SUPPLEMENTARY INFORMATION: On August 7, 2008, the U.S. Office of Personnel Management (OPM) issued a final rule (73 FR 45853) to update the 2002 North American Industry Classification System (NAICS) codes used in Federal Wage System (FWS) wage survey industry regulations with the 2007 NAICS revisions published by the Office of Management and Budget (OMB).

OPM's current regulations use 2007 NAICS codes. OMB has now published the NAICS revisions for 2012, which result in certain changes in industry coverage for FWS wage surveys.

The following sections of title 5, Code of Federal Regulations, list the industries included in the FWS wage surveys by 2007 NAICS codes:

Section 532.213—Industries included in regular appropriated fund wage surveys.

Section 532.221—Industries included in regular nonappropriated fund surveys.

Section 532.267—Special wage schedules for aircraft, electronic, and optical instrument overhaul and repair positions in Puerto Rico.

Section 532.285—Special wage schedules for supervisors of negotiated rate Bureau of Reclamation employees.

Section 532.313—Private sector industries.

OPM has reviewed these regulations in light of OMB's NAICS revisions for 2012 and is proposing the following changes:

- Delete NAICS codes 44311 (Appliance, television, and other electronic stores), 7221 (Full-service restaurants), and 7222 (Limited-service eating places) from the list of required NAICS codes in 5 CFR 532.221 and add NAICS codes 443 (Electronics and appliance stores) and 7225 (Restaurants and other eating places);

- Add NAICS code 333316 (Photographic and photocopying equipment manufacturing) to the list of required NAICS codes in 5 CFR 532.267 and three of the specialized industries (Electronics, Guided missiles, and Sighting and fire control equipment) in 5 CFR 532.313;

- Delete NAICS codes 332212 (Hand and edge tool manufacturing), 332995 (Other ordnance and accessories manufacturing), 336312 (Gasoline engine and engine parts manufacturing), 336322 (Other motor vehicle electrical and electronic equipment manufacturing), and 336399 (All other motor vehicle parts manufacturing) from the list of required NAICS codes in the Artillery and combat vehicle specialized industry in 5 CFR 532.313 and add NAICS codes 332216 (Saw blade and hand tool manufacturing), 332994 (Small arms, ordnance, and ordnance accessories manufacturing), 33631 (Motor vehicle gasoline engine and

engine parts manufacturing), 33632 (Motor vehicle electrical and electronic equipment manufacturing), and 33639 (Other motor vehicle parts manufacturing);

- Delete NAICS codes 334414 (Electronic capacitor manufacturing) and 334415 (Electronic resistor manufacturing) from the list of required NAICS codes in the Electronics specialized industry in 5 CFR 532.313;

- Revise the title of NAICS code 334613 (Magnetic and optical recording media manufacturing) to read “Blank magnetic and optical recording media manufacturing” in the list of required NAICS codes in 5 CFR 532.267 and to three of the specialized industries (Electronics, Guided missiles, and Sighting and fire control equipment) in 5 CFR 532.313; and

- Revise the title of NAICS code 4921 (Couriers) to read “Couriers and express delivery services” in the list of required NAICS codes in 5 CFR 532.267 and in the Aircraft specialized industry in 5 CFR 532.313.

None of the other sections are affected by 2012 changes in NAICS codes. OPM is also proposing to replace the year “2007” with “2012” in the table titles of all applicable sections.

The Federal Prevailing Rate Advisory Committee, the national labor-management committee responsible for advising OPM on matters concerning the pay of FWS employees, recommended by consensus that we adopt these changes.

I certify that these regulations would not have a significant economic impact on a substantial number of small entities because they would affect only Federal agencies and employees.

RIN 1904-AB57

Request for Information on Evaluating New Products for the Battery Chargers and External Power Supply Rulemaking

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Request for information (RFI) for proposed rulemaking.

SUMMARY: The U.S. Department of Energy (DOE) requests information to help inform its current rulemaking in which it has proposed to set energy conservation standards for classes of battery chargers and external power supplies. Specifically, DOE seeks information on battery chargers that manufacturers have certified as

compliant with the California Energy Commission (CEC) standards that became effective on February 1, 2013. DOE is actively reviewing battery chargers that have been certified as compliant with the CEC standards to determine if the analysis DOE prepared in support of the notice of proposed rulemaking for Battery Chargers and External Power Supplies published on March 27, 2012, needs revision in light of the availability of these products. Based on testing data and information received from stakeholders, DOE may propose alternative energy conservation standard levels for battery chargers if it is determined that new energy conservation standards for battery chargers are technologically feasible and economically justified. If DOE determined that different standards could satisfy these criteria, DOE would issue a supplemental notice of proposed rulemaking in order to discuss any new findings, propose alternative energy conservation standard levels, and request stakeholder feedback. At this time, DOE welcomes written comments from the public on the issues brought up in this Request for Information or on any other topic within the scope of this rulemaking.

DATES: Written comments and information are requested on or before May 28, 2013.

ADDRESSES: Interested persons are encouraged to submit comments using the Federal eRulemaking Portal at <http://www.regulations.gov>. Follow the instructions for submitting comments.
