#### IV. Provisions of the Final Notice

##### A. Differences Between CIHQ's Standards and Requirements for Accreditation and Medicare Conditions and Survey Requirements

We compared CIHQ's psychiatric hospital accreditation program requirements and survey process with the Medicare CoPs at 42 CFR part 482 subpart A, B, C and E, and the survey and certification process requirements of parts 488 and 489. Our review and evaluation of CIHQ's psychiatric hospital application, which were conducted as described in section III of this final notice, yielded the following areas where, as of the date of this final notice, CIHQ has revised its standards and certification processes in order to meet the requirements at § 488.26(b). CIHQ revised its requirements to provide additional guidance and instruction to surveyors on determining the appropriate level of citation for Life Safety Code deficiencies.

##### B. Term of Approval

Based on our review and observations described in section III of this final notice, we have determined that CIHQ's psychiatric hospital accreditation program requirements meet or exceed our requirements, and its survey processes are also comparable. Therefore, we approve CIHQ as a national AO for psychiatric hospitals that request participation in the Medicare program, effective November 1, 2023 through November 1, 2027.
