The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain light emitting diode chips, laser diode chips, and products containing same by reason of infringement of certain claims of U.S. Patent No. 5,252,499. The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337. The complaint names numerous respondents.

On October 30, 2009, complainant Rothschild and respondent Dalian Lumei jointly moved to terminate the investigation as to Dalian Lumei based on a settlement agreement.
