Needs and Uses: This request is for a revision of a currently approved information collection.

The Marine Mammal Protection Act of 1972 (MMPA; 16 U.S.C. 1361 *et seq.*) prohibits the "take" of marine mammals unless otherwise authorized or exempted by law. Among the provisions that allow for lawful take of marine mammals, sections 101(a)(5)(A) and (D) of the MMPA direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing), within a specified geographical region if, after notice and opportunity for public comment, we find that the taking will have a negligible impact on the affected species or stock(s) and will not have an immitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant). NMFS also must set forth the permissible methods of taking; other means of effecting the least practicable adverse impact on the species or stock and its habitat (mitigation); and requirements pertaining to the monitoring and reporting of such taking. NMFS Office of Protected Resources leads the process for the agency.

Issuance of an incidental take authorization (Authorization) under section 101(a)(5)(A) or 101(a)(5)(D) of the MMPA requires three sets of information collection: (1) A complete application for an Authorization, as set forth in our implementing regulations at
