

'511 and '880 patents. According to the complaint for enforcement, the imported items are digital datasets, which are used to manufacture dental appliances. The notice of institution of an enforcement proceeding noted the threshold issue of whether the accused digital datasets are within the scope of the consent order sought to be enforced, and indicated that the ALJ may wish to consider this issue at an early date.

On November 28, 2012, the ALJ issued Order No. 57, addressing whether the accused digital datasets are articles within the meaning of the consent order. On December 21, 2012, the Commission issued a notice recognizing that Order No. 57 is an ID provided for in the notice of institution of an enforcement proceeding and that the deadline for determining whether to review the ID is January 14, 2013.

On December 6, 2012, respondents filed a petition for review of the ID. On December 13, 2012, complainant and the Commission investigative attorney filed responses.

Having examined the petitions for review, the responses thereto, and the relevant portions of the record, the Commission has determined to review and reverse the subject ID because the subject consent order did not contain an express provision prohibiting the electronic transmission of data. The Commission's determination is dispositive of complainant's claims, and as such, the Commission terminates the enforcement proceeding with a finding of no violation of the consent order. An opinion will follow.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
Issued: January 4, 2013.

Lisa R. Barton,

Acting Secretary to the Commission.
