Foreign–Trade Zones Board

[Docket 25–2008]

Foreign–Trade Zone 76 Bridgeport, CT, Request for Manufacturing Authority, Derecktor Shipyards Conn, LLC (Cruise Ships, Ferries, and Yachts)

An application has been submitted to the Foreign–Trade Zones Board (the Board) by the Bridgeport Port Authority, grantee of FTZ 76, pursuant to Section 400.28(a)(2) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of Derecktor Shipyards Conn, LLC (DSC), to construct and repair passenger vessels under FTZ procedures within FTZ 76. It was formally filed on April 23, 2008.

The DSC shipyard (250 employees, 23 acres, capacity: up to 3 vessels/year) is located at 837 Seaview Avenue within the Bridgeport Regional Maritime Complex (FTZ Site 4 - Parcel B). Under FTZ procedures, DSC would construct and repair cruise ships, excursion boats, ferries, luxury motor and sail yachts, and motorboats (HTSUS 8901.10,

8903.91, 8903.92) for domestic and international customers. Foreign components that would be used at the shipyard (up to 40% of finished vessel value) include: propellers and shafts, steering systems, lighting equipment, anchors, rigging equipment, mooring lines (will be admitted in domestic (duty paid) status), cleats, ovens and ranges, interior fittings and furnishings, decorative film/applications, masts and spars, seats, elastomeric polyurethanes, insulation, cranes, winches, pulleys, swim platforms, stairs, bilge pumps, aluminum tiles/planks/extrusions/sheets, engines, propulsion systems, stern drives, flange couplings, clutches, shafts, anti-fouling systems, marine doors and windows, command levers, hull isolation mounts, cutlery, bed linens (will be admitted in domestic (duty-paid) status), and valves (thermostatic, hydraulic) (duty rate range: free 6.5%, 2.2¢/kg+5%). The request indicates that DSC will not admit any foreign-origin steel mill products to the zone for use in FTZ manufacturing activity.

FTZ procedures would exempt DSC from customs duty payments on the foreign components (except steel mill products) used in export activity. On its domestic sales, the company could be able to choose the duty rate that applies to finished oceangoing vessels (duty free, 1.5%) for the foreign-origin components noted above. Duties could possibly be deferred or reduced on foreign status production equipment admitted by DSC to the zone. The manufacturing and repair activity conducted under FTZ procedures would be subject to the “standard shipyard restriction” applicable to foreign-origin steel mill products (e.g., angles, pipe, plate), which requires that all applicable customs duties be paid on such items. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230–0002. The closing period for receipt of comments is July 1, 2008. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the

subsequent 15-day period to July 16, 2008.

A copy of the application will be available for public inspection at the Office of the Foreign–Trade Zones Board's Executive Secretary at the address listed above. For further information, contact Pierre Duy at: pierre_duy@ita.doc.gov, or (202) 482–1378.

Dated: April 24, 2008.

Certain Lined Paper Products from India: Extension of Time Limits for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Cindy Robinson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230; telephone: (202) 482–3797.

SUPPLEMENTARY INFORMATION:

Background

On October 31, 2007, the U.S. Department of Commerce (“Department”) published a notice of initiation of the administrative review of the antidumping duty order on certain lined paper products from India, covering the period April 17, 2006 to August 31, 2007. *See Initiation of Antidumping and Countervailing Duty Administrative*, 72 FR 61621 (October 31, 2007). The preliminary results of this review are currently due no later than June 1, 2008.

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), requires that the Department make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the

245-day period to issue its preliminary results to up to 365 days.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons. One respondent has complex affiliation issues which require the Department to gather and analyze a significant amount of information associated with affiliation and the companies' sales practices and manufacturing costs. In addition, domestic interested parties have raised other issues which require the collection of additional information. Given the number and complexity of issues in this case and the Department's resource constraints, and in accordance with section 751(a)(3)(A) of the Act, we are fully extending the time period for issuing the preliminary results of review. Therefore, the preliminary results are now due no later than September 29, 2008. The final results continue to be due 120 days after publication of the preliminary results.

This notice is published pursuant to sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: April 24, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Corrosion-Resistant Carbon Steel Flat Products from the Republic of Korea: Extension of Time Limits for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Cindy Robinson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230; telephone: (202) 482-3797.

SUPPLEMENTARY INFORMATION:

Background

On September 25, 2007, the U.S. Department of Commerce ("Department") published a notice of initiation of the administrative review of the antidumping duty order on corrosion-resistant carbon steel flat

products from the Republic of Korea, covering the period August 1, 2006 to July 31, 2007. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 72 FR 54428 (September 25, 2007). The preliminary results of this review are currently due no later than May 2, 2008.

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires that the Department make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day period to issue its preliminary results to up to 365 days.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons. This review covers four companies and one of the companies has requested revocation of the antidumping duty order in part, which requires the Department to gather and analyze a significant amount of information pertaining to the company's sales practices, manufacturing costs and corporate relationships. For the company which has requested partial revocation, the Department needs to conduct further analyses on, among other issues, commercial quantity and whether the evidence supports its claim of absence of dumping. Given the number and complexity of issues in this case, and in accordance with section 751(a)(3)(A) of the Act, we are fully extending the time period for issuing the preliminary results of review. Therefore, the preliminary results are now due no later than September 2, 2008, the next business day after 365 days after the last day of the anniversary month of the order. The final results continue to be due 120 days after publication of the preliminary results.

This notice is published pursuant to sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: April 24, 2008.

Deputy Assistant Secretary for Import Administration.
