Enterprise Texas Pipeline LLC; Notice of Compliance Filing

November 19, 2007.

Take notice that on November 13, 2007, Enterprise Texas Pipeline LLC filed a Report of Refunds in compliance with the Commission's letter order issued on September 4, 2007 in Docket Nos. PR07-12-000 and PR07-12-001.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed on or before the date as indicated below. Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. Alabama Power Company; Notice of Availability Of Environmental Assessment

November 19, 2007.

An environmental assessment (EA) is available for public review. The EA was prepared for an application filed by Alabama Power Company (licensee) on October 23, 2007, and supplemented on November 14, 2007, requesting Commission approval for a drought-based temporary variance to the Martin Project (FERC No. 349) rule curve and associated temporarily modified minimum flows from the Thurlow development of the Yates and Thurlow Project (FERC No. 2407). The projects are located on the Tallapoosa River in the counties of Coosa, Elmore and Tallapoosa, Alabama.

The EA evaluates the environmental impacts that would result from approving the licensee's temporary variance to the Martin Project rule curve and associated minimum flow modification from the Thurlow Development. The EA finds that approval of the application would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review in the Commission's Public Reference Room. A copy of the EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-349) in the docket number field to access the document. Jordan Cove Energy Project, L.P.; Notice of Technical Conference

November 19, 2007.

On Wednesday, December 12, 2007, at 9 a.m. (PST), staff of the Office of Energy Projects will convene an engineering design and technical conference regarding the proposed Jordan Cove LNG import terminal. The conference will be held at the Red Lion Hotel in Coos Bay, Oregon. The hotel is located at 1313 N Bayshore Dr. #1, Coos Bay, OR 97420. For hotel details call (541) 267-4141.

In view of the nature of critical energy infrastructure information and security issues to be explored, the cryogenic conference will not be open to the public. Attendance at this conference will be limited to existing parties to the proceeding (anyone who has specifically requested to intervene as a party) and to representatives of interested federal, state, and local agencies. Any person planning to attend the December 12th cryogenic conference *must register* by close of business on Monday, December 10, 2007. Registrations may be submitted either online at <http://www.ferc.gov/whats-new/registration/cryo-conf-form.asp> or by faxing a copy of the form (found at the referenced online link) to 202-208-0353. All attendees must sign a non-disclosure statement prior to entering the conference. Upon arrival at the hotel, check the reader board in the hotel lobby for venue. For additional information regarding the cryogenic conference, please contact Steven Busch at 202-502-6353.
