

at the time of confirmation or delivery of the securities. The form also may be used by the Commission in its regulatory review, inspection, and policy-making roles.

The Commission estimates that there are 77 initial registration statements and 2,320 post-effective amendments to initial registration statements filed on Form N-1A annually and that the average number of portfolios referenced in each initial filing and post-effective amendment is 4.9. The Commission further estimates that the hour burden for preparing and filing a post-effective amendment on Form N-1A is 111 hours per portfolio. The total annual hour burden for preparing and filing post-effective amendments is 1,261,848 hours (2,320 post-effective amendments $\times$ 4.9 portfolios $\times$ 111 hours per portfolio). The estimated annual hour burden for preparing and filing initial registration statements is 313,336 hours (77 initial registration statements $\times$ 4.9 portfolios $\times$ 830.47 hours per portfolio). The total annual hour burden for Form N-1A, therefore, is estimated to be 1,575,184 hours (1,261,848 hours + 313,336 hours).

The information collection requirements imposed by Form N-1A are mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
