2. Plan for Achieving Self-Support (PASS)—20 CFR 416.110(e), 416.1180-1182, 416.1225-1227-0960-0559

The Supplemental Security Income (SSI) program encourages disability payment recipients to return to work. One of the program objectives is to provide incentives and opportunities that help recipients do this. The PASS provision allows individuals to use available income or resources (such as business equipment, education, or specialized training) to enter or re-enter the workforce and become self-supporting. In turn, SSA does not count the income or resources recipients use to fund a PASS when determining an individual's SSI eligibility or payment amount. An SSI recipient, who wants to use available income and resources to obtain education or training to become self-supporting, completes the SSA-545. SSA uses the information from the SSA-545 to evaluate the recipient's

PASS, and to determine eligibility under the provisions of the SSI program. The respondents are SSI recipients who are blind or disabled and want to develop a plan to work.

Note: This is a correction notice. SSA published this information collection as an extension on June 15, 2011 at 76 FR 35067. Since we are revising the Privacy Act Statement, this is now a revision of an OMB-approved information collection.

Type of Request: Revision of an OMB-approved information collection.

Number of Respondents: 7,000.

Frequency of Response: 1.

Average Burden Per Response: 2 hours.

Estimated Annual Burden: 14,000 hours.

3. Authorization To Disclose Information to SSA—20 CFR 404.1512 and 416.912, 45 CFR 160 and 164-0960-0623

SSA must obtain sufficient evidence to make eligibility determinations for

Title II and Title XVI payments.

Therefore, the applicant must authorize the release of information from various sources to SSA. The applicant uses the SSA-827 to provide consent for the release of medical records, education records, and other information related to his or her ability to perform tasks. Once the applicant completes the SSA-827, SSA or the State Disability Determination Service sends the form to the designated source(s) to obtain pertinent records. The respondents are applicants for Title II benefits and Title XVI payments.

Type of Request: Revision of an OMB-approved information collection.

Note: This is a correction notice: SSA published incorrect burden information for this collection at 76 FR 23640, on April 27, 2011. We are correcting the error here.

FOR FURTHER INFORMATION CONTACT: You may obtain copies of the proposed information collection and supporting documents from Edward M. Worthan, 2100 Pennsylvania Ave., NW., SA–29, Room 3004, Washington, DC 20037, who may be reached on 202–663–1073 or at WorthanEM@state.gov.

SUPPLEMENTARY INFORMATION: We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary to properly perform our functions.
- Evaluate the accuracy of our estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the reporting burden on those who are to respond.

Abstract of proposed collection:

The Intelligence Reform and Terrorism Prevention Act requires the Secretary of Homeland Security, in discussion with the Secretary of State, to develop and implement a plan to require U.S. Citizens and U.S. Nationals to present a passport and/or other sufficient documentation of identity and citizenship when entering the United States.

The plan to require U.S. Citizens and U.S. Nationals to present a passport has

required the Office of Passport Services to obtain regular statistical data on issues that focus on, and are related to, travel and passport applications. This data will be used to monitor, assess, and forecast U.S. passport demand on a continuous basis. In support of these efforts, the Office of Passport Services will conduct monthly and incremental forecasts of national passport demand. This data will provide the ability for the Office of Passport Services to refine volume and timing estimates about passport demand, and will also provide the ability to gauge public reaction to economic and socio-demographic changes.

Methodology:

The Office of Passport Services will conduct monthly Passport Demand Forecasting Studies using multiple methodologies. Methodologies can include mail, Web/Internet, telephone, and mixed mode surveys to ensure that the Office of Passport Services reaches the appropriate audience and leverages the best research method to obtain valid responses. The survey data will cover an estimated 48,000 respondents annually and will include variables covering passport, travel, and socio-demographic variables of interest to the Office of Passport Services.

Dated: August 22, 2011.

Florence G. Fultz,

Deputy Assistant Secretary (Acting) Passport Services, Bureau of Consular Affairs, Department of State.
