

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Lake Berryessa Visitor Services Plan,
Napa County, CA

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Extension of comment period
for review of Draft Environmental
Impact Statement (DEIS).

SUMMARY: The Bureau of Reclamation is extending the review period for the DEIS to March 22, 2004. The notice of availability of the DEIS and notice of public workshop and notice of public hearings was published in the **Federal Register** on October 31, 2003 (68 FR 62097). A notice for an additional open house meeting was published in the **Federal Register** on December 19, 2003 (68 FR 70835). The public review period was originally to end on February 4, 2004.

DATES: Submit comments on the DEIS on or before March 22, 2004.

ADDRESSES: Send comments on the DEIS to Ms. Janet Sierzputowski, Bureau of Reclamation, 2800 Cottage Way (Attn: MP-140), Sacramento, CA 95825.

FOR FURTHER INFORMATION CONTACT: Mr. Stephen Rodgers at 707-966-2111 x106, fax 707-966-0409, or e-mail: srodgers@mp.usbr.gov. A copy of the Executive Summary, DEIS, and/or the technical appendices may be obtained by calling Ms. Sierzputowski at 916-978-5112. The DEIS is also accessible at www.usbr.gov/mp/berryessa.

SUPPLEMENTARY INFORMATION: Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Dated: January 27, 2004.

Frank Michny,

Regional Environmental Officer, Mid-Pacific Region.

BILLING CODE 4310-MN-M

DEPARTMENT OF LABOR

Employment and Training
AdministrationJob Corps: Preliminary Finding of No
Significant Impact (FONSI) for the
Proposed Job Corps Center Located
on Scott Hamilton Drive in Little Rock,
AR

AGENCY: Employment and Training
Administration, Labor.

ACTION: Preliminary Finding of No
Significant Impact (FONSI) for the
proposed Job Corps Center to be located
on Scott Hamilton Drive in Little Rock,
Arkansas.

SUMMARY: Pursuant to the Council on Environmental Quality Regulations (40 CFR part 1500-08) implementing procedural provisions of the National Environmental Policy Act (NEPA), the Department of Labor, Employment and Training Administration, Office of Job Corps, in accordance with 29 CFR 11.11(d), gives notice that an Environmental Assessment (EA) has been prepared for a proposed new Job Corps Center to be located in Little Rock, Arkansas, and that the proposed plan for a new Job Corps Center will have no significant environmental impact. This preliminary Finding of No Significant Impact (FONSI) will be made available for public review and comment for a period of 45 days.

DATES: Comments must be submitted by March 29, 2004.

ADDRESSES: Any comment(s) are to be submitted to Eric Luetkenhaus, Employment and Training Administration, Department of Labor, 200 Constitution Avenue, NW., Room S-4203, Washington, DC 20210, (202) 693-3109 (this is not a toll-free number).

FOR FURTHER INFORMATION CONTACT:

Copies of the EA are available to interested parties by contacting Michael F. O'Malley, Architect, DOL Historic Preservation Officer, U.S. Department of Labor, Employment and Training Administration, 200 Constitution Avenue, NW., Room N-4659, Washington, DC 20210, (202) 693-3108 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: This Environmental Assessment (EA) summary addresses the proposed construction of a new Job Corps Center in Little Rock, Arkansas. The subject property for the proposed Job Corps Center is an approximately 32-acre undeveloped parcel of land owned by Celestica Corporation.

The new center will require construction of nine (9) new buildings.

The proposed Job Corps Center will provide housing, training, and support services for 272 resident students and 28 non-resident students. The current facility utilization plan includes new dormitories, a cafeteria building, administration offices, recreation facilities, and classroom facilities.

The construction of the Job Corps Center on this proposed site would be a positive asset to the area in terms of environmental and socioeconomic improvements, and long-term productivity. The proposed Job Corps Center will be a new source of employment opportunity for people in the central Arkansas area. The Job Corps program provides basic education, vocational skills training, work experience, counseling, health care and related support services. The program is designed to graduate students who are ready to participate in the local economy.

The proposed project will not have any significant adverse impact on any natural systems or resources. No State or Federal threatened or endangered species (proposed or listed) have been identified on the subject property.

The Job Corps Center construction will not affect any existing historic structures, as there are no known historic or archeologically sensitive areas on the proposed property parcel.

Air quality and noise levels should not be affected by the proposed development project. Due to the nature of the proposed project, it would not be a significant source of air pollutants or additional noise, except possibly during construction of the facility. All construction activities will be conducted in accordance with applicable noise and air pollution regulations, and all pollution sources will be permitted in accordance with applicable pollution control regulations.

The proposed Job Corps Center is not expected to significantly increase the vehicle traffic in the vicinity.

The proposed project will not have any significant adverse impact on the surrounding water, sewer, and storm water management infrastructure. The new buildings to be constructed for the proposed Job Corps Center will be tied in to the existing Central Arkansas Water distribution system. The new buildings to be constructed for the proposed Job Corps Center will also be tied in to the existing Little Rock Wastewater Utility system.

Entergy would provide the electricity for the site. This is not expected to create any significant impact to the regional utility infrastructure.

The relocation of the Job Corps Center is not expected to result in a significant
