### Federal Aviation Administration

#### Receipt of Noise Compatibility Program and Request for Review

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces that it is reviewing a proposed noise compatibility program that was submitted for Fresno Yosemite International Airport (FAT) under the provisions of 49 U.S.C. 47504 *et seq.* (the Aviation Safety and Noise Abatement Act, hereinafter referred to as “the Act”) and 14 CFR part 150 by City of Fresno, California. This program was submitted subsequent to a determination by FAA that associated noise exposure maps submitted under 14 CFR part 150 for FAT were in compliance with applicable requirements, effective July 6, 2005 (70 FR 50437–50438). The proposed noise compatibility program will be approved or disapproved on or before October 15, 2008.

**DATES: Effective Date:** The effective date of the start of FM’s review of the noise compatibility program is April 18, 2008. The public comment period ends June 17, 2008.

#### FOR FURTHER INFORMATION CONTACT:

David B. Kessler, AICP, Regional Environmental Protection Specialist, Federal Aviation Administration, Western Pacific Region, P.O. Box 92007, Los Angeles, CA 90009–2007, Telephone 310/725–3615. Comments on the proposed noise compatibility program should also be submitted to the above office.

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA is reviewing a proposed noise compatibility program for FAT, which will be approved or disapproved on or before October 15, 2008. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) Part 150,

promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The City of Fresno initially submitted its noise compatibility program for the subject airport to the FAA on May 26, 2006 (71 FR 33032–33033). In a letter received by FAA on September 15, 2006, the City of Fresno requested that FAA suspend its review and processing of the noise compatibility program in order to modify the document. FAA terminated its formal review of the City of Fresno’s noise compatibility program effective September 15, 2006 (71 FR 56582). The City of Fresno has submitted their revised noise compatibility program to FAA. Therefore, the FAA has formally received the noise compatibility program for FAT, effective on April 18, 2008. The airport operator has requested that the FAA review this material and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise compatibility program under section 47504 of the Act. Preliminary review of the submitted material indicates that it conforms to FAR Part 150 requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before October 15, 2008.

The FAA’s detailed evaluation will be conducted under the provisions of 14 CFR part 150, § 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety or create an undue burden on interstate or foreign commerce, and whether they are reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional noncompatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments relating to these factors, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration,  
National Headquarters, Planning and  
Environmental Division, APP-400,  
800 Independence Avenue, SW.,

### Surface Transportation Board

[STB Finance Docket No. 35133]

#### **Milwaukee Industrial Trade Center, LLC, d/b/a Milwaukee Terminal Railway—Acquisition and Operation Exemption—Line Owned by Milwaukee Industrial Trade Center, LLC, d/b/a Milwaukee Terminal Railway**

Milwaukee Industrial Trade Center,  
LLC, d/b/a Milwaukee Terminal  
Railway (MITC), a noncarrier, has filed  
a verified notice of exemption under 49  
CFR 1150.31<sup>1</sup> to acquire and operate  
approximately 2 miles of rail line<sup>2</sup> that  
is located within MITC's 84-acre plant  
site in Milwaukee, WI.

MITC states that the line connects  
with a rail line owned by Canadian  
Pacific Railway Company, which is  
operated by Wisconsin & Southern  
Railroad Co. MITC further states that the  
rail line to be acquired and operated by  
MITC constitutes a line of railroad for  
which an exemption from the Board is  
required because it is MITC's initial rail

acquisition and operation,  
notwithstanding that it might otherwise  
be considered to be spur, industrial,  
and/or switching track exempt from the  
Board's acquisition and operation  
authority under 49 U.S.C. 10906.<sup>3</sup>

The transaction is expected to be  
consummated no sooner than 30 days  
after the filing of the amended notice of  
exemption, or after the May 16, 2008  
effective date of the exemption.

MITC certifies that its projected  
annual revenues as a result of this  
transaction will not exceed those that  
would qualify it as a Class III rail carrier  
and will not exceed \$5 million.

If the verified notice contains false or  
misleading information, the exemption  
is void *ab initio*. Petitions to revoke the  
exemption under 49 U.S.C. 10502(d)  
may be filed at any time. The filing of  
a petition to revoke will not  
automatically stay the effectiveness of  
the transaction. Petitions for stay must  
be filed no later than May 9, 2008 (at  
least 7 days before the exemption  
becomes effective).

Pursuant to the Consolidated  
Appropriations Act, 2008, Public Law  
110-161 section 193, 121 Stat. 1844  
(2007), nothing in this decision  
authorizes the following activities at any  
solid waste rail transfer facility:  
Collecting, storing, or transferring solid  
waste outside of its original shipping  
container; or separating or processing  
solid waste (including baling, crushing,  
compacting, and shredding). The term  
"solid waste" is defined in section 1004  
of the Solid Waste Disposal Act, 42  
U.S.C. 6903.

An original and 10 copies of all  
pleadings, referring to STB Finance  
Docket No. 35133, must be filed with  
the Surface Transportation Board, 395 E  
Street, SW., Washington, DC 20423-  
0001. In addition, one copy of each  
pleading must be served on Thomas F.  
McFarland, Thomas F. McFarland, P.C.,  
208 South LaSalle Street, Suite 1890,  
Chicago, IL 60604-1112.

Board decisions and notices are  
available on our Web site at <http://www.stb.dot.gov>.

Decided: April 23, 2008.

By the Board, David M. Konschnik,  
Director, Office of Proceedings.

<sup>1</sup> The notice of exemption in this proceeding  
originally was filed on April 14, 2008, but was  
amended on April 16, 2008. Therefore, the official  
filing date for the notice of exemption is April 16,  
2008.

<sup>2</sup> The rail line proposed to be acquired and  
operated by MITC has been privately owned track,  
which was formerly owned by A.O. Smith Corp.,  
then by Tower Automotive, Inc., and now by MITC.

### United States Mint

#### **Notification of 2008 American Eagle Platinum Proof Coin Pricing**

**SUMMARY:** The United States Mint is  
setting prices for the 2008 American  
Eagle Platinum Proof Coins.

Pursuant to the authority that 31  
U.S.C. 5111(a) and 5112(k) grant the  
Secretary of the Treasury to mint and  
issue platinum coins, and to prepare  
and distribute numismatic items, the  
United States Mint mints and issues  
2008 American Eagle Platinum Proof  
Coins in four denominations with the  
following weights: One-ounce, one-half  
ounce, one-quarter ounce, one-tenth  
ounce. The United States Mint also  
produces American Eagle Platinum  
Proof four-coin sets that contain one  
coin of each denomination. In  
accordance with 31 U.S.C. 9701(b)(2)(B),  
the United States Mint is setting the  
price of these coins to reflect increases  
in the market price of platinum.

Accordingly, the United States Mint  
will commence selling the following  
2008 American Eagle Platinum Proof  
Coins according to the following price  
schedule:

| Description                                    | Price      |
