II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 26, 2018, the Exchange amended Rule 5635(d)(1)(A) to change the definition of market value for purposes of the shareholder approval rule and eliminate the requirement for shareholder approval of issuances at a price less than book value but greater than market value (the "Amendment").³ As revised, Rule 5635(d) requires a Nasdaq-listed company to obtain shareholder approval prior to the issuance of securities in connection with a transaction other than a public offering⁴ involving the sale, issuance or potential issuance by the company of common stock (or securities convertible into or exercisable for common stock), which alone or together with sales by officers, directors or Substantial Shareholders⁵ of the company, equals 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance (a "20% Issuance") at a price that is less than the Minimum Price. Rule 5635(d)(1)(A) defines "Minimum Price" as a price that is the lower of: (i) The closing price (as reflected on *Nasdaq.com*) immediately preceding the signing of the binding agreement; or (ii) the average closing price of the common stock (as reflected on *Nasdaq.com*) for the five trading days immediately preceding the signing of the binding agreement.

Prior to the Amendment, shareholder approval was required for a 20% Issuance at a price less than the greater of book or market value.⁶ In the

⁴ See Nasdaq Rule IM-5635-3 (Definition of a Public Offering).

⁵ An interest consisting of less than either 5% of the number of shares of common stock or 5% of the voting power outstanding of a Company or party will not be considered a substantial interest or cause the holder of such interest to be regarded as a "Substantial Shareholder." See Nasdaq Rule 5635(e)(3).

⁶ "Market value" is defined in Nasdaq Rule 5005(a)(23) as the consolidated closing bid price

Exchange's proposal to use the closing price reported on Nasdaq.com, rather than the market value, the Exchange explained that "[t]he closing price reported on Nasdaq.com is the Nasdaq Official Closing Price, which is derived from the closing auction on Nasdaq and reflects actual sale prices at one of the most liquid times of the day."⁷ At the time, Nasdaq believed that "codify[ing] within the rule that Nasdaq.com is the appropriate source of the closing price information" would "assure that companies and investors use the Nasdaq Official Closing Price when pricing transactions."⁸ However, Rule 5635(d)(1)(A) does not specify that the closing price refers to the Nasdaq Official Closing Price, which may create confusion. Nasdaq proposes to amend Rule 5635(d)(1)(A) to revise "closing price (as reflected on Nasdaq.com)" to "Nasdaq Official Closing Price (as reflected on Nasdaq.com)."⁹ The Exchange believes that this change will reflect the Exchange's original intention in adopting the Amendment.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹¹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by eliminating potential confusion and enhancing clarity and transparency in its rules. The proposal is consistent with

multiplied by the measure to be valued (e.g., a company's market value of publicly held shares is equal to the consolidated closing bid price multiplied by a company's publicly held shares). See Nasdaq Rule 5005(a)(23).

⁷ See Securities Exchange Act Release No. 82702 (February 13, 2018), 83 FR 7269 (February 20, 2018) at 7270. See also Approval Order at 49602 ("the proposal to use the Nasdaq Official Closing Price for purposes of market value should help to ensure transparency to investors in calculating market value for purposes of the rule.").

⁹ See Nasdaq Rule 4754(b)(4) ("All orders executed in the Nasdaq Closing Cross will be executed at the Nasdaq Closing Cross price, trade reported anonymously, and disseminated via the consolidated tape. The Nasdaq Closing Cross price will be the Nasdaq Official Closing Price for stocks that participate in the Nasdaq Closing Cross. Fifteen minutes after the close of trading, Nasdaq will disseminate via the network processor a trade message setting the Nasdaq Official Closing Price as the official Consolidated Last Sale Price in each Nasdaq-listed security in which one round lot or more is executed in the Nasdaq Closing Cross where the closing price differs from the Consolidated Last Sale Price.").

the Exchange's original intent as approved by the Commission and does not have any substantive effect on the rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is designed to more clearly describe the current operation and original intent of an existing rule without changing its substance and, therefore, Nasdaq believes that the proposed change will not impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁴ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁵ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that Rule 5635(d)(1)(A) may be amended to reflect the Exchange's original intent and reduce potential confusion for companies and investors.

The Commission believes that waiver of the operative delay should, as noted

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

by Nasdaq, help to avoid potential confusion for investors and listed companies. The Commission further notes that the current proposal is consistent with Nasdaq's original proposal to adopt the current rule language.¹⁶ For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal as operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88058; File No. SR-NYSE-2020-04]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 104(f)(5) To Extend the Operative Date of the Requirements of Rules 104(f)(2) and (3) to Exchange Traded Products

January 28, 2020.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 ("Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that on January 17, 2020, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 104(f)(5) to extend the operative date of the requirements of Rules 104(f)(2) and (3) to Exchange Traded Products ("ETPs") to no later than eighteen weeks after ETPs listed on the Exchange pursuant to Rules 5P and 8P begin trading. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 104(f)(5) to extend the operative date of the requirements of Rules 104(f)(2) and (3) to ETPs to no later than eighteen weeks after ETPs listed on the Exchange pursuant to Rules 5P and 8P begin trading.

Rule 104(f) imposes an affirmative obligation on Designated Market Makers ("DMM") to maintain, insofar as reasonably practicable, a fair and orderly market on the Exchange in assigned securities, including maintaining price continuity with reasonable depth and trading for the DMM's own account when lack of price continuity, lack of depth, or disparity between supply and demand exists or is reasonably to be anticipated. The Exchange supplies DMMs with suggested Depth Guidelines for each security in which a DMM is registered, and DMMs are expected to quote and trade with reference to those Depth Guidelines.⁴

The Exchange amended Rule 104 to specify DMM requirements for ETPs listed on the Exchange pursuant to

Rules 5P and 8P.⁵ In that filing, the Exchange added subsection (5) to Rule 104(f) providing that, for those ETPs in which they are registered, DMM units are responsible for the affirmative obligation of maintaining a fair and orderly market, including maintaining price continuity with reasonable depth for their registered ETPs in accordance with Depth Guidelines published by the Exchange. To provide the Exchange time to collect trading data adequate to calculate appropriate Depth Guidelines for listed ETPs, the Exchange proposed that Rule 104(f)(2) and (3) would not be operative until eighteen weeks after the approval of the proposed rule change by the Commission.⁶ The Commission approved the rule filing on September 23, 2019. Rules 104(f)(2) and (3) would accordingly be operative for ETPs on January 27, 2020.

To date, no ETPs have listed on the Exchange. In order to provide the Exchange with adequate time to calculate the appropriate Depth Guidelines for ETPs based on actual trading data, the Exchange proposes to specify in Rule 104(f)(5) that the outside date for the requirements Rule 104(f)(2) and (3) to be operative with respect to ETPs would be no later than eighteen weeks after ETPs listed on the Exchange pursuant to Rules 5P and 8P begin trading.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Sections 6(b)(5) of the Act,⁸ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that delaying implementation of Depth Guidelines no later than eighteen weeks after ETPs listed on the Exchange pursuant to Rules 5P and 8P begin trading would remove impediments to
