SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau requests clearance
for the collection of data through the
Internet and Computer Use Supplement
which will be conducted in conjunction
with the September 2001 CPS. The
Census Bureau, the Bureau of Labor
Statistics, the National Center for
Education Statistics, and the National
Telecommunications and Information
Administration are jointly sponsoring
this data collection. Title 13, United
States Code, section 182 and Title 29,
United States Code, sections 1–9
authorize the collection of CPS
information.

All four agencies have definite
objectives in conducting this data
collection; some of which are shared
among them, and others of which are
solely their own. They all share the goal
of disseminating information on the
penetration of computer and Internet
technology in the United States and the
uses of this technology by households
and individuals.

This survey will provide a source of
national and state level data on the

demographic, social, and economic characteristics of Internet users and non-users. The development of statistical profiles of disadvantaged groups and specific geographic areas will permit public-private partnerships to target assistance to those that are most in need. It will provide information on where users access the Internet (at home, work, school, or other facility), the features used, and the reasons for nonuse of the Internet.

II. Method of Collection

The computer use information will be collected by both personal visits and telephone interviews in conjunction with the regular September CPS interviewing. All interviews are conducted using computer-assisted interviewing.

III. Data

OMB Number: Not Applicable.

Form Number: There are no forms. We conduct all interviews on computers.

Type of Review: Regular.

Affected Public: Households.

Estimated Number of Respondents: 57,000.

Estimated Time Per Response: 8 minutes.

Estimated Total Annual Burden Hours: 7,600.

Estimated Total Annual Cost: The only cost to respondents is that of their time to answer the CPS questions.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, section 182 and Title 29, United States Code, sections 1-9.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of collecting the information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection and will become a matter of public record.

Dated: April 19, 2001.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Annual Trade Survey (ATS) provides a sound statistical basis for the formation of policy by other government agencies. It provides continuing and timely national statistics on wholesale trade augmenting the period between economic censuses, and is a continuation of similar wholesale trade surveys conducted each year since 1978. The data that the Bureau collects with the ATS: annual sales, end-of-year inventories, and purchases are applicable to a variety of public and business needs. The Census Bureau collects these annual data from firms reporting in the Monthly Wholesale Trade Survey (MWTS) as well as an additional sample of firms selected specifically for the annual survey. The annual collection is mandatory, whereas response to the monthly is voluntary.

Estimates developed in the ATS are used to benchmark the monthly sales and inventories series. The firms canvassed in this survey are not required to maintain any additional records since carefully prepared estimates are acceptable if book figures are not available.

II. Method of Collection

We will collect this information by mail, FAX and telephone follow-up.
