(1) *Type of Information Collection:* New Collection.

(2) *Title of the Form/Collection:* Survey of Infectious Disease in Correctional Facilities.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: none. National Institute of Justice (NIJ), Office of Justice Programs (OJP), Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Business or other for-profit, Not-for-profit institutions, and the Federal Government. The Survey of Infectious Diseases in Correctional Facilities addresses the need for information about disease prevention, education, diagnosis, and treatment in prisons and jails. Sponsored by the NIJ and the Centers for Disease Control and Prevention (CDC), the survey is designed to identify and analyze practices for addressing infectious diseases in adult facilities nationwide, as well as to gather aggregate data on sexually transmitted diseases (STDs) and tuberculosis (TB) test results. The survey includes a section on Hepatitis A, B and C. Data and information collected from this section will serve as baseline documentation for levels of adherence to forthcoming CDC guidelines on the prevention and treatment of hepatitis in correctional facilities. Survey respondents are the 50 State correctional systems, the Federal Bureau of Prisons, the 50 largest city and county jail systems, the five largest tribal facilities, five city and county jails in smaller cities, and ten regional or rural county jails. This survey will be conducted by mail, with extensive telephone follow-up. A validation survey using subset instruments will be conducted with 50 prison facilities from 10 States and the Federal system. NIJ, CDC, and Abt Associates Inc. have worked together closely to develop the survey instrument to address emerging
