Extension of Award Period for FY 2007 Coastal and Estuarine Land Conservation Program Grants

AGENCY: National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice.

SUMMARY: The National Oceanic and Atmospheric Administration, National Ocean Service publishes this notice to announce that for those grants issued in fiscal year 2007 that are due to expire on September 30, 2010, NOAA may extend the financial assistance award period for up to six additional months, providing for a potential maximum award duration of three years and six months.

DATES: The provisions in this notice are implemented as of September 15, 2010. Award recipients who wish to avail themselves of the extension to the award period should contact their Program Officer by September 30, 2010 to inform them of their intent to seek an extension.

FOR FURTHER INFORMATION CONTACT: For further information, contact: Elaine Vaudreuil, 301-713-3155 ext. 103, Elaine.Vaudreuil@noaa.gov.

SUPPLEMENTARY INFORMATION: The Coastal and Estuarine Land Conservation Program was established pursuant to Public Law 107-77 for the purpose of protecting important coastal and estuarine areas that have significant conservation, recreation, ecological, historical, or aesthetic values, or that are threatened by conversion from their natural or recreational state to other uses. In accordance with Public Law 107-77, CELCP published in the **Federal Register** on June 17, 2003 (68 FR 35860) program guidelines delineating the criteria for grant awards. The Final Guidelines for the Coastal and Estuarine Land Conservation Program (CELCP) outline a planning process for states to identify the conservation needs and priorities within each state; provide the information necessary for eligible coastal states to develop land conservation plans and nominate projects to a national competitive selection process; and delineate the criteria for grant awards. Consistent with the criteria for grants awards in the

Final Guidelines, the standard financial assistance award period for these awards is 18 months, which can be extended an additional 18 months if circumstances warrant, but may not exceed three years.

Several FY 2007 awards, whose award period is set to expire on September 30, 2010, have experienced circumstances late in the process that precluded their completion within the three-year timeframe provided in the CELCP Guidelines. Although the Final Guidelines indicate that the financial assistance award period may not exceed three years, NOAA is extending the maximum potential award duration for those FY 2007 grants in an open status on September 29, 2010, from three years to three years and six months, ending no later than March 31, 2011, in order to enable projects to be completed and funds expended for their intended purpose.

Award recipients who wish to avail themselves of the extension to the award period should contact their Program Officer by September 30, 2010 to inform them of their intent to seek an extension.

This extension applies to only FY 2007 CELCP awards in an open status on September 29, 2010. This notice does not modify any provision in the Final Guidelines for the Coastal and Estuarine Land Conservation Program published on June 17, 2003.
