SUPPLEMENTARY INFORMATION:

Background

Under the regulations in “Subpart L—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–12, referred to below as the regulations), the Animal and Plant Health Inspection Service (APHIS) prohibits or restricts the importation of fruits and vegetables into the United States from certain parts of the world to prevent plant pests from being introduced into or disseminated within the United States.

Section 319.56–4 contains a performance-based process for approving the importation of fruits and vegetables that, based on the findings of a pest risk analysis, can be safely imported subject to one or more of the five designated phytosanitary measures listed in paragraph (b) of that section.

APHIS received a request from the national plant protection organization of Nigeria to allow importation of fresh Ugu leaves (*Telfairia occidentalis* Hook.f) from Nigeria into the continental United States. As part of our evaluation of Nigeria’s request, we have prepared a pest risk assessment (PRA) to identify the pests of quarantine significance that could follow the pathway of the importation of fresh Ugu leaves from Nigeria into the continental United States. Based on the PRA, a risk management document (RMD) was prepared to identify phytosanitary measures that could be applied to the fresh Ugu leaves to mitigate the pest risk.

Therefore, in accordance with § 319.56–4(c), we are announcing the availability of our PRA and RMD for public review and comment. Those documents, as well as a description of the economic considerations associated with the importation of fresh Ugu leaves (*Telfairia occidentalis* Hook.f) from Nigeria, may be viewed on the [Regulations.gov](https://www.regulations.gov) website or in our reading room (see **ADDRESSES** above for a link to [Regulations.gov](https://www.regulations.gov) and information on the location and hours of the reading room). You may request paper copies of the PRA and RMD by calling or writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. Please refer to the subject of the analysis you wish to review when requesting copies.

After reviewing any comments we receive, we will announce our decision regarding the import status of fresh Ugu leaves from Nigeria in a subsequent notice. If the overall conclusions of our analysis and the Administrator’s determination of risk remain unchanged following our consideration of the comments, then we will authorize the importation of fresh Ugu leaves from Nigeria into the continental United States subject to the requirements specified in the RMD.

Authority: 7 U.S.C. 1633, 7701–7772, and 7781–7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 23rd day of August 2023.

Michael Watson,

Acting Administrator, Animal and Plant Health Inspection Service.
