End of Certification

The following products and services are proposed for addition to Procurement List for production by the nonprofit agencies listed:

Products

Product/NSN: Mass Casualty First Aid Kit, USAF; 6545-01-525-9821—Mass Casualty Bag; 6545-01-525-9847—Trauma Module; 6545-01-525-9849—Minor Module; 6545-01-526-0062—Splint Module; 6545-01-526-0065—CPR Module; 6545-01-526-0423—Mass Casualty First Aid Kit.

NPA: Chautauqua County Chapter, NYSARC, Jamestown, New York.

Contracting Activity: U.S. Air Force—AFMLO/USAF, Frederick, Maryland.

Contracting Activity: Defense Supply Center Philadelphia, Philadelphia, Pennsylvania.

Services

Service Type/Location: Custodial Services; Charles E. Bennett Federal Building; 400 W. Bay Street, Jacksonville, Florida.

NPA: CCAR Services, Inc., Green Cove Springs, Florida.

Contracting Activity: GSA, Property Management Center (4PMB), Atlanta, Georgia.

Service Type/Location: Facilities Maintenance; Buckley Annex and Building 667, Buckley AFB, Colorado.

NPA: Professional Contract Services, Inc., Austin, Texas.

Contracting Activity: 460th Air Base Wing, Buckley AFB, Colorado.

Service Type/Location: Water Blasting; Various U.S. Military Locations on Guam.

NPA: Able Industries of the Pacific, Tamuning, Guam.

Contracting Activity: Officer in Charge of Construction—FSSC, FPO AP, Guam.

Sheryl D. Kennerly,

Director, Information Management.

BILLING CODE 6353-01-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the

provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Information and

Communication Technology Survey.

Form Number(s): ICT-1(S), ICT-1(M), ICT-1(Long).

Agency Approval Number: 0607-0909.

Type of Request: Revision of a currently approved collection.

Burden: 79,903 hours.

Number of Respondents: 46,000.

Average Hours Per Response: ICT-1(S)—1 hour and 4 minutes, ICT-1(M)—2 hours and 8 minutes, ICT-1(Long)—21 hours.

Needs and Uses: A concern for economic policymakers is the lack of available data related to e-business infrastructure investment. Such data is critical for evaluating productivity growth, changes in industrial capacity, measures of economic performance, and current economic developments. Rapid changes and advances in Information and Communication Technology (ICT) equipment have resulted in these assets having short useful lives and a tendency to be replaced much quicker than other types of equipment. Companies are expensing the full cost of such assets during the current annual period rather than capitalizing the value of such assets and expensing the cost over two or more years. In some cases this is due to the short useful life of the asset, and in other cases this is because companies have varying dollar levels for capitalization.

The Annual Capital Expenditures Survey (ACES) (OMB Project 0607-0782) currently collects annual data on business capital expenditures and detailed types of structures and equipment data every five years. This infrequent collection of types of structures and equipment detail and the fact that the ACES does not include non-capitalized expenditures for e-business infrastructure investment creates serious data gaps.

As a result, the Information and Communication Technology Survey (ICTS) was developed as a supplement to the ACES. For the ICTS, we use the ACES sampling, follow-up and estimation methodologies including mailing to the same employer companies as the ACES. This data collection supplements the current source of comprehensive statistics on business investment in equipment and software for private nonfarm businesses in the United States. The ICTS is an important part of the Federal Government statistical program to improve and supplement ongoing statistical programs.

This request is for a revision of a currently approved collection and covers the 2004 through 2006 Information and Communication Technology Survey. Major revisions from the previous ICTS are the collection of capital expenditures data for the four types of ICT equipment and software cited below, and the incorporation of the 2002 North American Industry Classification System (NAICS) into the ICTS. Capital expenditures data will only be collected for computers and peripheral equipment; ICT equipment, excluding computers and peripherals; electromedical and electrotherapeutic apparatus; and, computer software, including payroll associated with software development. These capitalized data will be collected annually on the ICTS, except when collected in the ACES once every five years. Beginning with the 2004 ICTS, we will publish data based on the 2002 NAICS. We will collect and publish data for approximately 136 industries. This is an increase of four industries from the 1997 NAICS.

The plan for the continued survey is to collect industry-level capital expenditures and non-capitalized expenses (purchases, and operating leases and rental payments) for the four types of ICT equipment and software mentioned above. This collection is intended to represent total business spending for ICT equipment by all employer firms and provide comprehensive control estimates for each type of equipment and software by industry. Companies that operate in only one industry receive an ICT-1(S) form. These companies are not asked to report ICT expenditures by industry which eliminates the need for respondent industry coding. Companies that operate in more than one but less than nine industries receive an ICT-1(M) form. And, companies that operate in nine or more industries receive an ICT-1(L) form.

Affected Public: Business or other for-profit, Not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 182, 224, and 225.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202-395-7245) or e-mail (susan_schechter@omb.eop.gov).

Dated: December 13, 2004.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Annual Capital Expenditures Survey.

Form Number(s): ACE-1 (S), ACE-1 (M), ACE-1 (Long), ACE-1 (I), ACE-2, ACE-2 (I).

Agency Approval Number: 0607-0782.

Type of Request: Revision of a currently approved collection.

Burden: 132,900 hours.

Number of Respondents: 61,000.

Avg Hours per Response: ACE-1 (S)—2 hours, ACE-1 (M)—3 hours, ACE-1 (Long)—16 hours, ACE-2—1 hour.

Needs and Uses: A major concern of economic policymakers is the adequacy of investment in plant and equipment. Data on the amount of business expenditures for new plant and equipment and measures of the stock of existing facilities are critical to evaluate productivity growth, the ability of U.S. business to compete with foreign business, changes in industrial capacity, and measures of overall economic performance. The ACES is the current source of comprehensive statistics on business investment in buildings and other structures, machinery, and equipment for private nonfarm businesses in the United States. The ACES is an integral part of the Federal Government statistical program to improve and supplement ongoing statistical programs. Federal Government agencies, including the Census Bureau, use the data to improve and supplement ongoing statistical programs.

This request is for a revision of a currently approved collection and covers the 2004 through 2006 ACES.

Major revisions from the previously approved collection are the elimination of the collection of detailed capital expenditures by type of structure and type of equipment, and the incorporation of the 2002 North American Industry Classification System (NAICS) into the ACES. Detailed capital expenditures by type of structure and type of equipment data were collected in the 2003 ACES. These data, collected together once every five years, will not be requested again until the 2008 ACES. Beginning with the 2004 ACES we will publish data by the 2002 NAICS. We will collect and publish data for approximately 136 industries. This is an increase of four industries from the 1997 NAICS.

The plan for the continued survey is a basic annual survey that collects fixed assets and depreciation, sales and receipts, total capital expenditures for new and used structures and equipment separately, and capitalized computer software developed or obtained for internal use, from employer enterprises. This collection is intended to represent the capital expenditure activity of all employer firms and provide comprehensive control estimates of total capital expenditures for structures and equipment by industry. Companies that operate in only one industry will receive an ACE-1 (S) form. These companies are not asked to report capital expenditures by industry which eliminates the need for respondent industry coding. Companies that operate in more than one but less than nine industries will receive an ACE-1 (M) form. And, companies that operate in nine or more industries will receive an ACE-1 (L) form.

All ACE-1 forms request sales and receipts information to calculate industry investment to sales ratios and to assist in verifying that consolidated company data are being reported. Assets and depreciation information collected assists in measuring changes in the Nation's capital stock estimates. As part of the basic survey, we also collect data annually from a small sample of nonemployer enterprises. Using Form ACE-2, the survey will request that nonemployer companies report current year capital expenditures data. This collection is intended to better represent total capital expenditures activity of all firms.

Affected Public: Business or other for-profit, Not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 182, 224, and 225.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202) 395-7245 or e-mail (susan_schechter@omb.eop.gov).

Dated: December 13, 2004.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.

Brake Rotors from the People's Republic of China: Notice of Initiation of Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce has received information sufficient to warrant initiation of a changed circumstances review of the antidumping order on brake rotors from the People's Republic of China ("PRC"). The review will be conducted to determine whether Shandong Huanri Group Co., Ltd. ("Huanri Group") is the successor-in-interest to Shandong Huanri Group General Company ("Huanri Group General").

EFFECTIVE DATE: December 17, 2004.

FOR FURTHER INFORMATION CONTACT: Amber Musser, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1777.

SUPPLEMENTARY INFORMATION:

Background

On April 17, 1997, the Department published in the **Federal Register** the antidumping duty order on brake rotors from the PRC (62 FR 18740). On October 28, 2004, Huanri Group submitted information and documentation in support of its claim that it is the successor-in-interest to Huanri Group
