2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr>.

A draft agenda is under development and will be posted by October 27, 2008, on EPA’s website at: <http://www.epa.gov/pesticides/ppdc/>.

II. Background

EPA’s Office of Pesticide Programs (OPP) is entrusted with the responsibility to help ensure the safety of the American food supply, the education and protection from unreasonable risk of those who apply or are exposed to pesticides occupationally or through use of products, and general protection of the environment and special ecosystems from potential risks posed by pesticides.

The Charter for EPA’s Pesticide Program Dialogue Committee (PPDC) was established under the Federal Advisory Committee Act (FACA), Public Law 92-463, in September 1995, and was renewed November 2, 2007, for another 2-year period. The purpose of PPDC is to provide advice and recommendations to the EPA Administrator on issues associated with pesticide regulatory development and reform initiatives, evolving public policy and program implementation issues, and science issues associated with evaluating and reducing risks from use of pesticides. It is determined that PPDC is in the public interest in connection with the performance of duties imposed on the Agency by law. The following sectors are represented on the PPDC: Pesticide industry and trade associations; environmental/public interest, consumer, and animal rights groups; farm worker organizations; pesticide user, grower, and commodity groups; Federal and State/local/Tribal governments; the general public; academia; and public health organizations. The objective of the PPDC Work Group on Web-Distributed Labeling is to provide advice regarding a process to ensure that the most current version of pesticide labeling is available to purchasers and users electronically.

Copies of the PPDC Charter are filed with appropriate committees of

Congress and the Library of Congress and are available upon request.

III. How Can I Request to Participate in this Meeting?

PPDC meetings are open to the public and seating is available on a first-come basis. Persons interested in attending do not need to register in advance of the meeting.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8734-4]

Public Water System Supervision Program Revisions for the State of Minnesota

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval.

SUMMARY: Notice is hereby given that the State of Minnesota is revising its approved Public Water System Supervision Program. Minnesota has revised the following rules: Disinfectants/Disinfection Byproducts Rule (DBPR); Interim Enhanced Surface Water Treatment Rule (IESWTR); Long Term 1 Enhanced Surface Water Treatment Rule; Small Public Water Systems Unregulated Contaminant Monitoring Requirements, Suspension; Chemical and Microbiological Contaminants, Analytical Methods and Laboratory Certification Requirements Revisions; IESWTR, Stage 1 DBPR and State Primacy Requirements, Revisions; Pollutant Analysis, Test Procedures, Guidelines Establishment; IESWTR, Stage 1 DBPR and State Primacy Requirements, Revisions; and IESWTR, Stage 1 DBPR and State Primacy Requirements, Revisions, Correction; Radionuclides Rule; Arsenic and Clarifications to Compliance and New Source Contamination Monitoring Rule; Filter Backwash Recycling Rule; Analytical Method for Coliforms and *E. coli* Rule; Lead and Copper Minor Revisions Rule; Analytical Method for Uranium Rule; Public Notification Rule; Removal of the Chloroform Maximum Contaminant Level Goal Rule;

Guidelines for Establishing Test Procedures for the analysis of Pollutants; and minor clarifications, revisions or corrections to previously adopted rules.

EPA has determined that these revisions by the State are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these revisions to the State of Minnesota’s Public Water System Supervision Program. This approval action does not extend to public water systems in Indian Country, as the term is defined in 18 U.S.C. 1151. By approving these rules, EPA does not intend to affect the rights of federally recognized Indian Tribes in Minnesota, nor does it intend to limit existing rights of the State of Minnesota. Any interested party may request a public hearing. A request for a public hearing must be submitted by November 24, 2008, to the Regional Administrator at the EPA Region 5 address shown below. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. However, if a substantial request for a public hearing is made by November 24, 2008, EPA Region 5 will hold a public hearing. If EPA Region 5 does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become final and effective on November 24, 2008. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person’s interest in the Regional Administrator’s determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection at the following offices: Minnesota Department of Health, 625 North Robert Street, P.O. Box 64975, St. Paul, Minnesota 55164-0975, between the hours of 8:30 a.m. and 4 p.m., Monday through Friday, and the United States Environmental Protection Agency, Region 5, Ground Water and Drinking Water Branch (WG-15J), 77 West Jackson Boulevard, Chicago, Illinois 60604, between the hours of 9 a.m. and 4:30 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT:

Janet Kuefler, EPA Region 5, Ground Water and Drinking Water Branch, at the address given above, by telephone at (312) 886-0123, or at kuefler.janet@epa.gov.

Authority: Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 3006-2 (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: October 2, 2008.

Lynn Buhl,

Regional Administrator, Region 5.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Approved by the Office of Management and Budget

October 16, 2008.

SUMMARY: The Federal Communications Commission has received Office of Management and Budget (OMB) approval for the following public information collection(s) pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number. Comments concerning the accuracy of the burden estimate(s) and any suggestions for reducing the burden should be directed to the person listed in the "FOR FURTHER INFORMATION CONTACT" section below.

FOR FURTHER INFORMATION CONTACT:

Leslie Haney, Leslie.Haney@fcc.gov, (202) 418-1002.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0987.

OMB Approval Date: October 16, 2008.

Expiration Date: October 31, 2011.

Title: 911 Callback Capability: Non-initialized Handsets (47 CFR sections 20.18(l)(1)(i-iii), 20.18(l)(2)(i-iii)).

Form No.: Not applicable.

Estimated Annual Burden: 226,398 responses; 0.014457 hours per response (range of 30 seconds for labeling each handset to one hour for each respondent's public education effort); 3,273 hours total per year.

Obligation to Respond: Mandatory (47 CFR sections 20.18(l)(1)(i-iii), 20.18(l)(2)(i-iii)).

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: In 2003, the Commission modified 47 CFR Section 20.18(l) to further improve the ability of public safety answering points (PSAPs) to respond to calls for emergency assistance made from non-service initialized wireless mobile handsets. Non-service-initialized wireless mobile handsets (non-initialized handsets) are not registered for service with any Commercial Mobile Radio Service (CMRS) licensee. A non-initialized handset lacks a dialable number, but is programmed to make outgoing 911 calls. These requirements also apply to manufacturers of 911-only handsets that are manufactured after May 3, 2004.

47 CFR Sections 20.18(l)(1)(i) and 20.18(l)(2)(i). Licensees that donate non-initialized handsets for purposes of providing access to 911 services and manufacturers of "911-only" handsets are required to program each handset with 911, plus the decimal representation of the seven least significant digits of the Electronic Serial Number (ESN), International Mobile Equipment Identifier, or any other identifier unique to that handset (911-xxx-xxxx). This unique number is conveyed to the PSAP when "911" is dialed.

47 CFR Sections 20.18(l)(1)(ii) and 20.18(l)(2)(ii). Licensees that donate non-initialized handsets for purposes of providing access to 911 services and manufacturers of "911-only" handsets are required to affix to each handset a label which is designed to withstand the length of service expected, and which notifies the user that its handset can only be used to dial 911, that a 911 operator will not be able to call the user back, and that the user should convey the exact location of the emergency as soon as possible.

47 CFR Sections 20.18(l)(1)(iii) and 20.18(l)(2)(iii). Licensees that donate non-initialized handsets for purposes of providing access to 911 services and manufacturers of "911-only" handsets donating non-initialized phones must institute education programs to inform users of the limitation of non-initialized handsets. An education program must include a notice, giving a detailed explanation of such limitations, including distinctions between service initialized handsets and non-initialized handsets. Wireless carriers are given the flexibility to design and execute the education program which best responds to the individual needs of the carrier's service area.

Federal Communications Commission.

Secretary.
