[USCG-2005-21232]

Beacon Port LLC, Liquefied Natural Gas Deepwater Port License Application

AGENCY: Coast Guard, DHS; Maritime Administration, DOT.

ACTION: Notice of application.

SUMMARY: The Coast Guard and the Maritime Administration (MARAD) announce that they have received an application for the licensing of a natural gas deepwater port, and that the application appears to contain the required information. This notice summarizes the applicant's plans and the procedures that will be followed in considering the application.

DATES: The Deepwater Port Act of 1974, as amended, requires any public hearing on this application to be held not later than January 19, 2006, and requires a decision on the application to be made not later than April 19, 2006.

ADDRESSES: The public docket for USCG-2005-21232 is maintained by the: Docket Management Facility, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001.

Docket contents are available for public inspection and copying, at this address, in room PL-401, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Facility's telephone is 202-366-9329, its fax is 202-493-2251, and its Web site for electronic submissions or for electronic access to docket contents is <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Commander Kevin Tone, U.S. Coast Guard, telephone: 202-267-0226, e-mail: KTone@comdt.uscg.mil. If you have questions on viewing the docket, call Andrea M. Jenkins, Program

Manager, Docket Operations, telephone: 202-366-0271.

SUPPLEMENTARY INFORMATION:

Receipt of application

On January 18, 2005, the Coast Guard and MARAD received an application from Beacon Port LLC, 600 N. Dairy Ashford, Houston, TX 77079-1175 for all Federal authorizations required for a license to own, construct, and operate a deepwater port governed by the Deepwater Port Act of 1974, as amended, 33 U.S.C. 1501 *et seq.* (the Act). A portion of the original submission did not contain sufficient information. On April 16, 2005, we received revised information which enabled us to complete our review. On May 10, 2005, we determined that the application appeared to contain all information required by the Act.

Background

According to the Act, a deepwater port is a fixed or floating manmade structure other than a vessel, or a group of structures, located beyond State seaward boundaries and used or intended for use as a port or terminal for the transportation, storage, and further handling of oil or natural gas for transportation to any State.

A deepwater port must be licensed by the Secretary of Transportation. Statutory and regulatory requirements for licensing appear in 33 U.S.C. 1501 *et seq.* and in 33 CFR Part 148. Under delegations from and agreements between the Secretary of Transportation and the Secretary of Homeland Security, applications are processed by the Coast Guard and MARAD. Each application is considered on its merits.

The Act provides strict deadlines for processing an application. Once a notice is published indicating that an application appears to contain the required information, we must hold public hearings on the application within 240 days, and the Secretary of Transportation must render a decision on the application within 330 days. We will publish additional **Federal Register** notices to inform you of these public hearings and other procedural milestones, including environmental review. The Secretary's decision, and other key documents, will be filed in the public docket.

At least one public hearing must take place in each adjacent coastal State. For purposes of the Act, Louisiana and Texas are the adjacent coastal States for this application. Other States can apply for adjacent coastal State status in accordance with 33 U.S.C. 1508(a)(2).
