

DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Environmental Impact Statement: Kenosha, Racine, Milwaukee, Waukesha, Washington, Dodge, Fond Du Lac, Winnebago, Outagamie and Brown Counties, Wisconsin**

AGENCY: Federal Highway Administration (FHWA), Department of Transportation.

ACTION: Revised Notice of Intent.

SUMMARY: The FHWA is issuing this revised notice to advise the public that FHWA and Wisconsin Department of Transportation (WisDOT) will not prepare a Tier 1 Environmental Impact Statement (EIS) for the proposed Interstate conversion of U.S. Highway 41 in Milwaukee, Waukesha, Washington, Dodge, Fond du Lac, Winnebago, Outagamie, and Brown Counties, Wisconsin. A Notice of Intent to prepare an EIS was published in the **Federal Register** on July 26, 2011.

FOR FURTHER INFORMATION CONTACT: Tracey Blankenship, Major Projects Program Manager, Federal Highway Administration, 525 Junction Road, Suite 8000, Madison, WI 53717; Telephone: (608) 829-7500. You may also contact Tammy Rabe, Wisconsin Department of Transportation, 944 Vanderperren Way, Green Bay, WI 54324; Telephone: 920-492-5661.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with WisDOT, will not prepare an EIS as previously intended on a proposal to convert U.S. Highway 41 to an Interstate in Milwaukee, Waukesha, Washington, Dodge, Fond du Lac, Winnebago, Outagamie, and Brown Counties, Wisconsin. Under Sections 1304(b) and (c) of the Safe, Accountable, Flexible, Efficient, Transportation Equity Act—A Legacy for Users (SAFETEA-LU) the 142-mile U.S. Highway 41 corridor between Milwaukee and Green Bay was designated as a High Priority Corridor on the National Highway System and as a future part of the Interstate System.

FHWA and WisDOT selected a tiered EIS as the project's document type because of uncertainty about the project's level of controversy and potentially significant impacts caused by the Interstate's more restrictive oversize and overweight regulations, more restrictive off-property outdoor advertising regulations, the change in route number, and potential future improvements required to bring U.S. Highway 41 to Interstate standards. Input received from participating agencies, cooperating agencies, the

public, the business community, trucking industry and outdoor advertising industry, throughout the project as well as at 6 public information meetings held in May 2012, has shown support for the project and a lack of controversy. Impacts of installing Interstate signs and future improvements related to the Interstate conversion were analyzed to determine impacts on socioeconomic and natural resources as well as the trucking and outdoor advertising industries. As a result of this analysis, FHWA and WisDOT determined that Interstate conversion meets the definition of a categorical exclusion as described in 23 CFR 771.117 and 40 CFR 1508.4, and based on past experience with similar actions, does not have significant environmental impacts. FHWA and WisDOT will complete an Environmental Report to document environmental analyses, impacts of the proposed project, and the detailed basis for the determination that the project meets the definition of a categorical exclusion. At a February 2013 meeting, Participating and Cooperating Agencies, including USEPA, Wisconsin DNR, and USACE, concurred with FHWA's and WisDOT's proposal. FHWA and WisDOT will continue agency coordination and public involvement activities with the change in document type.

DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Environmental Impact Statements; National Summary of Rescinded Notices of Intent**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

SUMMARY: The FHWA is issuing this notice to advise the public that five States have rescinded Notices of Intent (NOIs) to prepare nine Environmental Impact Statements (EIS) for proposed highway projects. The FHWA Division Offices, in consultation with the State departments of transportation (State DOT), determined that three projects were no longer viable and have formally cancelled the projects. No further Federal resources will be expended on these projects; the environmental review process has been terminated. Four projects are being reassessed and may be reconsidered in whole or in part, by the State DOT at a later time. One project is being rescoped and may not require an EIS. Finally, one project was rescinded without a specific reason for its rescission.

FOR FURTHER INFORMATION CONTACT: Bill Ostrum, Office of Project Development and Environmental Review, (202) 366-4651; Janet Myers, Office of the Chief Counsel, (202) 366-2019; Federal Highway Administration, 1200 New Jersey Avenue SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:**Electronic Access**

An electronic copy of this document may be downloaded by accessing the **Federal Register's** home page at: <http://www.archives.gov> and the Government Printing Office's Web page at <http://www.gpoaccess.gov/nara>.

Background

The FHWA, as lead Federal agency under the National Environmental Policy Act (NEPA) and in furtherance of its oversight and stewardship responsibilities under the Federal-aid highway program, periodically requests that its Division Offices review, with the State DOTs, the status of all EISs and place those projects that are not actively progressing in a timely manner in an inactive project status. The FHWA maintains lists of active and inactive EIS projects on its Web site at <http://www.environment.fhwa.dot.gov/>. The FHWA has determined that inactive projects that are no longer a priority or that lack financial resources should be

rescinded with a **Federal Register** notice notifying the public that project activity has been terminated. This notice covers the time period since the last summary was issued on June 3, 2012, and published in the **Federal Register** at 77 FR 40406 (July 9, 2012). As always, FHWA encourages State DOTs to work with their FHWA Division Office to determine when it is most prudent to initiate an EIS in order to best balance available resources as well as the expectations of the public.

The FHWA is issuing this notice to advise the public that five States (Arizona, California, Mississippi, Nevada, and Texas) have recently rescinded previously issued NOIs for nine EISs for proposed highway projects. A listing of these projects,

general location, original NOI date of publication in the **Federal Register**, and the date that the NOI was formally rescinded by notice published in the **Federal Register**, is provided below.

The FHWA Division Offices, in consultation with the State DOTs, determined that three projects were no longer viable and have formally cancelled the projects. The projects are: Vernalis Expressway along State Route 132 in San Joaquin and Stanislaus counties California; the connector road between I-10 and the intersection of SR43 and SR 603 outside Kiln, Mississippi; and Loop 9 from US 387 to IH 20 in Dallas and Ellis Counties, Texas.

Four projects are being reassessed and may be reconsidered, in whole or in part, by the State DOT at a later time.

These projects include: I-10 Corridor Improvement Study in Maricopa County, Arizona; Sheep Mountain Parkway Transportation Project in Clark County, Nevada; Loop 1604 from I-35 to US 90 in Bexar County, Texas; and the SEIS for US 290/State Highway 71 West improvements through Oak Hill in Travis County, Texas.

One Project will be rescoped and may not require an EIS. This project is: Interstate 515 improvements from Las Vegas to Henderson in Clark County, Nevada.

Finally, one project was rescinded without a specific reason for its rescission. This project is: SR 75/282 Transportation Corridor Project in the city of Coronado, San Diego County, California.

State	Project name	Original NOI date	Rescinded NOI date
AZ	I-10 Corridor Improvement Study	2/4/2002	12/17/2012
CA	Vernalis Expressway	6/3/2002	10/2/2012
CA	State Route 75/282 Transportation Corridor Project	1/17/2007	11/7/2012
MS	Connector Road between I-10 and intersection of State Routes 43 and 603	8/26/2011	4/3/2013
NV	I-515 improvements	8/13/2004	6/20/2012
NV	Sheep Mountain Parkway Multimodal Transportation Project	11/6/2007	8/28/2012
TX	US 290/State Highway 71 West Improvements	8/15/2008	7/9/2012
TX	Loop 9 from US 287 to IH 20	8/2/2002	3/20/2013
TX	Loop 1604 from I-35 to US 90	7/31/2009	5/7/2013

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

Notice of Fiscal Year (FY) 2014 Safety Grants and Solicitation for Applications

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice; announcement of grant opportunities and application due dates.

SUMMARY: FMCSA announces the availability of FY 2014 safety grant opportunities and application due dates. Available grants include: the Motor Carrier Safety Assistance Program (MCSAP) Basic and Incentive grants; MCSAP New Entrant Safety Audit

grants; MCSAP High Priority grants; Border Enforcement Grants (BEG); Commercial Driver's License Program Implementation (CDLPI) grants; Commercial Vehicle Information Systems and Networks (CVISN) grants; Safety Data Improvement Program (SaDIP) grants; Performance and Registration Information Systems Management (PRISM) grants; and Commercial Motor Vehicle (CMV) Operator Safety Training grants. These grant opportunities are authorized by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), as amended by the Moving Ahead for Progress in the 21st Century Act (MAP-21).

DATES: Application deadlines are as follows: MCSAP Basic and Incentive grants—August 1, 2013; Border Enforcement grants—August 12, 2013; MCSAP New Entrant Safety Audit grants—August 26, 2013; MCSAP High Priority grants—September 9, 2013; CDLPI grants—January 13, 2014; CVISN grants—January 13, 2014; SaDIP grants—January 21, 2014; PRISM grants—January 27, 2014; CMV Operator Safety Training grants—February 3, 2014. Final dates will be published on the Federal Web site for discretionary

grants, *Grants.gov*. If additional funding is available, the Agency may consider applications and plans submitted after the final due dates on a case-by-case basis.

FOR FURTHER INFORMATION CONTACT: The FMCSA Grant Management Help Desk at *FMCSA_GrantMgmtHelpdesk@dot.gov* by telephone at (202) 366-2967, or by mail at FMCSA, 1200 New Jersey Avenue SE., Washington, DC 20590. Office hours are from 9 a.m. to 5 p.m., ET, Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background and Purpose

For each grant program, FMCSA will post a Notice of Funding Availability (NOFA) at *Grants.gov*. The NOFA will provide specific information on: the application process; national program priorities for FY 2014; evaluation criteria; required documents and certifications; grantee matching share; maintenance-of-expenditure requirements, if applicable; and additional information related to the availability of funds. The Agency also provides information on FMCSA grants and application procedures on its Web site at <http://www.fmcsa.dot.gov/about/>
