

conduct the Census of Agriculture. This request is part of an on-going initiative to improve NASS surveys, as recommended by both its own guidelines and those of OMB.

In the last decade, state-of-the-art techniques have been increasingly instituted by NASS and other Federal agencies and are now routinely used to improve the quality and timeliness of survey data and analyses, while simultaneously reducing respondents' cognitive workload and burden. The purpose of this generic clearance is to allow NASS to continue to adopt and use these state-of-the-art techniques to improve its current data collections on agriculture. They will also be used to aid in the development of new surveys.

NASS envisions using a variety of survey improvement techniques, as appropriate to the individual project under investigation. These include focus groups, cognitive and usability laboratory and field techniques, exploratory interviews, behavior coding, respondent debriefing, pilot surveys, and split-panel tests.

Following standard OMB requirements NASS will submit a change request to OMB individually for each survey improvement project it undertakes under this generic clearance and provide OMB with a copy of the questionnaire (if one is used), and all other materials describing the project.

These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-113) and Office of Management and Budget regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995).

Estimate of Burden: Public reporting burden for these collections of information is estimated to average from 30 minutes to 2 hours per respondent, dependant upon the survey and the technique used to test for that particular survey.

Respondents: Farms, ranchers, farm managers, farm contractors, agribusinesses, and households.

Estimated Number of Respondents: 1,100.

Frequency of Responses: On occasion.

Estimated Total Annual Burden: 1,700 hours.

Copies of this information collection and related instructions can be obtained without charge from the NASS Clearance Officer, at (202) 720-2248.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, February 19, 2008.

SUPPLEMENTARY INFORMATION:

Title: Farm and Ranch Irrigation Survey.

OMB Control Number: 0535-0234.

Type of Request: Intent to Seek Approval to Reinstate and Revise an Information Collection.

Abstract: The Farm and Ranch Irrigation Survey is conducted every 5 years as authorized by the Census of Agriculture Act of 1997 (Pub. L. No. 105-113). The 2008 Farm and Ranch Irrigation Survey will use a probability sample of all farms and a sample of horticultural operations that reported irrigation on the 2007 Census of Agriculture. This irrigation survey for commodities other than horticultural specialties will provide a comprehensive inventory of farm irrigation practices with detailed data relating to acres irrigated by category of land use, acres and yields of irrigated and non-irrigated crops, quantity of water applied, and method of application to selected crops. Also included will be 2008 expenditures for maintenance and repair of irrigation equipment and facilities; purchase of energy for on-farm pumping of irrigation water; investment in irrigation equipment, facilities, and land improvement; cost of water received from off-farm water supplies; and questions related to water reuse and security. The irrigation survey for horticultural specialties will provide the land area irrigated and source of water by state, and the irrigation by method used by State. A new combined table will be published showing the total estimated quantity of water applied for crops including horticultural specialties. Irrigation data are used by the farmers, their representatives, government agencies, and many other groups concerned with the irrigation industry and water use issues. This survey will provide the only source of dependable, comparable irrigation data by State. NASS will use the information collected only for statistical purposes and will publish the data only as tabulated totals.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-113) and Office of Management and Budget regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995).

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 20 minutes per response.

Respondents: Farmers, Ranchers, Farm Managers, and producers of Nursery, Greenhouse and Floricultural Products.

Estimated Number of Respondents: 50,000.

Estimated Total Annual Burden on Respondents: 16,700 hours.

Copies of this information collection and related instructions can be obtained without charge from NASS Clearance Officer, at (202) 720-2248.

Comments Are Invited On: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Foreign-Trade Zones Board

[Order No. 1543]

Expansion of Foreign-Trade Zone 202 Los Angeles, California, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Board of Harbor Commissioners of the City of Los Angeles, grantee of Foreign-Trade Zone 202, submitted an application to the Board for authority to expand its zone to include a site within the Tejon Industrial Complex (Site 23—177 acres) in Lebec, California, adjacent to the Los Angeles-Long Beach Customs and Border Protection port of entry (FTZ Docket 44-2006, filed 11/8/06);

Whereas, notice inviting public comment was given in the **Federal Register** (71 FR 66499, 11/15/06) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, therefore, the Board hereby orders:

The application to expand FTZ 202 is approved, subject to the FTZ Act and the Board's regulations, including section 400.28, subject to the Board's standard 2,000-acre activation limit for the overall general-purpose zone project, and further subject to a sunset provision that would terminate authority on March 31, 2013, for Site 23 where no activity has occurred under FTZ procedures before that date.

Signed at Washington, DC, this 27th day of February 2008.

David M. Spooner,
Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.
