**SUPPLEMENTARY INFORMATION:** This document provides notice that the BLM Spokane District Office, Washington,

intends to prepare an RMP with an associated EIS for the Monument, announces the beginning of the scoping process, and seeks public input on issues and planning criteria. The planning area is located in San Juan, Whatcom, and Skagit Counties, Washington, and encompasses approximately 995 acres of public land. The Monument was established on March 25, 2013, by Presidential Proclamation (Proclamation) for the purposes of protecting objects of historical and scientific interest and enhancing areas of unique and varied natural, historical, and scientific resources for the benefit of all Americans. The Proclamation specified that the BLM “shall prepare and maintain a management plan for the monument and shall establish an advisory committee under the Federal Advisory Committee Act (5 U.S.C. App.) to provide information and advice regarding the development of such plan.” The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process.

Preliminary issues for the planning area have been identified by BLM personnel; Federal, State, and local agencies; and other stakeholders. The issues include those associated with the objects and resources for which the monument was designated, including cultural and ecological values and wildlife; opportunities for recreation and interpretation; traditional uses and tribal interests; land use authorizations, such as rights-of-way for access; and travel and transportation management. Preliminary planning criteria include: (1) The plan will adhere to the mandates of the Proclamation that established the Monument; (2) the plan will be developed in compliance with FLPMA, NEPA, and all other applicable laws, regulations, Executive and Secretarial Orders, and policies; (3) public participation and collaboration will be an integral part of the planning process; (4) the planning process will provide for ongoing consultation with Native American tribal governments and strategies for protecting traditional uses; (5) the BLM will work collaboratively with cooperating agencies and all other interested groups, agencies, and individuals; (6) the BLM will work collaboratively with the Monument Advisory Committee established for this planning process; and (7) the plan will recognize the jurisdiction of other Federal, State, and local agencies and will encourage cooperative partnerships
