This action is directed to the public in general and may be of interest to a wide range of stakeholders including pesticide registrants, environmental, human health, and agricultural advocates, pesticide users, and members of the public interested in the use of pesticides. This listing is not intended to be exhaustive but rather provides a guide for readers regarding entities likely to be affected by this action. II. What action is the agency taking?

EPA requests public comment on a petition received from CFS that asks EPA to take the following actions:

1. Amend or formally reinterpret the Treated Article Exemption in 40 CFR 152.25(a) to clarify whether the exemption applies to seeds treated with systemic insecticides intended to kill pests of the plants.

2. Enforce FIFRA's registration and labeling requirements for seed products coated with systemic pesticides.

A copy of the petition is available in the docket.

III. What should I consider as I prepare my comments for EPA?

Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.
