Half time and the Lorain Port Fest safety zones, to include changing the format of the coordinates and the radius size from yards to feet. The Captain of the Port Buffalo has determined that this amendment is necessary to protect spectators and participants from the hazards associated with maritime fireworks displays.

C. Discussion of Comments, Changes and the Final Rule

As mentioned above, no comments were received from the public in response to the NPRM that preceded this final rule. Furthermore, there were no changes made between the proposed rule and this final rule. Thus, there are no comments and no changes to discuss.

Just as was described in the NPRM, the Captain of the Port Buffalo is amending 33 CFR 165.939. Specifically, this rule will revise 33 CFR 165.939 in its entirety. This revision will include modifications made to the size, location, and enforcement period for seventeen safety zones, the disestablishment of four safety zones, two technical amendments, and the establishment of seven additional safety zones. In total, after this rule goes into effect, 33 CFR 165.939 will contain a total of twenty-nine permanent safety zones. Although this rule will remain in effect year round, the safety zones within it will be enforced only immediately before, during, and after each corresponding event.

The Captain of the Port Buffalo will use all appropriate means to notify the public when the zones in this proposal will be enforced. Consistent with 33 CFR 164.7(a), such means of notification may include, among other things, publication in the **Federal Register** and Broadcast Notice to Mariners notifying the public when enforcement of a safety zones in this section is in effect and when cancelled.

Entry into, transiting, or anchoring within the safety zones is prohibited unless authorized by the Captain of the Port Buffalo or his on-scene representative. The Captain of the Port or his on-scene representative may be contacted via VHF Channel 16.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking.

Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS). We conclude that this rule is not a significant regulatory action because we anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients, and will not raise any novel legal or policy issues. The safety zones contained in this rule will be relatively small and enforced for relatively short time. Also, the safety zones are designed to minimize their impact on navigable waters. Furthermore, the safety zones have been designed to allow vessels to transit around them. Thus, restrictions on vessel movement within the particular areas are expected to be minimal. Under certain conditions, moreover, vessels may still transit through a safety zone when permitted by the Captain of the Port Buffalo.

2. Impact on Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered the impact of this rule on small entities. The Coast Guard received 0 comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule would affect the following entities, some of which might be small entities: The owners and operators of vessels intending to transit or anchor in any one of the below safety zones while the safety zone is being enforced. The below safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: Each safety zone in this rule will be in effect for only a few hours within any given 24 hour period. Each of the safety zones will be in effect only once per year. Furthermore, these safety zones have

been designed to allow traffic to pass safely around each zone. Moreover, vessels will be allowed to pass through each zone at the discretion of the Captain of the Port Buffalo, or his or her designated representative.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

7. Taking of Private Property

This rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

8. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

9. Protection of Children From Environmental Health Risks

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

10. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

11. Energy Effects

This rule is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

12. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

13. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321-4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment and disestablishment of safety zones and, therefore it is categorically excluded

from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a preliminary Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

(ii) *Enforcement Date and Time.* From 9:45 p.m. to 11:00 p.m. on the third weekend of July each year.

(b) *Definitions.* The following definitions apply to this section:

(1) *Designated Representative* means any Coast Guard Commissioned, Warrant, or Petty Officer designated by the Captain of the Port Buffalo to monitor a safety zone, permit entry into the zone, give legally enforceable orders to persons or vessels within the zones, and take other actions authorized by the Captain of the Port.

(2) *Public vessels* means vessels owned, chartered, or operated by the United States or by a State or political subdivision thereof.

(c) *Regulations.* (1) In accordance with the general regulations in section 165.23 of this part, entry into, transiting, or anchoring within any of the safety zones contained in this section during a period of enforcement is prohibited unless authorized by the Captain of the Port Buffalo or his designated on-scene representative.

(2)(i) These safety zones are closed to all vessel traffic, except as may be permitted by the Captain of the Port or his designated representative.

(ii) All persons and vessels must comply with the instructions of the Captain of the Port Buffalo or his designated representative.

(iii) Upon being hailed by the Coast Guard by siren, radio, flashing light or other means, the operator of a vessel shall proceed as directed.

(3)(i) All vessels must obtain permission from the Captain of the Port or his designated representative to enter or move within any safety zone established in this section when the safety zone is enforced.

(ii) Vessels and persons granted permission to enter a safety zone must obey all lawful orders or directions of the Captain of the Port or a designated representative.

(iii) While within a safety zone, all vessels must operate at the minimum speed necessary to maintain a safe course.

(d) *Exemption.* Public vessels, as defined in paragraph (b) of this section, are exempt from the requirements in this section.

(e) *Waiver.* Upon finding that operational conditions or other circumstances are such that application of this section is unnecessary or impractical, the Captain of the Port Buffalo or his designated representative may waive any of the requirements of this section for any vessel.

(f) *Notification.* The Captain of the Port Buffalo will notify the public when the zones in this section will be enforced by all appropriate means. In keeping with 33 CFR 165.7(a), such means of notification may include, but are not limited to Broadcast Notice to Mariners or Local Notice to Mariners and publication of Notices of Enforcement in the **Federal Register**. The Captain of the Port will issue a Broadcast Notice to Mariners notifying the public when enforcement of the safety zones established by this section are in effect and when they are cancelled.

Dated: April 10, 2013.

S.M. Wischmann,

Captain, U.S. Coast Guard, Captain of the Port Buffalo.
